## ABSTRACT

The directory provides an annotated listing of 208 projects funded under the Office of Special Education and Rehabilitation Secondary and Transition Initiative since 1984. Data were obtained from a 1989 questionnaire of project characteristics as well as from original project grants and previous years' profiles. The introduction describes the Transition Initiative and the role of the Transition Institute at the University of Illinois. Most of the document consists of the project profile section which provides a summary of each individual competition, a summary of the projects funded under the competition, both current and expired, and individual project profiles for current and expired projects. The 12 competition profiles provide a summary of the purpose, authority, eligible recipients, funds available, number of grants awarded, and duration of awards for each competition, and precede the individual project profiles. These profiles include project demographic information, purpose, current focus, primary grantee, cooperating agencies, project participants, project evaluation, and products. Profiles of expired projects include information on the original project purpose, the project's continuation activities, and products available from the project. Indexes by handicapping condition, location, and key personnel are provided. The appendixes include the Project Characteristics Questionnaires and the Master Mailing List for Project Directors. (DB)

The following principles guide our research related to the education and employment of youth and adults with specialized education, training, employment, and adjustment needs.

- Individuals have a basic right to be educated and to work in the environment that least restricts their right to learn and interact with other students and persons who are not handicapped.
  - Individuals with varied abilities, social backgrounds, aptitudes, and learning styles must have equal access and opportunity to engage in education and work, and life-long learning.
  - Educational experiences must be planned, delivered, and evaluated based upon the unique abilities, social backgrounds, and learning styles of the individual.
  - Agencies, organizations, and individuals from a broad array of disciplines and professional fields must effectively and systematically coordinate their efforts to meet individual education and employment needs.
  - Individuals grow and mature throughout their lives requiring varying levels and types of educational and employment support.
  - The capability of an individual to obtain and hold meaningful and productive employment is important to the individual's quality of life.
  - Parents, advocates, and friends form a vitally important social network that is an instrumental aspect of education, transition to employment, and continuing employment.
- 

The Secondary Transition Intervention Effectiveness Institute is funded through the Office of Special Education Programs, Office of Special Education and Rehabilitative Services, U.S. Department of Education (contract number 300-85-0160).

## ACKNOWLEDGMENTS

The Technical Assistance Program staff wishes to thank the project directors who devoted time and effort toward the completion of the questionnaires. Their contributions have made it possible to present a comprehensive view of the nationwide transition effort being conducted through OSERS-funded transition projects. In addition, I would like to thank the many staff members of the Transition Institute for their assistance in the preparation of this document.

## PREFACE

This document, produced by the Technical Assistance Program at the Transition Institute at Illinois, is a directory of grants funded under the OSERS Secondary and Transition Initiative. The information and descriptive data contained in this document were collected in part from the responses of OSERS-funded project characteristics questionnaires distributed in early 1989 to current and recently expired projects (see Appendixes A and B). Other project information was obtained from original grant applications and previous years' profiles. The information contained in the individual competition profiles was obtained directly from the grant announcement packets for each competition.

The 1989 Compendium follows the same format as the previous editions and includes five sections:

- \* The Introduction describes the Transition Initiative and the role of the Transition Institute at Illinois.
- \* The Overview contains selected summaries of the descriptive data collected from the current projects. Also included are overviews of the competitions and of the expired project information.
- \* The Project Profile Section provides a summary of each individual competition, a summary of the projects funded under the competition, both current and expired, and individual project profiles for current and expired projects. The 12 Competition Profiles within this section provide a summary of the purpose, authority, eligible recipients, funds available, number of grants awarded, and duration of awards for each competition, and precedes the individual profiles of current projects for each competition.

The Summary of Project Profiles is a summary of the data reported in the individual profiles of current projects for each competition. Each current project is described in the Individual Project Profiles. These profiles include project demographic information, purpose, current focus, primary grantee, cooperating agencies, project participants, project evaluation, and products.

The Summary of Expired Project Profiles follows and presents an overview of the purpose, focus of continuation activities, project components being continued, and project products reported by the expired projects in each competition. In this Compendium, an "expired" project is one whose federal funding has expired. The project activities such as dissemination and staff training, have not necessarily ended. The individual Expired Project Profiles follow each Summary and provide information on the original project purpose and, if reported, the focus of the expired project's continuation activities, the project components being continued (and by whom), and the products available from the project.

- \* The Index provides a guide to projects' key personnel, location and handicapping conditions served.
- \* The Appendixes include copies of the PCQ, EPCQ, and the Master Mailing List for Project Directors.

The Compendium is an annual publication of the Transition Institute at Illinois and is intended for specific use by project directors, OSERS project officers, and Transition Institute staff. Others involved in the transition effort may also find this document useful for obtaining an up-to-date view of the nationwide transition effort being supported by the U.S. Department of Education, Office of Special Education and Rehabilitative Services. Users of the Compendium are encouraged to communicate directly

with project contact persons listed on the profiles for obtaining information on specific projects. Users are also urged to submit comments and suggestions for improving the useability and effectiveness of future editions of the Compendium.

Points of view or opinions expressed in this document do not necessarily represent the U.S. Department of Education's position or policy; the contents are presented for information only, and no endorsement is intended.

## INTRODUCTION

The economic, educational, and employment problems encountered by youth and adults with handicapping conditions have been addressed in the past through a variety of federal and state programs. Assurances of nondiscrimination, mandated services, and equal access to services have earmarked federal legislation through the years. However, only recently has Congress elected to focus directly on the transition from school to work for these individuals. In the 1983 Amendments to the Education of the Handicapped Act of 1973, Section 626 of Public Law 98-199, entitled "Secondary Education and Transition Services for Handicapped Youth," was enacted for the purpose of stimulating a nationwide Transition Initiative. Under the leadership of Assistant Secretary Madeleine C. Will, the Transition Initiative became a national priority. The Initiative is funded by the authorization of \$6.6 million in grants and contracts to be spent annually by the Office of Special Education and Rehabilitative Services (OSERS).

With the major objectives of Section 626 being to improve and develop secondary special education programs and to strengthen and coordinate education, training, and related services to assist in the transition process, OSERS announced several grant programs in fiscal year 1984. In addition to Section 626, grant programs were also authorized under Section 641-642 of Public Law 98-199 and Section 311 (A) (1) of Public Law 93-112, and the Rehabilitation Act of 1973, as amended. Fiscal year 1984 marked the beginning of a federal effort to focus on the problems of youth with handicapping conditions exiting the secondary school and to provide appropriate transition services for youth and adults with handicapping conditions.

In order to assist in evaluating and extending the impact of the federal initiative, the Secondary Transition Intervention Effectiveness Institute at the University of Illinois at Urbana-Champaign was formed in August 1985. Through a five-year contract with OSERS, the Transition Institute at Illinois is studying the issues and problems related to secondary education and transitional services. One of the major activities within the Institute's Evaluation Technical Assistance Program is to collect, summarize, and disseminate information about the model programs funded under the Secondary Education and Transition Services Initiative. The dissemination of the descriptive data through the Compendium of Project Profiles is intended to facilitate efforts to assure the long-range impact of the Initiative upon both school- and community-based programs.

## OVERVIEW

The 1989 Compendium of Project Profiles describes the status of the 208 projects funded by the U.S. Department of Education, Office of Special Education and Rehabilitative Services as part of the Transition Initiative. Since 1984, 208 model demonstration projects have developed and implemented a wide range of service delivery models focused on facilitating the transition of youth and adults with handicapping conditions from education to work. The scope of these projects is illustrated on the following pages. Table 1 provides a general description of the 12 grant competitions that have been funded. Figure 1 presents the geographical distribution of the 94 projects current during the 1988-89 year. Figure 2 shows the geographical distribution of the 114 projects whose federal funding expired before this year. Illustrating the impact of project activities on transition as a national priority, Figure 3 presents the geographical distribution of all 208 projects.

Three more figures complete the quick description of the 208 projects funded to date, with the remainder of the section providing an overview of the current projects. Figure 4 describes the types of recipients of grant awards in all 12 competitions. Eligible recipients of these awards are specified for each competition. The most common grant recipients were two-year and four-year colleges and universities, followed by local education agencies, private not-for-profit agencies, and state agencies.

Table 1  
Summary of OSERC Model Demonstration Project Competitions in Transition  
(N = 208)

TYPE OF PROJECT	COMPETITION	FUNDED GRANTS (N)	INTENT OF PROJECT
Research in Education of the Handicapped: Handicapped Children's Model Demonstration Projects/Youth Employment Projects	84.023D	12 Expired	To demonstrate innovative approaches to transition using direct service delivery.
Research in Education of the Handicapped: Handicapped Children's Model Demonstration Projects/Postsecondary Projects	84.023C	15 Expired	To support new model demonstration projects that link transitioning individuals to community-based training programs and services.
Postsecondary Education Programs for Handicapped Persons: Demonstration Projects for Mildly Mentally Retarded and Learning Disabled	84.078B	15 Expired	To stimulate higher education (postsecondary, vocational, technical, continuing, or adult education) possibilities for persons with mild disabilities.
Postsecondary Education Programs for Handicapped Persons: Demonstration Projects	84.078C	58 (23 Expired)	To focus on special adaptations of postsecondary services.
Innovative Programs for Severely Handicapped Children: Transition Skills Development for Severely Handicapped (Including Deaf-Blind) Youth	84.086M	11	To design, implement, and disseminate practices which facilitate the transition of youth with severe handicaps to employment.
Special Projects and Demonstrations for Providing Vocational Rehabilitation Services to Severely Disabled Individuals	84.128A	5 Expired	To establish demonstration projects for providing comprehensive programs in vocational rehabilitation services for persons with severe disabilities.
Secondary Education and Transitional Services for Handicapped Youth - Service Demonstration Models	84.158A	16 Expired	To support projects that would develop and establish exemplary school-community models for specific vocational training and job placement.
Secondary Education and Transitional Services for Handicapped Youth	84.158B	11 Expired	To design cooperative models (SEA or LEA) that facilitate effective planning to meet employment needs of exiting students with disabilities.
Secondary Education and Transitional Services for Handicapped Youth: Models for Planning and Implementation of Transitional Services	84.158C	38 (16 Expired)	To support projects designed to plan and develop cooperative models for activities among SEA's or LEA's and adult service agencies.

Table 1 (Continued)

TYPE OF PROJECT	COMPETITION	FUNDED GRANTS (N)	INTENT OF PROJECT
Secondary Education and Transitional Services for Handicapped Youth: Models for Providing Disabled Main-Streamed Learning Disabled and Other Mildly Handicapped Students with Job Related Training	84.158L	10	To identify job-related training needed by secondary students with mild handicaps.
Training and Employment Models for Youth with Severe Handicaps	84.158N	10	To prepare and place youth with severe handicaps into supported employment prior to leaving school.
Secondary and Transition Services Follow-Up/Follow-Along Projects	84.158R	7	To encourage follow-up and follow-along studies to document the impact of transition services, and to revise program options based on analysis of outcome data.

SA State Agency  
PNFPA Private, not for Profit Agency

A major intent of the Transition Initiative has been the development of collaborative relationships among agencies. Figure 5 illustrates the types and number of agencies involved in cooperation with model demonstration projects.

Figure 6 illustrates the range of handicapping conditions for which the projects have provided services. Since the major focus of the 84.158R projects is not service provision, they are not represented in this figure. Of the youth and adults being served by the 201 projects in 11 competitions, almost half have a learning disability and approximately one-fourth have either a diagnosis of mental retardation or a developmental disability.

## Current Projects

During the 1988-89 school year there were active projects in six competitions: 84.078C, 84.086M, 84.158C, 84.158L, 84.158N, 84.158R. The most typical units served by these projects were metropolitan areas with a public transit system and regions within a state. The next two most common were statewide and countrywide units.

The 86 projects in the five competitions providing direct service reported 11,934 youth and adults in their target population. Table 2 shows that population as reported by handicapping condition.

Adding the target population of the follow-up, follow-along projects in the 84.158R competition, the total group is approximately 28,000 within the purview of current model projects.

In addition to targeting the youth and adults with handicapping conditions, most of the model demonstration projects are providing related services. Across the six current competitions, related services and training are being provided to 3,512 teachers, 3,237 parents, 1,888 agency staff, and 1,395 business and industry personnel. Table 3 provides an overview of these recipients of related training by competition.

Table 2

Youth/Adults Served in Current Competitions by Handicapping Conditions

Handicapping Condition	No. Served	Age Range
Autism	118	12-23
Behavioral disorders	225	14-24
Brain damage	18	15-51
Cerebral Palsy	110	12-51
Chronic mental illness	328	12-51

Dropout	197	12-35
Economically disadvantaged	506	12-35
Minority youth	236	12-35
Substance abuse	90	12-21
TOTAL	11,969	

Table 3

Number of Individuals Participating in Related Service Components by Current Competitions

Competition	Teachers	Business/Industry	Agency Staff	Parents	Project Staff
84.986M	164	75	233	366	48
84.158C	1,300	445	739	1,315	54
84.078C	1,350	402	575	420	146
84.158N	345	160	125	451	40
84.158L	193	280	84	525	45
84.158R	160	33	132	160	26
TOTAL	3,512	1,395	1,888	3,237	359

Both commercially available and locally developed instrumentation is necessary for many aspects of the projects. Tests, interviews, and scales are used in assessment, career development, and evaluation of the projects. About 70% of the projects reporting indicate use of commercially available instruments, while approximately 93% develop various measurement and recording tools specifically for their project use. Tables 4 and 5 summarize the types and usage of instruments by the current projects.

As demonstrated in Table 6, the most common approaches to evaluation are goal-based, systems analysis, and professional review. In most projects there is more than one approach used to frame the evaluation. Table 7 shows the personnel involved in implementing the evaluation. The project directors and their project personnel provide most of the staffing for implementation of the evaluation. In addition, some projects hire an evaluator as a member of the project and about the same number utilize a third party evaluator.

The projects in general see OSERS as their primary audience of the final report and evaluation of their efforts. The Transition Institute, advisory boards, consumers, and state agencies were each listed by half of the projects as audiences for their final reports. Formal reports are anticipated to be the vehicle for this information sharing for essentially all of the projects. In addition, about half of the projects will also be providing an executive summary, a brochure summarizing project information, or both.

The Project Profile Section which follows provides more specific information about each of the 12 competitions and the 94 current and 114 expired projects.

## PROJECT PROFILES

The Project Profile section contains profiles on both current and expired transition projects. The individual project profiles are grouped according to the competition under which they received their grant award.

Within each competition group, current projects are listed alphabetically according to state and project director name.

Each group of individual project profiles is preceded by a summary of the competition based on the information from the actual grant application packet. A summary of the current projects follows and is an overview of the major demographic and operating characteristics of the projects.

Individual expired project profiles follow the Summary of Expired Projects.

Except where noted, all individual project profiles are based on information gathered from questionnaires completed and returned by project staff during the 1988-89 project year.

COMPETITION PROFILE: CFDA 84.158R

SECONDARY AND TRANSITION SERVICES FOLLOW-UP  
AND FOLLOW-ALONG PROJECTS

INITIAL COMPETITION 4/15/88

PURPOSE OF COMPETITION

The purpose of this priority was to provide support to projects that: (1) improve tracking systems for youth who complete or leave secondary programs; and (2) revise curriculum and/or program options based on continued analysis of outcome data.

The emphases were on a commitment to enhance existing procedures for a follow-up/follow-along system for all completers and leavers, and to revise existing program options to improve outcomes for youth with handicaps leaving school. The outcome measurement performance standard is the preparation of youth to live and work in the community. The projects are to track handicapped student's initial and continuing employment status.

These are projects to develop, implement, and evaluate strategies to improve service to handicapped individuals so they realize a more positive participation in community life.

AUTHORITY

Authority for this program is contained in Section 626 of Part C of the Education for the Handicapped Act as amended by P.L. 99-457.

ELIGIBLE RECIPIENTS

Institutions of higher education, state education agencies, local education agencies, and other public and private nonprofit institutions or

agencies (including the state job training coordinating councils and service delivery area administrative entities established under the Job Training Partnership Act).

#### FUNDS AVAILABLE

Approximately \$840,000 was expected to be available for up to seven projects.

#### NUMBER OF GRANTS AWARDED

Seven grants were awarded under this competition.

#### DURATION

Project support was available for up to four years under this competition, subject to an annual review of progress and availability of funds.

## SUMMARY OF 84.158R PROFILES

### PRIMARY GRANTEE

Of the seven grants in this competition, five grants were awarded to universities, one to a local education agency, and one to a state agency.

### PROJECT OBJECTIVES

Each project reported on project objectives. Six indicated developing or improving tracking and follow-up/follow-along systems to impact future efforts in transitioning special education students. Four projects reported disseminating products and results. Two indicated making curriculum changes based on the projects' findings. One project reported replication as an objective. One project reports the development of a statewide technical assistance service to aid special education dropouts.

### PROJECT PARTICIPANTS

Six projects reported on the provision of related service components. One hundred sixty teachers are receiving service and training from four projects. Thirty-three business and industry personnel are receiving services from two projects. One hundred thirty-two agency personnel are receiving services from three projects. Four projects reported 26 of their staff receiving services also.

### COOPERATING AGENCIES

Six projects reported on cooperating agencies and organizations. Four projects are cooperating with local education agencies. Three report cooperation with public schools. One project reports collaboration with a university and one with JTPA.

### PRODUCTS

All seven products reported on product development with all indicating development of instruments. Six indicated the production of articles. Five

reported the production of a replication manual, while four projects will produce brochures and training manuals, one a newsletter, and another a student handbook.

#### PROJECT EVALUATION PLAN

Most of the projects are using a goal-based evaluation approach with decision making, systems analysis, goal-free and case study methods to complement the primary approach being used. The evaluation is being accomplished primarily by the project directors and other project staff, with some advisory board assistance. Only one has a staff evaluator specifically named and none report using a third party evaluator. Most of their instrumentation is locally developed to meet their measurement needs.

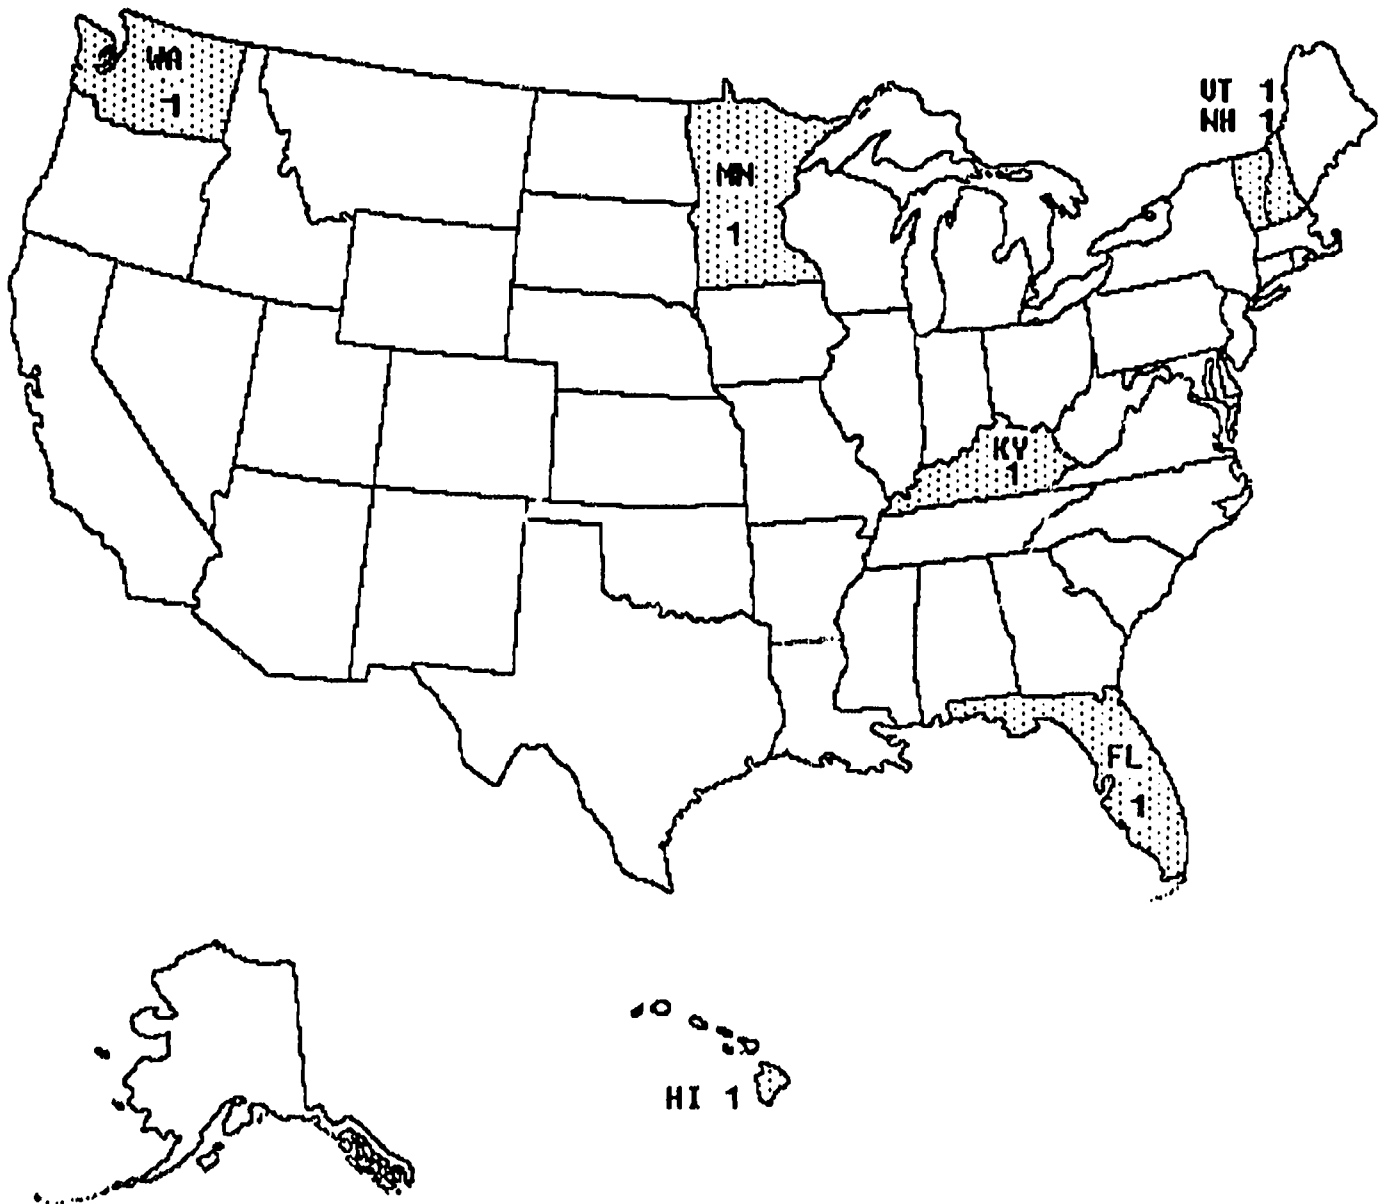

#### GEOGRAPHIC AREA SERVED

Of these seven follow-up/follow-along projects, four are surveying statewide, and one each is using suburbs, a metropolitan area, and a county for its study.

PROGRAM PURPOSE: The purpose of this project is to provide an interactive model for systems change based on analysis of outcome data. The principal objectives are: (1) Tracking System--to improve and expand the tracking system for handicapped youth who complete or leave secondary programs; and (2) Instructional Program Revision--to revise curricular and program options for handicapped students based on continued analysis of outcome data.

PROJECT FOCUS:

1. Tracking System--to improve and expand the tracking system for handicapped youth who complete or leave secondary programs.
  - identify all existing data systems
  - identify additional element needs for the tracking system
  - develop program for collecting and analyzing school experience and follow-up data
2. Instructional Program Revision--to revise curricular and program options for handicapped students based on continued analysis of outcome data.
  - facilitate the review of the expected outcomes of high school programs for handicapped youth by local community, school, and parent groups
  - establish a way to monitor instructional program options

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 2,000

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 200

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild emotional disorder	20	12-17
Moderate emotional disorder	4	12-17
Mild hearing impairment	3	12-17
Mild learning disability	100	12-17
Mild mental retardation	35	12-17
Moderate mental retardation	15	12-17
Severe mental retardation	10	12-17
Mild physical handicap	10	12-17
Mild visual impairment	3	12-17

Professionals/parents receiving services (training) through project activities:

---

PROGRAM PURPOSE: (1) Develop a theoretical model which specifies significant variables and data domains as well as predicted/assumed relationships among individual, program, and outcome variables; (2) Implement the longitudinal tracking and data collection process; (3) Develop interagency processes for applying outcome data and observed relationships among data domains in order to improve transition services; (4) Validate the theoretical model; (5) Institutionalize, replicate and disseminate project innovations.

PROJECT FOCUS:

1. Define relevant dimensions.
2. Define data domains and prior predictors of transition success.
3. Define operational measures in each data domain.
4. Specify known and presumed relationships among variables.
5. Modify existing data generation and recording procedures.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 6300

PROGRAM PURPOSE: The general goal of this project is to survey former and current handicapped students of the Jefferson County Public Schools across all exceptionalities. The impact of this process will be to effect curriculum improvements at all age/grade levels and thus to enhance the likelihood of greater numbers of project participants achieving employment and independent living.

PROJECT FOCUS:

1. Employ project staff.
2. Select members for the advisory committee.
3. Develop survey instruments.
4. Conduct survey with approximately 4,000 former and current handicapped JCPS students.
5. Analyze and share results with appropriate JCPS staff and community organizations/service providers.
6. Develop new curricula/programs/services based on research results.
7. Incorporate research findings and programmatic changes into student assessment and IEP process.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 17,340  
Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 4,335

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: The overall goal of this research study is to improve the tracking system for young adults with disabilities who complete or leave high school special education programs. Research component: Approximately 400 young adults will be surveyed and interviewed over a four year period of time. The research will be conducted using both quantitative and qualitative methods. Research content will focus on opportunities for employment and/or postsecondary education and training, participation in leisure/recreation activities, level of independence, utilization of community services and integration factors. Intervention Phase: During the second, third, and fourth years of the project, technical assistance will be provided to four school administrative units.

PROJECT FOCUS:

1. Network with interested people and groups throughout the state.
2. Compare various survey instruments and develop draft survey.
3. Produce and disseminate informational pamphlet statewide.
4. Conduct large scale data collection.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 400

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 0

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: The purpose of the Vermont Post-School Indicators for Program Improvement Project is to (1) develop, implement, evaluate, replicate, and disseminate a state-wide follow-up/follow-along system for monitoring the post-school employment, education, living arrangement, friendships and decision-making of former special education students; and (2) develop a state-supported technical assistance system to assist school districts in utilizing follow-up/follow-along data for the purposes of program improvement.

PROJECT FOCUS:

1. Develop outcome measures which match the desired performance standards.
2. Design instrumentation and data collection procedures to conduct follow-up studies.
3. Select 20 school districts to conduct follow-up studies of students who exited school in the 1987-88 school year.
4. Prepare training materials and train personnel in data collection procedures.
5. Assist and monitor the implementation of follow-up data collection activities.
6. Design instrumentation and data collection procedures to conduct follow-along studies.
7. Based on an analysis of the follow-up data, develop a technical assistance agreement with each of the 20 school districts which matches the specific needs of the districts with an appropriate level of technical assistance.
8. Monitor timely completion of project activities.
9. Determine effectiveness and utility of project activities/products.
10. Disseminate model processes and outcomes to personnel in other states.
11. Encourage the adoption of model processes in other states and regions.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 800

Professionals/parents receiving services (training) through project activities:

20 Agency personnel

40 Teachers

PROGRAM PURPOSE: To develop and implement strategies for solving the dropout problem of disabled students in suburban settings. First, to develop and implement a follow-along system capable of flagging at-risk students early enough that appropriate interventions can prevent their dropping out. Second, to test four models of intervention programs feasible in suburban districts.

PROJECT FOCUS:

1. Implement the follow-along and case manager intervention systems in Issaquan School District; implement the follow-along system in the Northshore School Districts.
2. Develop and implement a tracking system to identify at-risk students.
3. Collect longitudinal postschool data on students who exit the school system; analyze data and compile summary reports.
4. Develop an in-school case manager system for at-risk students--District 1.
5. Develop an in-school and out-of-school mentor program for at-risk students--District 1; disseminate first year data report.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,200

## COMPETITION PROFILE: CFDA 84.158N

### TRAINING AND EMPLOYMENT MODELS FOR YOUTH WITH SEVERE HANDICAPS

INITIAL COMPETITION 2/12/88

#### PURPOSE OF COMPETITION

The purposes of this priority were to develop, demonstrate, and disseminate models for preparation and placement of youth with severe handicaps in supported work prior to leaving school. This includes introduction of these youth to adult service agency support networks.

Emphases include (1) partnerships with employers and measurement of employer satisfaction, (2) program evaluation to include outcome measures such as initial employment status, (3) working relationships between educational agencies and supported work efforts at state or local level, and (4) working partnerships with families which demonstrate a commitment to maximizing independence.

The intended outcomes include the placement of youth with severe handicaps in supported employment.

#### AUTHORITY

Authority for this program is contained in Section 626 of Part C of the Education of the Handicapped Act as amended by P.L. 99-457.

#### ELIGIBLE RECIPIENTS

Institutions of higher education, state educational agencies, local education agencies, and other public and private nonprofit institutions or agencies (including the State job training coordinating councils and service delivery area administrative entities established under the Job Training Partnership Act).

#### FUNDS AVAILABLE

Approximately \$1,000,000 was expected to be available for up to ten projects.

#### NUMBER OF GRANTS AWARDED

Ten grants were awarded under this competition.

#### DURATION

Project support was available for up to three years under this competition subject to an annual review of progress and availability of funds.

## SUMMARY OF 84.158N PROFILES

### PRIMARY GRANTEE

Of the ten grants in this competition three were awarded to public schools, three to private not-for-profit agencies, two to universities, one to a state agency and one to an association for retarded citizens.

### COOPERATING AGENCIES

All ten projects reported one or more cooperating agencies. Five projects are cooperating with public schools, three with universities, three with private not-for-profit agencies. Six projects reported cooperating with state agencies and six with local education agencies, two with community colleges, two with city agencies, two with community rehabilitation facilities, and two cooperated with JTPAs. Three reported cooperation with profit-making agencies. In addition the following were each mentioned once as a cooperating agency: an association for retarded citizens, a community workshop, a research institution, and a private school.

### PROJECT PARTICIPANTS

Nine of the ten projects indicated direct service provision to 828 persons. Approximately 2545 persons will be impacted by the ten projects according to their estimates.

The handicapping condition most frequently served by this competition is mental retardation, followed by multiple handicaps and learning disabilities. Also served are those with the handicapping conditions of autism, emotional disorder, developmental disability, communication disorder, cerebral palsy, and behavioral disorders.

Ten projects reported on the provision of related service components. Three hundred forty-five teachers are receiving services and training from nine projects. One hundred sixty business and industry personnel will

receive service from six projects. One hundred twenty-five agency personnel are receiving services from five projects. Six projects are providing service to 40 of their staff also.

### PRODUCTS

Each of the projects reported on product development. Six indicated the production of articles. Five reported on the production of brochures, and four the development of a parent brochure. Four indicated the development of instruments, four the production of a replication manual, and four the development of a slide presentation. Three projects reported on development of a training manual, three indicated development of a curriculum, three reported production of a video presentation, and two projects indicated the development of a newsletter.

### OBJECTIVES

Each product reported on project objectives. The major emphases of these objectives are in manpower training, dissemination and continuation, training, and program development.

### PROJECT EVALUATION PLAN

Most of the projects are using a goal-based approach to evaluation. Other approaches used by the projects in this competition include systems analysis, goal free, connoisseurship, and case study. Current evaluation activities are being conducted by the project staff, including one staff evaluator, and by advisory committee members. Instrumentation for assessment throughout the projects include a full range of commercially available and locally developed tools.

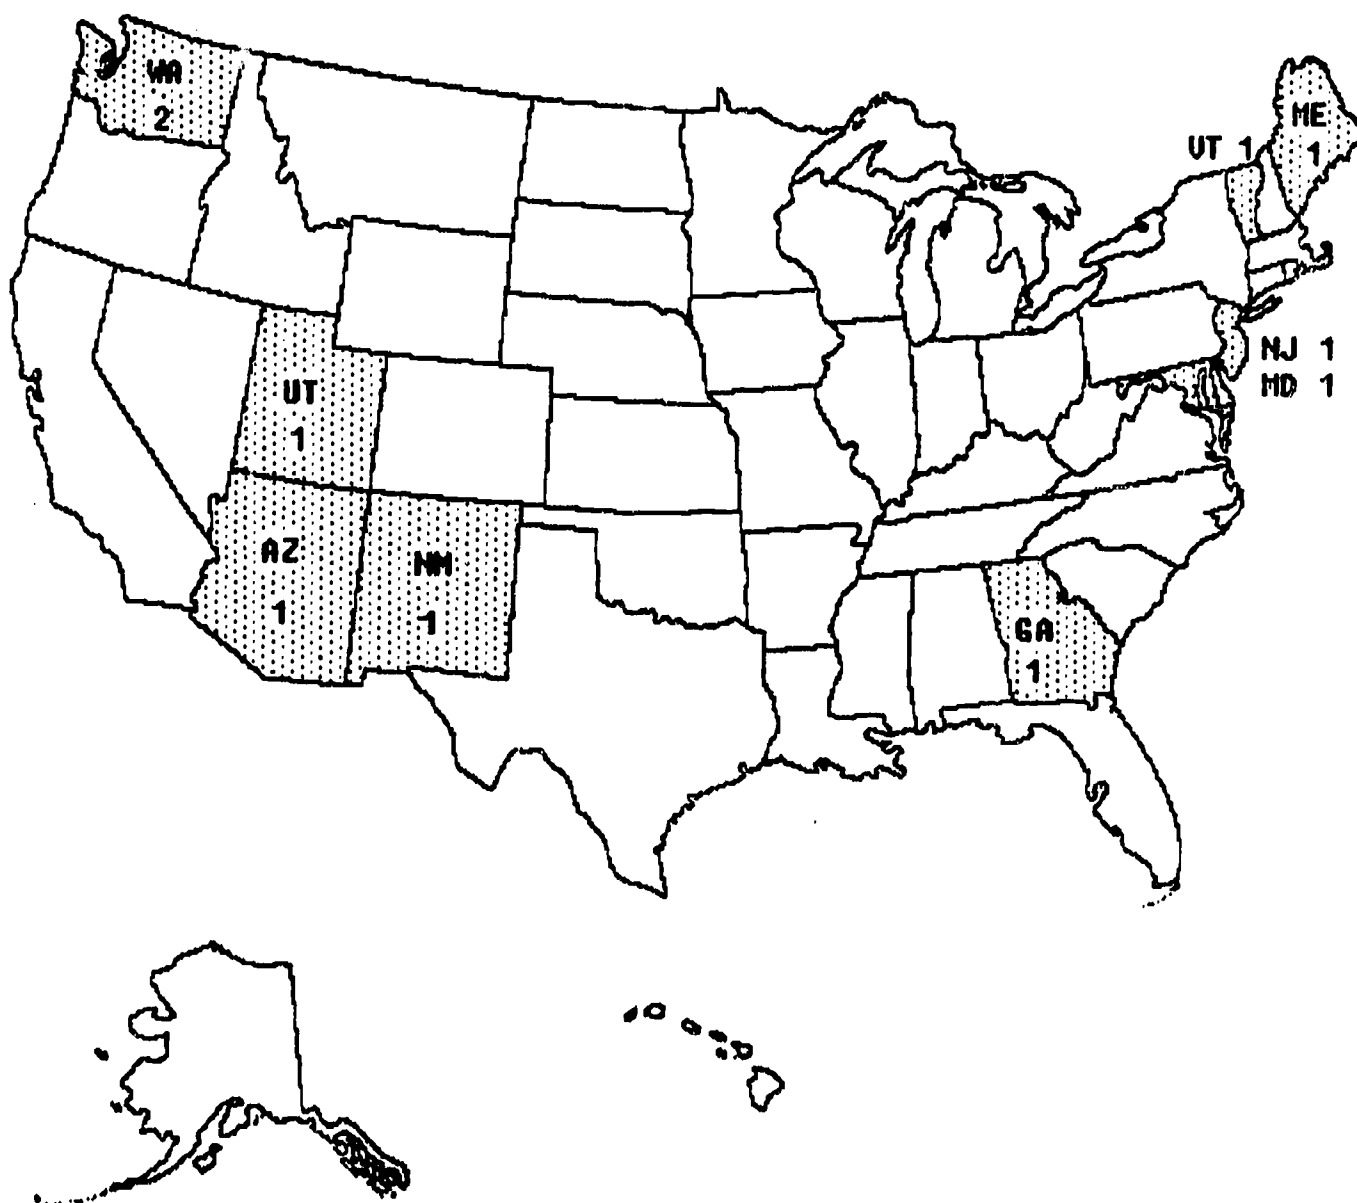

### GEOGRAPHIC AREA SERVED

Five of the projects report serving a metropolitan area with a public transportation system. One serves a county, three a region within a state, and one is providing statewide services.

Metropolitan area with public  
transportation system

---

PROGRAM PURPOSE: Project T-Qual will assist students with severe handicaps to experience a successful transition from school to employment and to become integrated into community environments. To achieve this goal, the project staff will develop, demonstrate, and disseminate a comprehensive school and community based vocational training model that will prepare and place students with severe handicaps into supported work prior to leaving school.

PROJECT FOCUS:

During FY 1988-89 the following activities will be accomplished:

1. Survey & identify community employers who are interested in working with project staff.
2. Identify 50 students with severe handicaps and administer the quality-of-life questionnaire.
3. Conduct inservice training for project staff.
4. Initiate community-based career exploration & vocational assessment.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 54

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 54

Severe mental retardation	18	16-22
Severe multiple handicap	27	16-22

Professionals/parents receiving services (training) through project activities:

54 Parents

25 Teachers

50 Business/industry personnel

PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based

### Type of Data/Information Being Collected

On Students/Clients: Number receiving direct or related services, intake/referral information, number receiving direct or related services, student/client demographics, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client integration into environment, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer, employer satisfaction with student/client, project activities, employer outcome status

### Instrumentation

Commercially Available Instruments Used by Projects: WISC-R, SSSQ, Quality of Life Questionnaire and Ecological Inventory

Locally/Project Developed Instruments: Employee/Supervision Critique Form an Employee/Supervision Survey, Parent/Student Interview Form, Parent/Student Follow-up Survey and Employer Interest Form, Transition Planning Form

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, 3rd party Evaluator, Program evaluator, Project consultant

### Type of Evaluation Reporting and Audience

Type: Executive summary, brochure/pamphlet

Audience: OSERS, Transition Institute, advisory board, state agency

PROJECT TITLE:  
Supported Employment for Youth with  
Severe and Profound Handicaps through  
Interagency Collaboration

INSTITUTE #: 197

PROJECT DIRECTOR: Paul Alberto

COMPETITION #: 84.158N

PROJECT COORDINATOR: Nancy Elliott

PROJECT START DATE: 10/1/88  
PROJECT END DATE: 9/30/91

CONTACT PERSON: Nancy Elliott

PRIMARY GRANTEE:  
University/four year college

MAILING ADDRESS:  
Dept. of Special Education  
Georgia State University  
Atlanta, GA 30303

GEOGRAPHIC AREA SERVED:  
Region within a state (including  
more than one county)

TELEPHONE #: 404-651-2310

---

PROGRAM PURPOSE: To develop an interagency cooperative supported employment  
placement and training program in three counties in Georgia.

PROJECT FOCUS:

1. Place three to six adults into supported employment.
2. Train teachers and paraprofessionals from two LETs.
3. Train 8-10 RSA job coaches.
4. Train staff from two county MRSC (mental retardation service centers).
5. Develop vocational program (comprehensive, longitudinal, community-based)  
in one LEA.
6. Develop parent groups in two counties with parents of adults and  
transitional students.
7. Establish State Advisory Panel to include business, labor dept., RSA,  
SEA, DMR, parent, and university.
8. Establish interagency transition team in two counties.
9. Develop awareness program in identified counties about supported  
employment.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted  
by project activities over entire funding period: 80

Estimated number of youth and/or adults with handicapping conditions receiving  
direct services over entire funding period: 40

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Moderate autism	1	16-22
Severe autism	1	16-22
Moderate deafness/blindness	1	16-22
Severe deafness/blindness	1	16-22
Moderate mental retardation	13	16-22
Severe mental retardation	13	16-22
Moderate multiple handicap	5	16-22
Severe multiple handicap	5	16-22

Professionals/parents receiving services (training) through project activities:

32 Parents	20 Agency personnel
20 Business/industry personnel	16 Teachers
Paraprofessionals	

PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based, goal free, case study

Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client integration into environment, student/client follow-up status, student/client employment status

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer, employer satisfaction with student/client, project activities

Instrumentation

Locally/Project Developed Instruments: Associated Workskills and Student Evaluations, Employment Outcome Checklist-Project, Employer outcome checklist, Parent survey based on Wechman-Project, High School Work History Form-Project

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, 3rd Party Evaluator, Principal Investigator

Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: Consumers, OSERS, advisory board, state agency, Dept. of Education

---

PROGRAM PURPOSE: The project will demonstrate how three entities in a community--the school, the municipality, and private business represented by local chambers of commerce--can work jointly to upgrade curriculum and provide practical work experience for high school age youth with severe handicapping conditions.

PROJECT FOCUS:

1. Parent development.
2. Employer development.
3. Student development.
4. Project evaluation.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 226

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 226

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Dropout	12	15-20
Mental retardation	42	15-20
Mild learning disability	102	15-20
Mild multiple handicap	12	15-20
Language impairment	12	15-20

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal free, professional review

Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer, employer satisfaction with student/client, project activities, employer outcome status, chambers of commerce

On Postsecondary Education: Postsecondary education/training demographics, level of direct service provided by project

### Instrumentation

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, 3rd Party Evaluator, HIP staff, Principal Investigator, Project Manager

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report, executive summary, brochure/pamphlet, Handbook

Audience: Consumers, OSERS, Transition Institute, advisory board, state agency, schools

PROGRAM PURPOSE: To develop a comprehensive educational model that will place students with severe disabilities who are between the ages of 19 and 22 years of age in supported employment programs prior to their leaving school. The Supported Employment Placement Project (SEPP) will develop and field test an employment model in three school districts. The model will be replicated in three additional school districts that will include both urban and rural areas.

PROJECT FOCUS:

From 10/88 to 9/89: Orient state agencies to SEPP model, obtain written interagency agreement, develop SEPP program operation manual, develop SEPP implementation checklist, establish model classrooms in three cooperating school districts, and conduct annual summer institute for teachers, administrators, and other interested parties.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 100

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: The purpose of this project is to design, implement, and evaluate a model supported employment program which will increase employment prospects for secondary students with severe handicaps. Project goals are aimed at: (1) Developing local and regional service delivery plans for supported employment, transition services and academic programs, to train teachers to deliver supported employment (job development, assessment, on-the-job training, follow-up, and advocacy) to students with severe handicaps, primarily emotional disabilities and learning impairments, (2) working with parents, teachers and administrators to ensure model coherency and the availability of academic and vocational experiences in the students local schools/communities.

PROJECT FOCUS:

1. Identify desired educational outcomes.
2. Identify learning experiences that lead to #1.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 30

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: Tacoma Public Schools in partnership with Pierce County Social Services Department and VADIS of Pierce County propose a blending of staff and fiscal resources in order to (1) increase placement of severely handicapped youth into individual supported jobs prior to high school graduation and (2) coordinate the provision of on-going support in those jobs following graduation.

PROJECT FOCUS:

1. Develop interagency agreement.
2. Define liability issues.
3. Hire job placement specialist/job coach at VADIS.
4. Develop student selection/referral process.
5. Placement of 4-7 youth into permanent supported jobs prior to graduation.
6. Coordinate school to county support transfer.
7. Develop individual, unpaid job experience for 20 students/year 8.
8. Refine support needs assessment.
9. Develop assessment procedural manual.
10. Conduct parent training workshops.
11. Develop measurement instruments.
12. Prepare annual report.
13. Prepare written model description.
14. Present at a state conference.
15. Build parent participation in job finding activities.

PROJECT PARTICIPANTS:

---

PROGRAM PURPOSE: Our goal is to improve access to and placement in supported employment for students at graduation. To reach this goal, the LOGIC project proposed the following objectives: (1) To improve the competence and capacity of teachers, agencies, and parents to impact student preparation and placement in supported employment; (2) To install and support four novel approaches to developing supported employment based on needs of local committees; (3) To evaluate the effectiveness of each approach; (4) To package and disseminate decision-making guidelines for replication by interested counties, LEAs, parents and state officials.

PROJECT FOCUS:

1. Development of a collaborative checklist for supported employment, teacher job training competencies; quality indicators; joint agency agreements and a vendor director.
2. Select five sites for project development.
3. Perform initial training of sites.
4. Finalize evaluation design and develop evaluative tools.
5. Develop a network of interested LEAs, parents, teachers and counties.
6. Provide a one-day session for the groups listed in #5.

PROJECT PARTICIPANTS:

## COMPETITION PROFILE: CFDA 84.078C

### POSTSECONDARY EDUCATION PROGRAMS FOR HANDICAPPED PERSONS:

#### DEMONSTRATION PROJECTS

INITIAL COMPETITION: 3/7/85

SECOND COMPETITION: 12/16/85

THIRD COMPETITION: 12/8/86

FOURTH COMPETITION: 12/18/87

#### PURPOSE OF COMPETITION

The purpose of this competition was to provide assistance for the development, operation, and dissemination of specially designed model programs of postsecondary, vocational, technical, continuing, or adult education for individuals with handicapping conditions. The absolute priority for this competition was for model projects of supportive services to individual's with handicapping conditions, other than deafness, that focus on specially adapted or designed educational programs that coordinate, facilitate, and encourage education of these individuals with their nonhandicapped peers. Applicants were encouraged to consider program and curricular adaptations or modifications, or the creation and enhancement of placement linkages that would improve the transition to work. In the initial competition applicants were encouraged to develop models of generic postsecondary services for students which improve the transition to work, including program adaptation, curricula design and modification, program organization, and placement linkages.

Projects in vocational technical schools and institutions, and at community colleges and other two-year institutions were especially invited.

Projects were to produce information and practices which would facilitate their replication in other agencies and improve work opportunities for persons with handicaps who are served in postsecondary settings.

The next two competitions also focused on the absolute priority of the initial competition; however, the invitational priority for the second and third competitions specified a focus on individuals with specific learning disabilities. The third competition also emphasized a focus on new or innovative models of improved support services, curricular modifications, and/or program adaptations for learning disabled students. The fourth competition priority supported model programs that provide development or refinement of employment-related skills to youths with mild and moderate handicaps.

#### AUTHORITY

Authority for this program is contained in Section 625 of Part C of the Education of the Handicapped Act.

#### ELIGIBLE RECIPIENTS

State educational agencies, institutions of higher education, junior and community colleges, vocational and technical institutions, and other nonprofit educational agencies were eligible for each of the four competitions.

#### FUNDS AVAILABLE

Approximately \$1,000,000 was available for support of an estimated 12-14 new grants in fiscal year 1985. The approximate amount available for the second competition (fiscal year 1986) was \$800,000 for support of 12 new demonstration projects. The approximate funds available for FY1987 was \$1,000,000 for an estimated 10 awards. In FY1988 the approximate amount of funds for 11 awards was \$1,000,000.

#### NUMBER OF GRANTS AWARDED

In FY1985, 14 demonstration grants were awarded, and in FY1986, 13 new demonstration grants were awarded. Twenty new grants were awarded in FY1987 and 11 in FY1988.

#### DURATION

For FY1985 and FY1986, grant approval was for two- and three-year periods subject to an annual review of progress and availability of funds. For FY1987, grant approval was for one-, two-, and three-year periods, and for FY1988, grant approval was for a three-year period. A total of 24 projects under this competition have expired to date.

## SUMMARY OF 84.078C PROJECT PROFILES

### PRIMARY GRANTEE

Eighteen universities and 10 community colleges received grant awards under this competition. In addition two local education agencies were awarded grants; two awards were given to private not-for-profit organizations; one private school, two to community rehabilitation agencies and one private school.

### PROJECT PARTICIPANTS

The initial competition in 1985 was for projects of supportive services to individuals with handicapping conditions, other than deafness. The second (1985) and third competitions (1986) offered an invitational priority for projects focusing on individuals with specific learning disabilities. The priority for the fourth competition (1987) was for model programs providing development or refinement of employment skills to youths with mild and moderate handicaps.

The 35 current projects report 4,902 persons receiving direct service. These projects were also asked to estimate the total number of persons who will receive benefit from services such as dissemination and training. These 35 projects indicated approximately 23,345 will be impacted. Seventy-three percent of the target population for this competition have handicapping conditions of learning disability (3,030 young adults) and mental retardation (569). Another 8% have one of three handicapping conditions: behavioral disorders (161); chronic mental illness (141); and physical handicap (98).

Thirty-five projects indicated the provision of related service components. Nineteen projects report service and training to 1,350 teachers. Seventeen projects are providing services to 575 agency personnel, and 402

business and industry personnel are receiving services from 12 projects. Nine projects are providing training to 420 parents. Twenty-five projects reported providing training to 146 of their project staff.

#### COOPERATING AGENCIES AND ORGANIZATIONS

Thirty-four projects indicated involvement with cooperating agencies or organizations. The most frequently reported agencies were public secondary schools (13) and community colleges (12). Six projects reported cooperation with universities, six with private not-for-profit organizations, and six with ACLDs. Four indicated cooperation with local education associations. Three indicated cooperation with city agencies, two interaction with private schools, and two cooperation with JTPAs. One project reported on cooperation with a research institution, while one other indicated cooperation with a profit making agency.

#### PRODUCTS

All projects reported developing products. The products most commonly reported by projects in this competition are brochures (25) and publishing articles (23). About half of the projects indicated project products of training manuals (18), instruments (17) and curricula (16). Products also reported frequently are videos (13), replication manuals (12), and newsletters (9). Projects also expect the production of student handbooks (7), slide presentations (6), and parent handbooks (2).

#### PROJECT EVALUATION PLAN

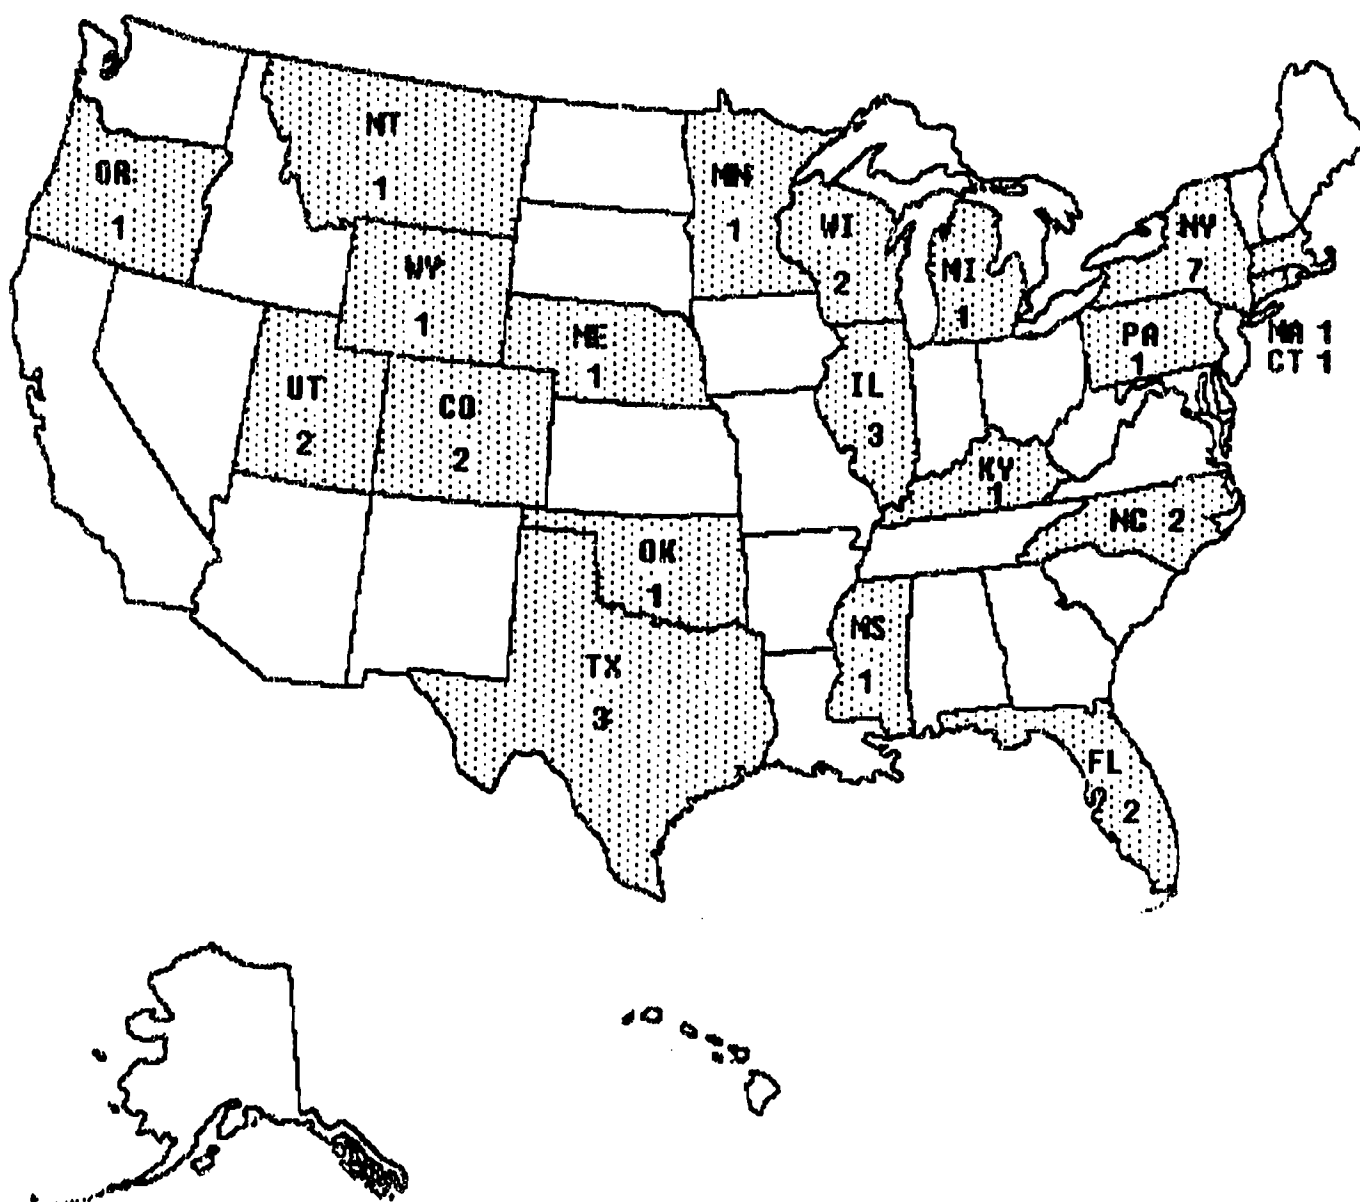

The evaluation approaches most commonly used by the projects in this competition are goal-based, system analysis, and professional review. Also used are case study, decision-making, and goal free. Project staff and advisory boards are involved in the evaluation. About a third of the projects use staff evaluators, and about a third report using a third party evaluator.

### GEOGRAPHIC AREA SERVED

Of the 35 projects reporting, 14 reported serving a major metropolitan area. Three report serving a countrywide area, and 13 serve a region within a state. Four report serving a statewide area, and one project serves a region of the country.

PRIMARY GRANTEE:  
Community/junior college

GEOGRAPHIC AREA SERVED:  
Metropolitan area with public  
transportation

TELEPHONE #: 303-741-4508

---

PROGRAM PURPOSE: To facilitate education of learning disabled students on campus (which houses three institutions) by increasing faculty and staff awareness of characteristics and needs of LD adults and by providing specific vocational services for LD students.

PROJECT FOCUS:

1. The continued refinement of our diagnostic and assessment area has allowed staff to meet the needs of students during a time of great expansion. We are receiving inquiries from a growing number of high school students as well as a growing number of students who are experiencing problems at the university and who are seeking resources and support.
2. Staff at U.-S.T.E.P. can be proud of the quality and quantity of products created which will aid in our recruitment and dissemination process; our Advisory Committee which caused a group of persons to join together and nurture and evaluate the project's success; and the summer program which combined students, teachers, and a newly created curriculum.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 250

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 100

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild learning disability	75	18-60
Moderate learning disability	20	18-60
Severe learning disability	5	18-60

Professionals/parents receiving services (training) through project activities:

Postsecondary faculty

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, decision making, professional review

## Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, Intake/referral information, Number receiving direct or related services, Student/client demographics, Student/client educational background data, Student/client work experience background data, Assessment results for student/client, Student/client progress in training program, Student/client progress in educational program, Student/client follow-up status, Student/client employment status

On Employers: Employer satisfaction with student/client, project activities

On Postsecondary Education: Level of direct service provided by project, Postsecondary education/training outcomes

## Instrumentation

Commercially Available Instruments Used by Projects: WAIS-R, OASIS, CAPS, CAI-LD, PPVT, WRIOT, Harrington-O'Shea Systems, COPS, COPES, Coopersmith Self-Esteem Survey, Academic Achievement, Basic Achievement Skills Individual Screener, Woodcock-Johnson, Psychoeducational Battery, Wechsler Memory Scale-Revised, Benton Revised, Visual Retention Test

Locally/Project Developed Instruments: Referral checklist, In-service Evaluation Form, Business Advisory Committee Evaluation Form, intake interview, Job Shadow Worksheet/Guide, Referral/screening/assessment/follow-up, data collection for computer tracking

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, Advisory Board

## Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: Consumers, Transition Institute, advisory board, conference attendees

state)

---

PROGRAM PURPOSE: To encourage and enhance postsecondary programming for learning disabled students. To develop a regional technical assistance center that will implement a variety of model technical assistance activities including workshops, on-site consultation, development of model programs, and dissemination in order to enhance both the quantity and quality of LD college programming efforts in the Northeast

PROJECT FOCUS:

1. Identify technical assistance trainees.
2. Implement state workshops.
3. Provide technical assistance and on-site training to trainees at the center and in their own site.
4. Establish model programs in the region.

Professionals/parents receiving services (training) through project activities:

more than one country)

TELEPHONE #: 407-299-5000

---

PROGRAM PURPOSE: Valencia Community College will provide a model, replicable postsecondary program that develops and refines the employment related skills of students with mild and moderate handicaps and thereby increases the placement rate for handicapped individuals. The project will provide the tools and methods to offer supportive services that enable handicapped persons to complete their postsecondary education and achieve a successful transition to the business world. Valencia will utilize the grant to provide a Center for Assessment and Training which will include a Work Evaluation Program, a Job Readiness and Employability Skills Program, A Co-op Placement Component, a Physical Fitness Assessment and a Job Placement and Follow-up Service. In addition, there will be a comprehensive self-assessment of the A.S. degree programs and employers will be encouraged to expand the accessibility of jobs for qualified handicapped individuals.

PROJECT FOCUS:

1. Establish an Advisory Council for Handicapped Services.
2. Design and establish a work evaluation program.
3. Develop a Job Readiness and Employability Skills program.
4. Provide assistance for the assessment of the fitness needs and training required for each student for the physical endurance.
5. Assess 40 existing vocational programs and transfer programs within Valencia to determine the need for special requirements for handicapped students in order to be successful in the training.
6. Assess tasks required of program-related jobs available within the business and industry community and determine special requirements for handicapped individuals.
7. Provide job sites for cooperative education opportunities.
8. Develop and administer a placement service and follow-up system.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 450

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 450

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: Staff is currently working on creating a system that will capture the numbers and quality of services which we provide. We need to refine our procedures so that we can aptly handle the growing number of students who seek our services without losing track of papers, files, and records.

PROJECT FOCUS:

1. To provide programs to meet the diverse needs of learning disabled individuals. The project includes development, implementation and evaluation of screening instruments to identify and place learning disabled individuals; multisensory instruction in written expression; a tutoring program to match each learning disabled student with a qualified volunteer tutor; an outreach program to provide an opportunity for learning disabled individuals to be identified and attain multisensory reading and spelling instruction in their business setting; individualized educational planning; and career planning and employment skills instruction, followed by the opportunity for job placement activities.

PROGRAM PURPOSE: The purpose of this program is to expand opportunities in higher education and postsecondary training for persons with mental illness who have recently completed or dropped out of high school. This model will deliver services based on principles of remedial instruction, successive approximation, integration with nonhandicapped peers, ongoing mobile vocational and educational support, student follow-along, and establishment of inter-organizational linkages.

PROJECT FOCUS:

1. The project will involve planning activities with student services staff at local academic institutions and local trade schools.
2. Remedial college prep classes and tutorial services will be provided to assist students attending or preparing for post-secondary education and training.
3. The remedial emphasis will center on computer-based instruction and stress improvement in math and reading, especially as related to vocational issues.
4. A Faculty Awareness Program will be developed and implemented to deliver one and one half hour in-services to staff and professors at local colleges and training centers to make them aware of the special needs of mentally ill students.
5. While engaging in postsecondary training or college preparatory or university classes, students will also be employed part-time at a community placement or independent job.
6. Upon completion of their postsecondary training or education, students will be assisted in negotiating the route to a job commensurate with their new level of abilities through a job club with special focus on obtaining higher level positions.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period:

PROGRAM PURPOSE: To develop and implement a model postsecondary service system for learning disabled students at Northern Illinois University and 17 community colleges in Northern Illinois.

PROJECT FOCUS:

1. Develop a regional system of comprehensive services for postsecondary LD students.
2. Implement with NIPED model in 11 community college sites and NIU.
3. Replicate and evaluate the NIPED model in 6 new sites.
4. Include competencies related to service delivery for postsecondary LD students into existing and new preservice teacher educational programs at NIU.
5. Provide on-going inservice training and technical assistance to additional community colleges/universities throughout the State of Illinois with respect to model development, implementation, and evaluation.
6. Field test and project transition planning inventory in 8 northern Illinois high schools

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,000

Project Cloverleaf

INSTITUTE #: 219

PROJECT DIRECTOR: Bernard Minnis

COMPETITION #: 84.078C

PROJECT COORDINATOR: Tom Birmingham

PROJECT START DATE: 8/1/88  
PROJECT END DATE: 7/31/91

CONTACT PERSON: Tom Birmingham

PRIMARY GRANTEE:  
Local education agency

MAILING ADDRESS:  
Durrett Education Center  
4409 Preston Highway Room 139  
Louisville, KY 40213

GEOGRAPHIC AREA SERVED:  
County

TELEPHONE #: 502-456-3008

---

PROGRAM PURPOSE: The goal of Project Cloverleaf is for young adults with mild handicaps to achieve transition into paid, meaningful employment. Project Cloverleaf operates through a four phase assessment process designed to highlight students skills and strengthen weaknesses. After assessment, four educational options are available to participants - Adult Basic Education, Skill Specific Vocational Training, Social/Employability Skills, and Supervised Job Training.

PROJECT FOCUS:

1. Advertise and staff all project positions.
2. Secure printouts of all EMH and LD students in class of 1987.
3. Participate in training activities (staff).
4. Contact potential participants.
5. Hold orientation meeting for interested students.
6. Certify students as a client of Vocational Rehabilitation
7. Schedule participants for comprehensive assessment.
8. Conduct assessments.
9. Develop individual education plans.
10. Contact employers to discuss project.
11. Conduct small group social/employability skills sessions.
12. Facilitate students enrollment in adult education classes.
13. Schedule students into vocational training.
14. Provide individual assistance as needed.
15. Monitor participants' progress, updating IEPs and current skills profiles.
16. Provide training in the use of mass transit.
17. Place students individually in job training sites and provide one-on-one training and monitoring.
18. Publicize project goals and activities.
19. Submit fiscal and performance reports as required by funding agency

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild mental retardation	50	17-22
Mild Learning Disability	50	17-22

Professionals/parents receiving services (training) through project activities:

4 Agency personnel

5 Project staff

ECE, Vocational Education - ABE Specialists

PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based, professional review

Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client programs in training program, student/client integration into environment, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer, employer satisfaction with student/client and project activities, employer outcome status

On Postsecondary Education: Postsecondary education/training demographics, postsecondary education/training collaboration level, level of direct service provided by project, postsecondary education/training satisfaction with student/client participation and project activities, postsecondary education/training program

Instrumentation

Commercially Available Instruments Used by Projects: Valpar Work Samples, Mesa, Social/Employability Skills Curriculum, California Achievement Test

Locally/Project Developed Instruments: Employer Evaluation Form, intake interview, individual education plan

Personnel Involved in Evaluation Activities: Project Coordinator, Project Staff, vocational rehabilitation counselor

Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: State Agency, vocational rehabilitation, employers, students

---

PROGRAM PURPOSE: To develop, pilot and disseminate a curriculum package to train youth with severe learning disabilities for employment in adult human service agencies. This package will be designed for use by secondary and postsecondary educators, and vocational trainers.

PROJECT FOCUS:

1. Complete mediated supplement for curriculum.
2. Complete review of mediated supplement with advisory board.
3. Pilot mediated curriculum with 17 students through the Threshold Program at Lesley College.
4. Revise mediated curriculum based on pilot results.
5. Finalize arrangements for next year's field test.
6. Present project at Regional Council for Exceptional Children Conference.
7. Co-sponsor conference.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 100

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, professional review

Type of Data/Information Being Collected

On Students/Clients: Student/client progress in training program

On Employers: Employer characteristics/demographics

On Postsecondary Education: Postsecondary education/training satisfaction with student/client participation and project activities, postsecondary education/training outcomes

## Instrumentation

---

PROGRAM PURPOSE: The mission is to generate employment opportunities for blind and visually impaired persons through the acquisition of technical, life survival and employability skills through a training and placement network composed of higher education and secondary and postsecondary vocational education.

PROJECT FOCUS:

1. To provide 20 blind and visually impaired persons with employability skills, life-survival skills that will lead to gainful, competitive employment.
2. To provide vocational education teachers and blind rehabilitation specialist the teaching methods and adaptive equipment skills needed to work with blind and visually impaired persons in securing and maintaining jobs.
3. To provide blind and visually impaired persons with necessary supportive services and jobs needed in making a smooth transition from school to work.
4. To develop an assessment and operational delivery system for rehabilitation counselors, vocational educators, employers and job placement specialists, which will minimize the stereotyping related to meeting the vocational and job placement needs of blind and visually impaired persons.
5. To organize a communication network between higher education, post-secondary education, secondary education and State of Michigan agencies.
6. To develop an adaptive equipment list which can be used to train blind and visually impaired persons in vocational education programs.
7. To recommend models in vocational education evaluation and training for blind and visually impaired persons.

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Severe visual impairment	10	18-60
Profound visual impairment	2	18-60

PROJECT TITLE:

The LD Transition Project

INSTITUTE #: 117

PROJECT DIRECTOR: Lynda Price

COMPETITION #: 84.078C

MAILING ADDRESS:

General College  
University of Minnesota  
106 Nicholson Hall  
216 Pillsbury Drive S.E.  
Minneapolis, MN 55455

PROJECT START DATE: 9/1/86

PROJECT END DATE: 9/1/89

PRIMARY GRANTEE:

University/four-year college

GEOGRAPHIC AREA SERVED:

Metropolitan area with public  
transportation system

TELEPHONE #: 612-625-5578

---

PROGRAM PURPOSE: To track 40 LD juniors and 23 LD seniors and gather data on the transition process from high school to their first year in a chosen post-secondary setting; provide information and a vehicle to network with service providers for LD adolescents and adults in the Twin Cities area; develop/implement/evaluate a model for various agencies of different types (i.e., community college, four-year college, private non-profit agency, public school system) to delivery effective services for the targeted population and their families; develop appropriate materials or strategies that would facilitate effective transition from secondary and postsecondary LD populations whenever possible; write, gather, or review professional literature germane to the area of transition for other LD service providers.

PROJECT FOCUS:

1. Hired staff and set up liaison activities among the cooperating institutions.
2. Chose initial grant participants.
3. Wrote a bibliography with approximately 75 citations about transition from the professional literature.
4. Sent a newsletter to approximately 200 people about the grant.
5. Developed and started to pilot a questionnaire dealing with transition issues (including a set of innovative videotapes).
6. Submitted articles for publication.
7. Started a series of working papers on counseling to adolescents and adults.
8. Developed a transition curriculum of activities related to the transition questionnaire.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 65

Handicapping Condition

No. Served

Age Range

PROGRAM PURPOSE: Enhancing the transition of youth with mild and moderate handicaps into gainful employment is the ultimate goal of Project WE CAN. It is designed to develop a replicable model program to assist handicapped youth from their educational setting into the world of work by providing appropriate occupational training for agency, community college, Vocational-Technical center personnel, and potential employers.

PROJECT FOCUS:

1. Establish local steering committees in three targeted counties.
2. Identify and recruit participants for in-service training.
3. Develop and present in-service training.
4. Conduct employer survey.
5. Identify out-of-school handicapped youth.
6. Assist in placement in employment or training.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 300

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 100

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild learning disability	50	16-25

PROGRAM PURPOSE: To train existing community college personnel in model practices for learning disabled students and establish a visible transition network for LD students among high schools, intermediate education agencies, offices of vocational rehabilitation services, and community colleges.

PROJECT FOCUS:

1. Disseminate materials for faculty development that will increase faculty knowledge and promote positive attitudes regarding LD students.
2. Train community college personnel via Telecommunication Training Series and On-Site Consultation to verify and design appropriate interventions for educational accommodations.
3. Establish a transition network among high school, intermediate education agencies, offices of vocational rehabilitation, and community colleges that will facilitate improved communication and service availability.
4. Research the qualitative and quantitative variables associated with LD transition to community colleges.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 150

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 150

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild learning disability	75	18-45
Moderate learning disability	75	18-45

---

PROGRAM PURPOSE: Demonstration project to teach community college learning  
disabled students remedial mathematics.

PROJECT FOCUS:

1. Completion of the final 15 instructional video tapes; post-production editing and mass duplication of 35 tapes completed in FY 1986-87, 87-88.
2. Completion and revision of in-house CAI software; duplication for dissemination purposes.
3. Handbook for teachers, tutors, LD specialists in math area to be completed and mass produced for dissemination.
4. Final curriculum modifications developed.
5. Continuation of peer tutoring program.
6. Continuation of teacher training.
7. Publication of several articles in professional journals.
8. Presentations at a number of international, national, statewide and local professional organizations, as well as seminars at local schools and on-site visits by other school's staff.
9. Workshops for LD students.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 300

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 90

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: To study the feasibility of providing vocational training to learning disabled, special education high school leavers, utilizing both a community college and a not-for-profit trade school. The service delivery model involves: (1) using the community college to provide training in basic skills and interpersonal skills and also career counseling, campus-based work study and parent workshops; (2) using the not-for-profit trade school for training in vocational skills and for job placement.

PROJECT FOCUS:

1. Implement training in vocational skills, basic skills, and interpersonal skills.
2. Provide services of a full-time learning disabilities specialist in the vocational skills classroom.
3. Provide services of tutor in basic skills classroom.
4. Provide work-study job coaching.
5. Provide career counseling.
6. Conduct parent workshops.
7. Expanding to include more than one trade school in the project.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 200

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 120

PROGRAM PURPOSE: Evaluate and adopt screening instruments to identify and place learning disabled individuals. Develop and implement multisensory instruction in reading and spelling. Develop and implement multisensory instruction in written expression. Develop and implement a tutoring program to match each learning disabled student with a qualified volunteer tutor. Develop and implement an outreach program to provide an opportunity for learning disabled individuals to be identified and attain multisensory reading and spelling instruction in their business setting. Develop and implement career planning and employment skills instruction, followed by the opportunity for job placement activities. Evaluate each project component to determine effectiveness. Begin preparation of guidelines for replication of services offered in this project, which will include a report from each program coordinator on the results achieved during the first year of implementation. During the second year of funding, it is anticipated that these guidelines will be revised and ready for dissemination at the end of the second year funding period (September 30, 1989).

PROJECT FOCUS:

1. Awareness contacts to relevant agencies.
2. Screening and intake procedures.
3. Diagnosis of learning disabilities.
4. Training of tutors.
5. Developing educational plans.
6. Tutoring sessions (individual).
7. Vocational counseling.
8. Personal counseling (individual).
9. Group counseling sessions.
10. Introduction to computers.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 150

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 60

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild learning disability	10	18-45
Moderate learning disability	30	18-45
Severe learning disability	20	18-45

Professionals/parents receiving services (training) through project activities:

5 Project staff

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, decision making, professional review, case study

Type of Data/Information Being Collected

On Employers: Level of direct service provided to employer, employer satisfaction with student/client, project activities, employer outcome status

Instrumentation

Personnel Involved in Evaluation Activities: Project director, Project coordinator, Project staff, Third Party evaluator, Consultants

Type of Evaluation Reporting and Audience

Type: Formal evaluation report, brochure/pamphlet

Audience: Consumers, Transition Institute, advisory board, federal agencies, vocational rehabilitation

PROGRAM PURPOSE: The second year of funding, it is anticipated that these  
guidelines will be revised and ready for dissemination at the end of the second  
year funding period (September 30, 1989).

PROJECT FOCUS:

Address the specific vocational/transitional needs of four identified groups  
of community college students with learning disabilities: students near  
graduation; students who appear to have the potential to graduate but are  
struggling with the choice of a major; students who probably will not graduate  
and may even be on academic probation; students who are experiencing  
difficulties even in remedial courses.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted  
by project activities over entire funding period: 125

Estimated number of youth and/or adults with handicapping conditions receiving  
direct services over entire funding period: 90

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild learning disability	15	17-25
Moderate learning disability	60	17-25
Severe learning disability	15	17-25

Professionals/parents receiving services (training) through project  
activities:

30 Parents	25 Agency personnel
75 Business/industry personnel	125 Teachers
5 Project staff	45 Postsecondary faculty
90 Undergrad/grad students	25 Peer tutors

PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based, professional review

## Instrumentation

Commercially Available Instruments Used by Projects: WAIS-R and Woodcock/Johnson Psychoed. Battery, McCarron Dial, Career Assessment Inventory, GATB, Piers Harris Self-Concept (adapted)

Personnel Involved in Evaluation Activities: Project director, Project staff, Advisory board, Staff evaluator

## Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: Consumers, Transition Institute, advisory board, state agency, AHSSPPE, colleges, high school, vocational rehabilitation, rehabilitation agencies

---

PROGRAM PURPOSE: To establish a demonstration project for learning disabled college students with a focus on career/job development training through the use of field studies and internships. The major component will be the replication of the experience based career education internship model program at NYU in liaison community colleges.

PROJECT FOCUS:

1. Develop internship sites.
2. Provide internship placement, advisement, and monitoring; assist students in developing compensatory strategies for on the job performance.
3. Provide individual counseling.
4. Conduct student support groups.
5. Conduct workshops on resume writing and interviewing skills.
6. Implementation of computerized career development program.
7. Provide career and academic skills assessment and feedback.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 45

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 45

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Minority youth	15	18-40
Mild learning disability	45	18-40

Professionals/parents receiving services (training) through project activities:

1 Business/industry personnel                      5 project staff

PROJECT EVALUATION PLAN:

Evaluation approach(es): Decision making, case study

## Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, employer satisfaction with student/client, project activities

On Postsecondary Education: Postsecondary education/training satisfaction with student/client participation, project activities, postsecondary education/training outcomes

## Instrumentation

Commercially Available Instruments Used by Projects: Test of Interpersonal Competence, Career Development Inventory and Strong-Campbell Interest Inventory, Coopersmith Self Esteem, Writing Anxiety Scale, HRC Preferred Learning Style Checklist

Locally/Project Developed Instruments: School/Worksite Observations, Field study plan rating scale, Job skills Rating Scale, By-Pass Skills and Job Related Academic Skills, Career Goal Questionnaire

Personnel Involved in Evaluation Activities: Project director, Project coordinator, Project staff

## Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: OSERS, Transition Institute, Community college and professionals

---

PROGRAM PURPOSE: To make computers and their modifications in hardware and software accessible to disabled students, by a directed organizational effort combining diverse elements in one model project. To mainstream disabled students into the computer environment of the University and prepare them for the increasingly computer environment of society.

PROJECT FOCUS:

1. Identify/develop needs assessment tool to survey faculty/staff in regards to inservice needs in understanding/dealing with adults with disabilities.
2. Develop/implement in-service curriculum for faculty/staff.
3. Develop faculty handbook.
4. Develop program brochure/outreach materials.
5. Implement plan for outreach.
6. Modify/supplement curricula for four vocational training programs.
7. Identify/develop learning styles assessment.
8. Develop student handbook.
9. Develop specialized curriculums to enhance vocational training success.
10. Develop support services including but not limited to peer tutoring, reader service, taped/video tests/lectures, mobility assistance.
11. Develop written policies/procedures to integrate project activities into center operational system.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 2000

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 150

Professionals/parents receiving services (training) through project activities:

20 Parents	80 Agency personnel
20 Business/industry personnel	200 Teachers
3 Project staff	Undergrad./grad students
State/federal officials	

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, goal free, professional review, case study

## Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client integration into environment, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer

On Postsecondary Education: Postsecondary education/training demographics, postsecondary education/training collaboration level, level of direct service provided by project, postsecondary education/training satisfaction with student/client participation, project activities, postsecondary education/training outcomes

## Instrumentation

Personnel Involved in Evaluation Activities: Project director, Research assistants

PROGRAM PURPOSE: Goal: To provide the necessary support to facilitate the transition of mildly handicapped youth and adults from secondary education to successful competitive employment. Service Delivery Model: Continuum of services ranging from personal career counseling, placement, and regular vocational education programs with appropriate modifications, a resource center to assist MH adults enrolled in vocational programs, to an intensive pre-vocational program.

PROJECT FOCUS:

1. Locate/identify students.
2. Develop/implement Adult Resource Center program to serve MH students enrolled in regular vocational courses.
3. Develop/implement counseling program for all MH students (includes comprehensive assessment).
4. Develop 10-week (approx.) employability skills program.
5. Develop teacher training model for use in preservice training of vocational special needs teachers. Also develop use of project as practicum site for teachers and school psychologists.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 2,500

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 450

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: This project provides a program with a dual approach for students with mild or moderate handicapping conditions. It provides an expansion of a community college program to include instruction in independent living skills, prevocational skills, vocational skills in five major areas and social skills. The second part of the program provides community-based vocational training and job placement in the community with support for at least a year after placement.

PROJECT FOCUS:

The following activities are projected for the current year of this project:

1. Incorporate 15 to 20 students with mild or moderate handicaps into the college milieu.
2. Assist students in acquiring vocational skills for standard community college coursework.
3. Use notetakers, readers, tutors, volunteers, taped texts, and lectures to assist students in acquiring vocational skills from standard college coursework.
4. Meet with community and college staff to coordinate and implement student activities.
5. Assist students in acquiring proficiency in living skills.
6. Assist students in improving their proficiency in interpersonal interactions.
7. Assist students in improving their proficiency in job related skills.
8. Training 15 students to successfully perform vocational tasks in employment positions.
9. Train 15 students to successfully demonstrate appropriate social behaviors and work associated skills while on the job.
10. Place 15 students in paid employment in the community.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 50

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 20

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild brain damage	1	18-51
Moderate brain damage	5	18-51

Mild chronic mental illness	1	18-51
Moderate emotional disorder	1	18-51
Moderate hearing impairment	4	18-51
Moderate cerebral palsy	2	18-51
Mild learning disability	8	18-51
Moderate learning disability	11	18-51
Mild mental retardation	20	18-51
Moderate speech impairment	1	18-51
Moderate traumatic head injury	4	18-51
Moderate multiple handicap	2	18-51

Professionals/parents receiving services (training) through project activities:

PROGRAM PURPOSE: The project goal is to develop and demonstrate a model to provide the transition training and employment services to mildly disabled adults. The model capitalizes on the excess capacity and expertise of the Pennsylvania area vocational-technical schools at a per student cost that is within various local service agency guidelines. The target population is adults with learning disabilities. Services provided to clients include vocational assessment and counseling; 180 days of job life coping, and related academic instruction, transitional supervised employment, placement in full-time employment, and follow-up.

PROJECT FOCUS:

1. Establish advisory committee and management team, and hire project coordinator.
2. Recruit clients.
3. Conduct comprehensive vocational and cognitive assessment of all referrals.
4. Develop individual transition plan for all clients.
5. Provide 180 days of occupationally specific job training in intergenerational settings.
6. Provide 180 days of life coping and related academic instruction.
7. Provide individual counseling and remedial support, as needed.
8. Place clients on supervised job training sites.
9. Recruit for 1989-90 project year.
10. Provide in-service training for relevant teachers.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 35

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 25

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild developmental disability	5	19-28
Mild learning disability	2	18-45
Moderate learning disability	10	18-45
Severe learning disability	5	18-45
Mild multiple handicap	3	19-22

Professionals/parents receiving services (training) through project activities:

11 Teachers

2 Project staff

### PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, goal free

#### Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer, employer satisfaction with student/client, project activities, employer outcome status

On Postsecondary Education: Postsecondary education/training demographics, postsecondary education/training collaboration level, level of direct service provided by project, postsecondary education/training satisfaction with student/client participation, project activities

#### Instrumentation

Commercially Available Instruments Used by Projects: WAIS-R and WISC-R, Singer Work Station and College ability placement Service, Holland Self Oriented Search and Singer, Adjective Checklist, Widerange Achievement test and Psycho Educational Battery

Locally/Project Developed Instruments: Classroom observation form, Employment satisfaction, Work History questionnaire

Personnel Involved in Evaluation Activities: Project director, Project coordinator, Staff evaluator

#### Type of Evaluation Reporting and Audience

Type: Formal evaluation report, executive summary

Audience: OSERS, Transition Institute, advisory board, state agency, school board

PROGRAM PURPOSE: To provide programs to meet the diverse needs of learning disabled individuals. The project includes development, implementation, and evaluation of: screening instruments to identify and place learning disabled individuals; multisensory instruction in written expression; a tutoring program to match each learning disabled student with a qualified volunteer tutor; an outreach program to provide an opportunity for learning disabled individuals to be identified and attain multisensory reading and spelling instruction in their business setting; individualized educational planning; and career planning and employment skills instruction, followed by the opportunity for job placement activities.

PROJECT FOCUS:

1. Implement faculty and staff in-service training programs on characteristics and needs of LD students and curriculum modification strategies.
2. Implement appropriate interest and aptitude assessment procedures.
3. Develop career counseling services.
4. Implement computerized student tracking program.
5. Disseminate information about the project.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 230

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 230

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild learning disability	230	18-40

Professionals/parents receiving services (training) through project activities:

80 Agency personnel	7 Teachers
50 Business/industry personnel	6 Project staff
50 Peer tutors	75 Postsecondary faculty
190 Undergrad/grad students	

## PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, professional review, case study

### Instrumentation

Commercially Available Instruments Used by Projects: WAIS-R, Woodcock-Johnson and Test of Written Language, Strong Campbell Interest Inventory, Myers Briggs Type Indicator, WRAT and Diagnostic Assessment of Reading Errors

Locally/Project Developed Instruments: Winston Grammar Evaluation and Program pre-test to identify grammar

Personnel Involved in Evaluation Activities: Project director, Project coordinator, Project staff

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: OSERS, Transition Institute, state agency, League for Innovation in CC, National ACLD, Orton Dyslexia Society, AHSSPPE, International World Congress on Dyslexia, HEATH

PROGRAM PURPOSE: The Career Program (Career Assessment, Remediation, Education, Employment and Re-entry) will provide intensive, short-term job training with curriculum and instructional techniques adapted for the target population (i.e., 75% learning disabled, 25% orthopedically/other impaired) in at least seven occupational areas.

PROJECT FOCUS:

1. DACUM process applied to three as yet unspecified job-training programs.
2. Faculty review, revision or development of competency-based open-entry/open-exit curricula for three programs based on results of the DACUM process and with regard to needs of the specified population.
3. Initiation of three job-training programs.
4. Recruitment, intake and assessment resulting in approximately 50 individuals eligible for and beginning instruction.
5. In-service training of faculty and tutors.
6. Provision of occupationally specific, computer-assisted basic skills, literacy or ESL instruction as needed.
7. Provision of tutoring as needed.
8. Development of "self-empowerment" component.
9. Interaction with the Career Center to promote career exploration opportunities for program participants.
10. Completion of job training (25).
11. Establishment of job placement service to include follow-up with both employees and employers.
12. Establishment of Learning Disabilities and Business Advisory Committees.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 200

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild epilepsy	5	17-34
Moderate epilepsy	10	17-34
Moderate health impairment	5	17-34
Severe health impairment	10	17-34
Mild learning disability	25	17-34

<u>Handicap, ing Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Moderate learning disability	75	17-34
Severe learning disability	50	17-34
Mild physical handicap	5	17-34
Moderate physical handicap	15	17-34

Professionals/parents receiving services (training) through project activities:

10 Business/industry personnel	12 Project staff
Postsecondary faculty	

PROJECT EVALUATION PLAN:

Evaluation approach(es): Professional review

Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client integration into environment, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, level of direct service provided to employer, employer satisfaction with student/client, project activities, employer outcome status

On Postsecondary Education: Level of direct service provided by project, postsecondary education/training satisfaction with student/client participation, project activities, postsecondary education/training outcomes

Instrumentation

Commercially Available Instruments Used by Projects: WISC-R, WAIS-R and K-ABC, Woodcock Language Proficiency Battery and Verbal Cluster, VIAS, Discover and Job-O, S.R.A.T., Woodcock-Johnson Achievement Battery, and Nelson-Denny

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, Advisory Board, Third Party Evaluator

Type of Evaluation Reporting and Audience

Type: Formal evaluation report, executive summary, brochure/pamphlet, formal presentations

Audience: Consumers, OSERS, Transition Institute, advisory board, DACUM Advisory Committee, referral sources, employers, 15 selected community colleges

PROGRAM PURPOSE: To provide support services, expanded education resources, new academic and community linkages, increased outreach, and in-service on behalf of learning disabled postsecondary students in the 26-county, rural Texas pan-handle. To provide transitional services for learning disabled postsecondary students through a community college setting which will assist in identification and remediation of the barriers that prevent them from obtaining their educational, personal and career goals with a primary focus on skills and attitudes required for success as an independent adult.

PROJECT FOCUS:

1. Identify and admit 30 learning disabled students into the program.
2. Develop and implement curricula for a core of courses to teach students social, study, academic, and life skills that are often lacking in LD students.
3. Provide support services on an individual need basis for students in the program.
4. Coordinate in-service training workshops for secondary personnel on how to prepare the LD student for college and for postsecondary personnel on assisting the LD student in college.
5. Edit and distribute a newsletter twice a year for secondary and post-secondary personnel who work with learning disabled students to form a network on transition of LD students.
6. Coordinate the use of graduate practicum students from West Texas State University to tutor with students in the program.

PROJECT PARTICIPANTS:

PROGRAM PURPOSE: This project will develop and evaluate programs to teach entry-level job skills for youths with mild and moderate handicaps in competitive business settings. A training model will be developed that will include pre-work rehearsals and on-the-job training in competitive businesses to teach basic skills for targeted jobs.

PROJECT FOCUS:

During FY 1988-89:

1. Identify youths.
2. Complete individual assessments.
3. Write IEPs.
4. Conduct prework rehearsals.
5. Provide on-the-job training.
6. Monitor job performance.
7. Provide job coaching.
8. Tutor youths in class training.
9. Facilitate job advancement through additional on-the-job training.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 60

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild behavioral disorders	6	15-18
Mild developmental disability	3	16-27

PROGRAM PURPOSE: The goal of Project HAPPEN is twofold: (1) to facilitate effective transition from secondary to postsecondary environments by promoting a shared networking and responsibility of all individuals, and (2) to increase the likelihood that students with LD will complete high school and make an effective transition into a postsecondary educational or vocational environment.

PROJECT FOCUS:

1. To provide appropriate liaison services for regional high schools to facilitate admission opportunities to high school learning disabled students.
2. To provide identified high school juniors and their LD teachers a summer program on a college campus to provide metacognitive strategies to aid those students in developing independent learning behaviors prior to their senior year of high school.
3. To provide a comprehensive psychoeducational assessment and to develop an individualized learning profile during the summer following high school graduation to those students anticipating participation in the program.
4. To develop and provide training opportunities for tutorial staff and faculty advocates during each summer the project is in place.
5. To enhance professional placement opportunities for learning disabled college graduates by providing program assistance to the College Placement Service at Muskingum College.
6. To provide for national dissemination of a regionally based consortium of secondary and postsecondary schools.

PROJECT PARTICIPANTS:

## SUMMARY OF 84.078C EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

Federal funding for four postsecondary projects expired in 1986. Nine additional projects expired in 1987 and 10 more in 1988. The overall purpose of these projects was to develop a service delivery model that would increase the opportunities for students with learning disabilities in postsecondary education and employment. The majority of these projects established a linkage model and either established or expanded support services. The majority also provided services directly to students with learning disabilities.

### FOCUS OF CONTINUATION ACTIVITIES

Fifteen of the 23 expired projects reported on their continuation activities. Eight of these projects are focusing on the provision of support service activities. Three projects indicated dissemination of project outcomes and products as a focus of continued activities, and three indicated the continuation of major program components through an agency other than the primary grantee. In addition one project plans to continue counseling activities; one plans to continue placement activities; and one project indicated refinement of service delivery as a continuation activity.

### PROJECT COMPONENTS BEING CONTINUED

Fifteen of the 23 expired projects reported on continuation of their activities. Ten projects are focusing on continued educational programs. Eight projects reported continuing to assess intake eligibility programs for new participants. Seven projects indicated assessment as a continuing focus and seven plan to continue dissemination of their results. Eight projects indicated continuation of their support service activities. Six indicated

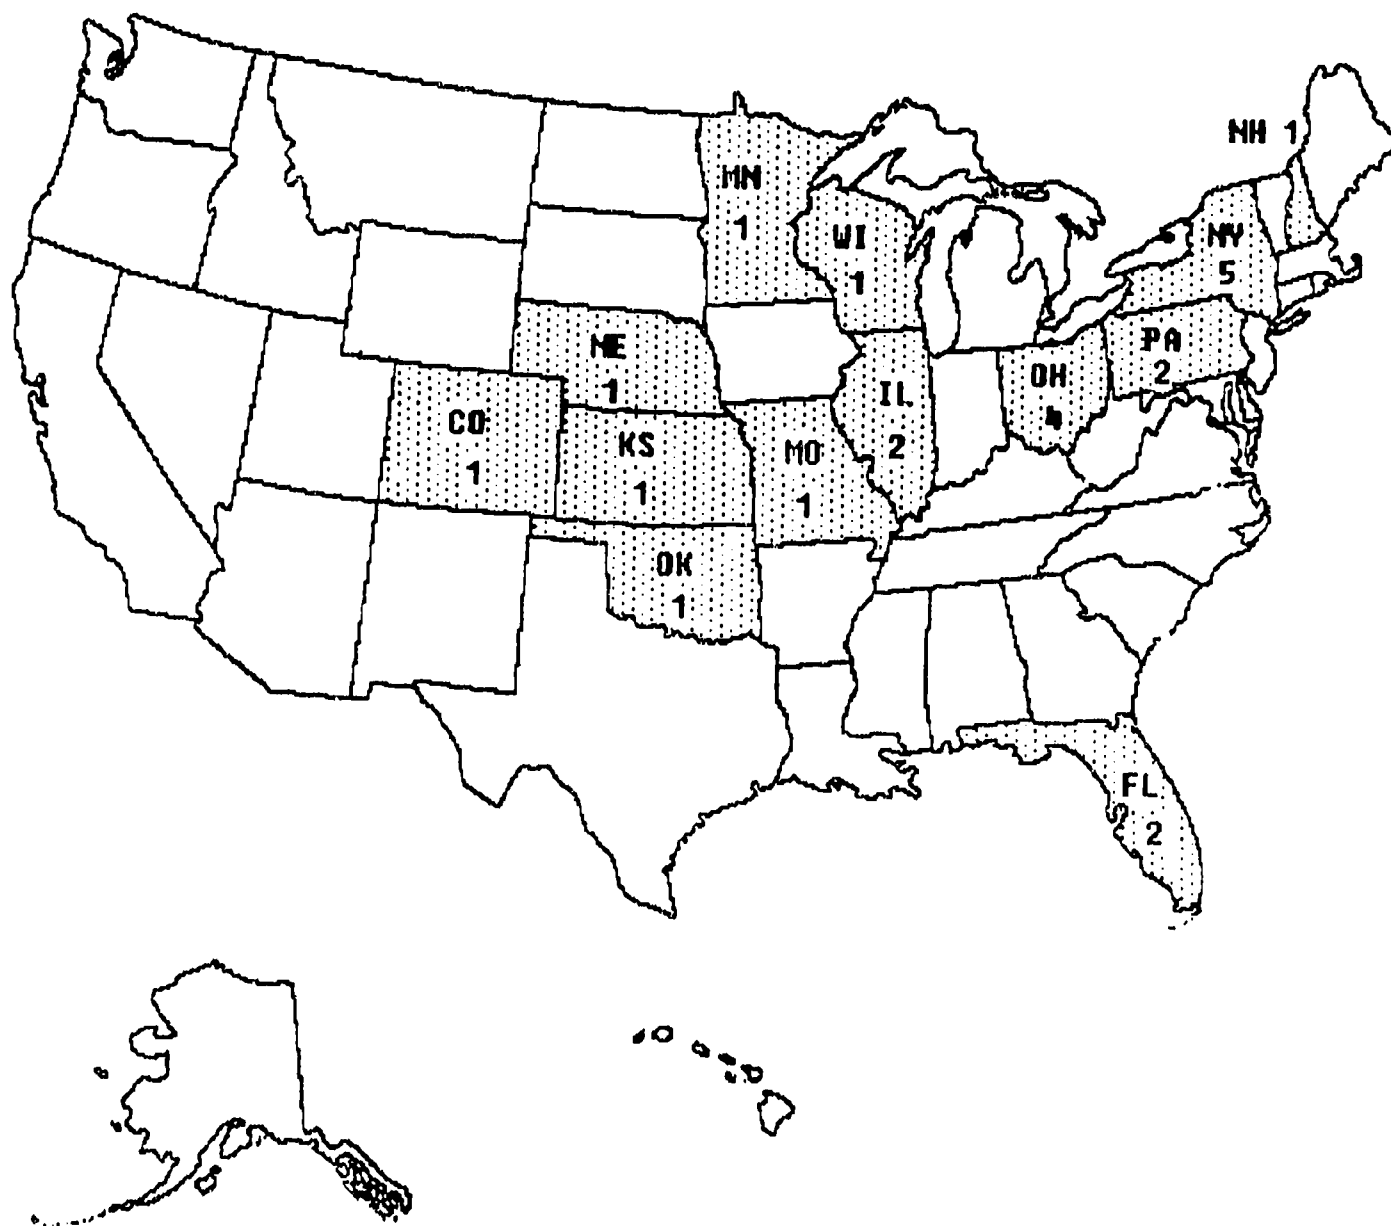

placement as a focus of continuing activities, and six reported counseling as a continuing focus. Five projects indicated referral as a focus, and four reported revision of their programs as continuation activity. Two projects indicated the continuation of in-service training as a focus, while two projects report a continuation of job coaching activities and two report the continuation of research and follow-up studies. One project indicated program replication as a focus of continuation.

#### PROJECT PRODUCTS

Fifteen projects reported on the type of products developed during the project's funding period. Eleven projects indicated the development of a project brochure and five projects have generated articles. Four projects indicated the development of instruments, and four reported the production of a video. Three projects indicated the development of a student handbook. Two projects reported the development of a newsletter, and two reported the generation of a replication manual. One project indicated the production of a training manual, one project reported the development of curricula, and one indicated the development of a parent handbook.

---

PROGRAM PURPOSE: The purpose of this project was to establish linkages between the educational system, existing adult vocational services, and community employers. Postsecondary teens and adult participants will be placed on the job within normalized community settings with training and ongoing support as needed. Develop/disseminate criterion referenced assessment instruments; develop on the job training methods and resources; vocational placement of 55 adults in normalized community settings; 9 graduate and 50 undergraduates will be trained; development, dissemination of overall evaluation procedures; and identification of funding sources beyond grant period.

FOCUS OF PROJECT CONTINUATION ACTIVITIES (1988-89):

1. Dissemination of materials at cost upon request.
2. See project products.

---

PROGRAM PURPOSE: The purpose of this federally funded project was to maximize utilization of existing resources to provide a continuum of services to LD adults thereby improving employability skills and closing the gaps in service which currently exist. Specific focus is given to establishing linkages for LD students and adults in the community. The primary handicapping condition(s) of the students/clients served by this project included learning disability.

FOCUS OF PROJECT CONTINUATION ACTIVITIES (1987-88):

1. Continue vocational and career interest testing through project developed course, Psychology of Career Adjustment, which has a special section for students with learning disabilities.
2. Negotiate arrangements with local education agency and PIC for development and implementation of a two track summer program for graduating high school seniors with learning disabilities.
3. Continue development of curricula for students with learning disabilities.

PROJECT COMPONENTS BEING CONTINUED/CONTACT PERSON

Assessment, Education, Program refinement/revision, Dissemination and Agency coordination/Paul Edwards, Miami-Dade Community College - North, Room 6112, 11380 N.W. 27th Avenue, Miami, FL 33167, 305-347-1272.

## COMPETITION PROFILE: CFDA 84.086M

### INNOVATIVE PROGRAMS FOR SEVERELY HANDICAPPED CHILDREN: TRANSITION SKILLS DEVELOPMENT FOR SEVERELY HANDICAPPED (INCLUDING DEAF-BLIND) YOUTH

INITIAL COMPETITION: 3/21/86

#### PURPOSE OF COMPETITION

The purpose of this competition was to provide support to projects which design, implement, and disseminate information about innovative practices which facilitate the transition of a small number of youth with severe handicaps from education to employment and other service options, in preparation for their integration into regular community environments as adults. Emphasis was to be placed on the development of job-related skills, peer interactions, orientation and mobility, personal grooming, independent living skills and the development of a positive self-concept. Procedures for initiating and maintaining on an on-going basis, coordination and cooperation with state educational and rehabilitative agencies were to be included. Project activities were to focus upon the development of skills identified as those most needed by project participants in order to facilitate their effective transition.

#### AUTHORITY

Authority for this program is contained in Section 624 of Part C of the Education of the Handicapped Act.

#### ELIGIBLE RECIPIENTS

Public or private, profit or non-profit organizations and institutions were eligible for this competition.

### FUNDS AVAILABLE

Approximately \$1,965,000 was expected to be available for support of up to 25 projects.

### NUMBER OF GRANTS AWARDED

Eleven grants were awarded under this competition.

### DURATION

Project support was available for up to three years under this competition subject to an annual review of progress and availability of funds. One project expired in 1987. The remaining projects will expire in Summer and Fall 1989.

## SUMMARY OF 84.086M PROJECT PROFILES

### PRIMARY GRANTEE

Of the 11 grants funded in this competition, four grants were awarded to public secondary schools/local education agencies. Three universities and two private non-profit agencies received grant awards. State agencies receiving funds under this competition include a state education agency and a state MR/DD agency.

### PROJECT PARTICIPANTS

The target population, youth with severe handicaps (including deaf-blind), was specific in this competition. Ten projects described their target population for the 833 they directly served. The three major groups of handicapping conditions reported were mental retardation (27% of the population), developmental disability (16%), and chronic mental illness (13%). These projects served all severe handicapping conditions including blind/deaf which represents 1% of the population served in the current year.

Related service components were reported by all current projects. Ten projects indicated services being provided to 164 teachers. Three hundred sixty-six parents are receiving services from eight projects, 233 agency personnel by seven projects, and four projects are providing related service to 75 business/industry personnel. Four projects report training to their project staff (48).

### COOPERATING AGENCIES AND ORGANIZATIONS

Eight projects reported on one or more cooperating agencies. Seven projects reported cooperation with state agencies. Three projects indicated cooperation with public schools, three with local education agencies, and three with Associations for Retarded Citizens. Two projects indicated

cooperations with community workshops, and two with residential education facilities. One indicated cooperation with a university, and one with a private not-for-profit organization.

### PRODUCTS

The 10 current projects reported product development. Seven reported production of articles. Five indicated development of a brochure, five a newsletter, and five a training manual. Four projects reported development of instruments, and four reported on development of a replication manual. Three projects indicated development of a parent handbook, and three of curricula. Two indicated development of a slide presentation. One project reported the development of a video presentation and one a vocational handbook.

### PROJECT EVALUATION PLAN

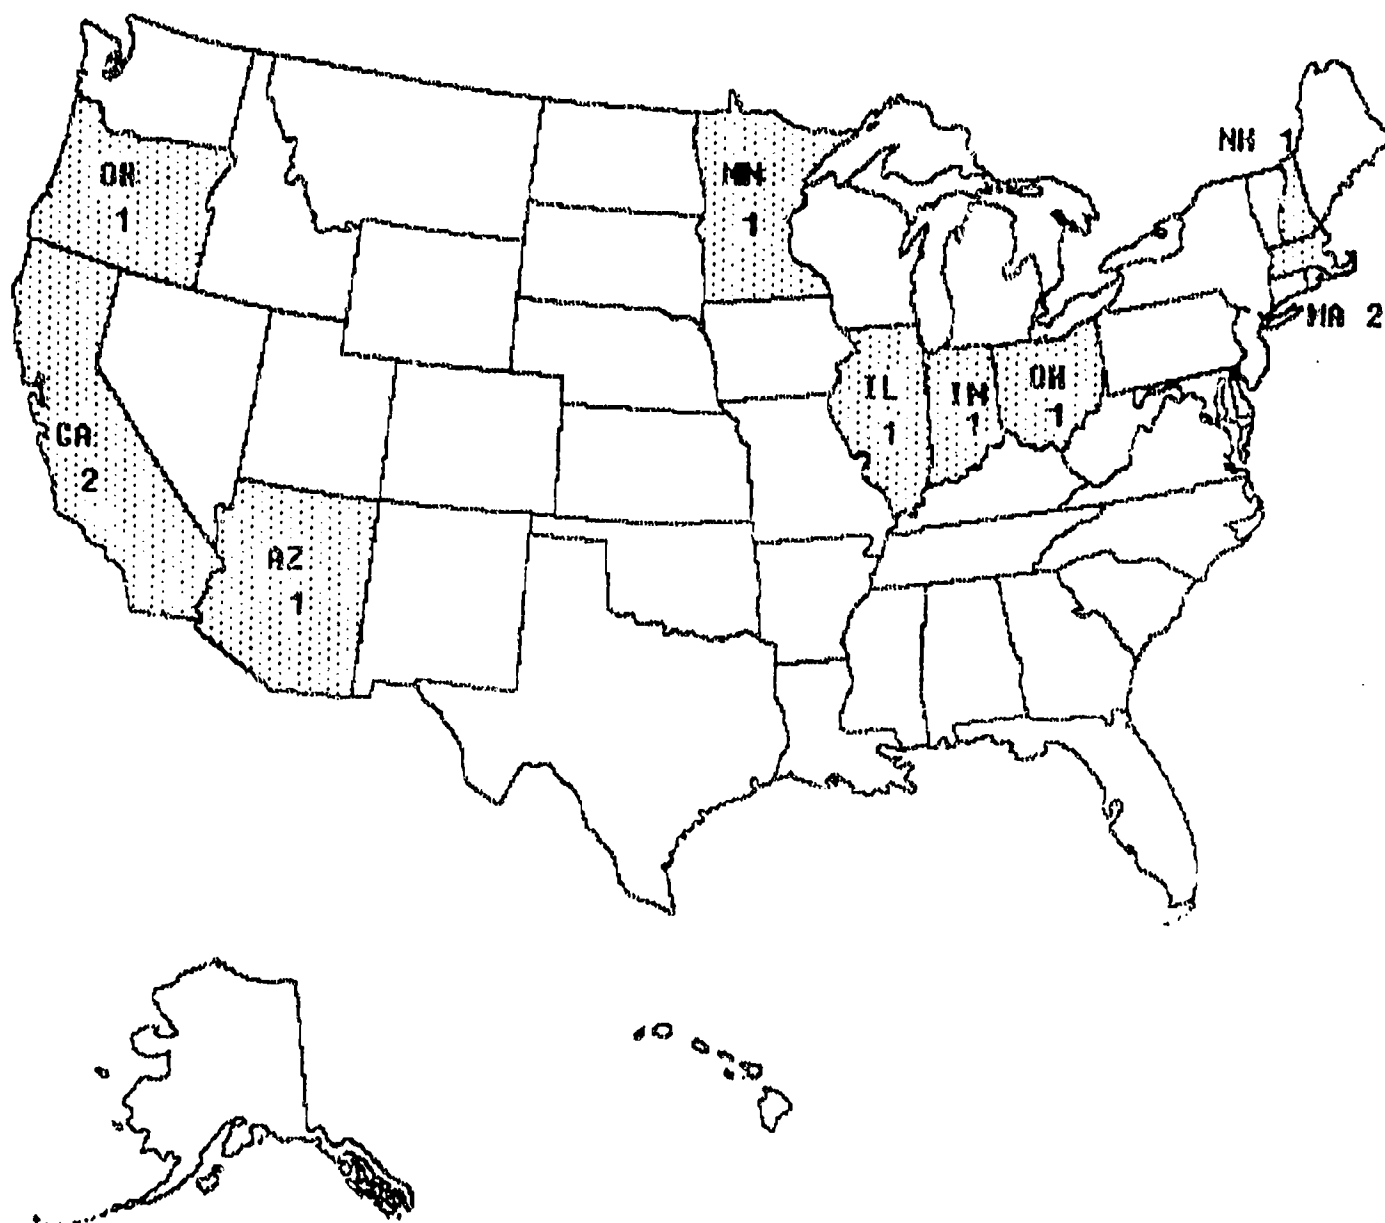

For these projects essentially all of the evaluation plan is being accomplished by the project director and other project staff. As an evaluation approach they use primarily systems analysis, goal based, and professional review, but projects also report use of case study, goal free, and decision making approaches as a basis for evaluating their projects.

### GEOGRAPHIC AREA SERVED

Of the 10 current projects, three reported statewide services, and four projects reported serving major metropolitan areas. One project serves a portion of a county, and one project is countywide. The provision of service to more than one county within the state was reported by one project.

PROJECT END DATE: 8/31/89

PRIMARY GRANTEE:  
University/four-year college

GEOGRAPHIC AREA SERVED:  
Metropolitan area with public  
transportation system

---

PROGRAM PURPOSE: Project Origins is a joint effort by the Division of Special Education and the Arizona State Museum at the University of Arizona, Southern Arizona Pilot Parents Association, and a number of local school districts, to develop innovative approaches to vocational skills training and social integration for youth with handicapping conditions. Toward this end our project seeks to develop the field of archeology as a matrix for skills training, social integration, and longer-term employment possibilities.

PROJECT FOCUS:

1. Identify project participants.
2. Plan, conduct, and evaluate parent, student, and educator workshops.
3. Conduct surveys regarding self-perceived transition needs of parents, students, and teachers.
4. Disseminate position paper on results of Needs Survey.
5. Plan, conduct, and evaluate transition program for students during summer.
6. Compile first draft of Wisconsin Postsecondary Resource Directory.
7. Disseminate overview of model to public and professional audiences.
8. Individual transition counseling.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 25

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 25

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Severe autism	2	16-19
Severe deafness/blindness	10	
Moderate developmental disability	5	13-21
Severe developmental disability	11	13-21
Profound developmental disability	1	13-21

Professionals/parents receiving services (training) through project activities:

15 Parents

7 Project staff

10 Teachers

## PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, goal free, decision making, professional review

### Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, student/client progress in training program, student/client integration into environment

On Employers: Employer collaboration level, employer satisfaction with student/client and project activities, employer outcome status

### Instrumentation

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, Advisory Board

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report, brochure/pamphlet

Audience: OSERS, advisory board, other participants of schools, parents

PROGRAM PURPOSE: To facilitate effective transitioning from secondary to postsecondary environments (job or school) by promoting a shared networking and responsibility of all individuals and/or services involved in the transition process; to increase the likelihood that students with learning disabilities will complete high school and make an effective transition into a postsecondary educational or vocational environment; to disseminate the model to secondary and/or postsecondary service providers interested in replicating the transition model in their settings.

PROJECT FOCUS:

1. Phase out of project staff from integrated programming.
2. Train permanent school staff to continue integrated programming.
3. Write dissemination manual on project.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 80

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 30

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild multiple handicap	1	14-24
Moderate multiple handicap	3	14-24

PROGRAM PURPOSE: Development and implementation of the Transitional Instruction Model for project participants, and to refine and replicate model.

PROJECT FOCUS:

1. Continue direct services to students, parents/care providers and professionals including community-based vocational training for students 14-22, development/review and implementation of vocational and transition plans for students 18-22, and inservice training.
2. Coordinate districts/regional center officers county-wide for continuity of transition procedures.
3. Develop pilot procedures for coordinating I.E.P., I.P.P., and I.T.P.
4. Evaluate project's outcomes.
5. Write final report.
6. Develop plan for continuation of services beyond final funding year.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 280

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 50

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROGRAM PURPOSE: To design, implement, evaluate, and replicate innovative methods for the provision of transition skills training to adolescents and young adults with severe handicaps.

PROJECT FOCUS:

1. Provide academic and social services to students with learning disabilities.
2. Develop project as setting for cooperative learning.
3. Provide training/enrichment for staff.
4. Continue to improve relationships between project and other campus and community providers of services to students with learning disabilities.
5. Maintain quality of advisory board as resource to nurture and evaluate project's growth.
6. Provide summer high school to university transition program for incoming freshmen.
7. Evaluate grant's success as defined by objectives.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 105

University/four-year college

GEOGRAPHIC AREA SERVED: State

---

PROGRAM PURPOSE: The mission of this project is to develop, implement, and evaluate an effective transition program to increase the employability, independence and community integration of severely handicapped and deaf-blind students in a residential and day school program.

PROJECT FOCUS:

1. Review current year objectives.
2. Select students for second year.
3. Define objective for second year.
4. Review curriculum changes.
5. Perform job forecast.
6. Identify new employment sites.
7. Develop training manuals.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 280

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 120

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Moderate developmental disability	20	17-25
Severe developmental disability	75	17-25
Profound developmental disability	25	17-25

Professionals/parents receiving services (training) through project activities:

90 Agency personnel

15 Teachers

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis

Instrumentation

Commercially Available Instruments Used by Projects: Behavior Development Scale

Locally/Project Developed Instruments: VOIS Model Fidelity Checklist, Resident Lifestyle Inventory, Social Network Analysis Form, Valued Outcomes Information System

COMPETITION PROFILE: CFDA 84.158C

SECONDARY EDUCATION AND TRANSITIONAL SERVICES  
FOR HANDICAPPED YOUTH: MODELS FOR PLANNING AND  
IMPLEMENTATION OF TRANSITIONAL SERVICES

INITIAL COMPETITION: 12/07/84

SECOND COMPETITION: 1/21/86

THIRD COMPETITION: 12/15/86

PURPOSE OF COMPETITION

The purpose of the initial competition was to support projects designed to plan and develop cooperative models for activities among State or local education agencies and adult service agencies, which would facilitate effective planning and program development to meet the service and employment needs of youth with handicapping conditions as they leave school. Model programs were to target those youth who need but have traditionally had problems linking with community-based training programs and services or obtaining and maintaining employment. Projects were expected to consist of a planning phase which would attend to the development of a cooperative planning model, and an implementation phase which would implement and evaluate the model.

The program focus was more explicit in the second competition. It was specified that the planning phase (Year 1) should result in cooperative systemic planning which goes beyond collaboration to formal working commitments and agreements. The planning process was also to be sufficiently documented in terms of procedures, resources required, and outcomes obtained so that others could replicate the cooperative planning process. The

implementation phase was extended to two years in the FY1986 competition, and replicability of the model was stressed. The model demonstration was also to provide for rigorous evaluation in order to determine its effectiveness to extend current knowledge relating to the transitional needs of youth with handicapping conditions. The second competition also emphasized the collaborative nature of the model projects and stressed the need for applicants to show the commitment of participating education, rehabilitation, or other service providers within the application.

The focus for FY1987 was the identification of systemic barriers in agencies affecting the transition process, development and implementation of innovative approaches for transitional service delivery and the evaluation of the effectiveness of cooperative planning and implementation. The third competition reflected the requirements of the second competition (FY1986) for a planning phase and an implementation and evaluation phase. The target population remained the same as the initial competition.

#### AUTHORITY

Authority for this program is contained in Section 626 of Part C of the Education of the Handicapped Act as amended by P.L. 98-199.

#### ELIGIBLE RECIPIENTS

Institutions of higher education, state educational agencies, local educational agencies, and other public and private nonprofit institutions or agencies (including the State job training coordinating councils and service delivery area administrative entities established under the Job Training Partnership Act) were eligible for all three competitions.

#### FUNDS AVAILABLE

Approximately \$900,000 was available for support of an estimated 13 new cooperative models in fiscal year 1985. The approximate amount available for fiscal year 1986 was \$880,000 for support of eight to ten new cooperative

models. The approximate amount available for FY1987 was \$700,000 for an estimated seven awards.

#### NUMBER OF GRANTS AWARDED

In FY1985, 16 model demonstration grants were awarded. In FY1986, 10 new model demonstration grants were awarded. In FY1987, 12 new model demonstration grants were awarded.

#### DURATION

For FY1985, project support was available for two years subject to an annual review of progress and availability of funds. All FY1985 projects expired in 1987. Project support was extended to three years for both FY1986 and FY1987 projects, subject to an annual review and availability of funds. The FY1986 projects will expire in 1989, and the FY1987 projects will expire in 1990.

## SUMMARY OF 84.158C PROJECT PROFILES

### PRIMARY GRANTEE

Of the 22 current projects reporting, five grants were awarded to public secondary schools/local education agencies under this competition. Six awards were received by universities. Seven state agencies received grant awards under this competition including six state departments of education and a Governor's Planning Council on Developmental Disabilities. Four private non-profit agencies received grant awards.

### PROJECT PARTICIPANTS

Projects funded under this competition were to target youth with handicapping conditions who need, but have traditionally had problems (1) linking with community-based training and/or services, or (2) obtaining and/or maintaining employment. The three handicapping conditions most served by these projects are mental retardation (39% of target population), learning disabilities (30%), and emotional disorders (16%). Twenty-three handicapping conditions are represented in the remaining 15% of the target population indicating the wide range of individuals served by this competition.

With this competition's emphasis on collaboration with education, rehabilitation, and service providers, 22 projects indicated provision of related service components. Twenty projects reported providing related services to teachers, with an estimated 1,300 receiving service/training. Seventeen projects reported working with a total of 1,315 parents. Eighteen projects are providing services to 739 agency personnel, and 13 projects are reported services to 445 business/industry personnel. And 54 project staff are receiving training from their 15 projects.

## COOPERATING AGENCIES & ORGANIZATIONS

Twenty-two projects reported on one or more cooperating agencies. Twelve projects reported cooperation with state agencies. Eleven projects indicated cooperation with JTPAs. Ten projects reported on cooperation with local education associations, and ten with public schools. Nine indicated cooperation with universities, and nine with community workshops. Six indicated cooperation with residential rehabilitation institutions. Five reported cooperation community rehabilitation institutions, and five with associations for retarded citizens. Two projects indicated cooperation with city agencies, and two with private, not-for-profit agencies. One project indicated cooperation with an ACLD, one with a parent advisory center, and one with an educational service district.

## PRODUCTS

All twenty-two projects reported on product development. The majority of projects indicated a brochure (15) and production of articles (12). Eleven projects indicated development of instruments, and eleven the development of a replication manual. Ten indicated development of a training manual, and ten reported development of a parent handbook. Seven projects indicated development of a video presentation, and seven reported the production of curricula. Five projects indicated the development of a student handbook, and three reported development of a slide presentation.

## PROJECT EVALUATION PLAN

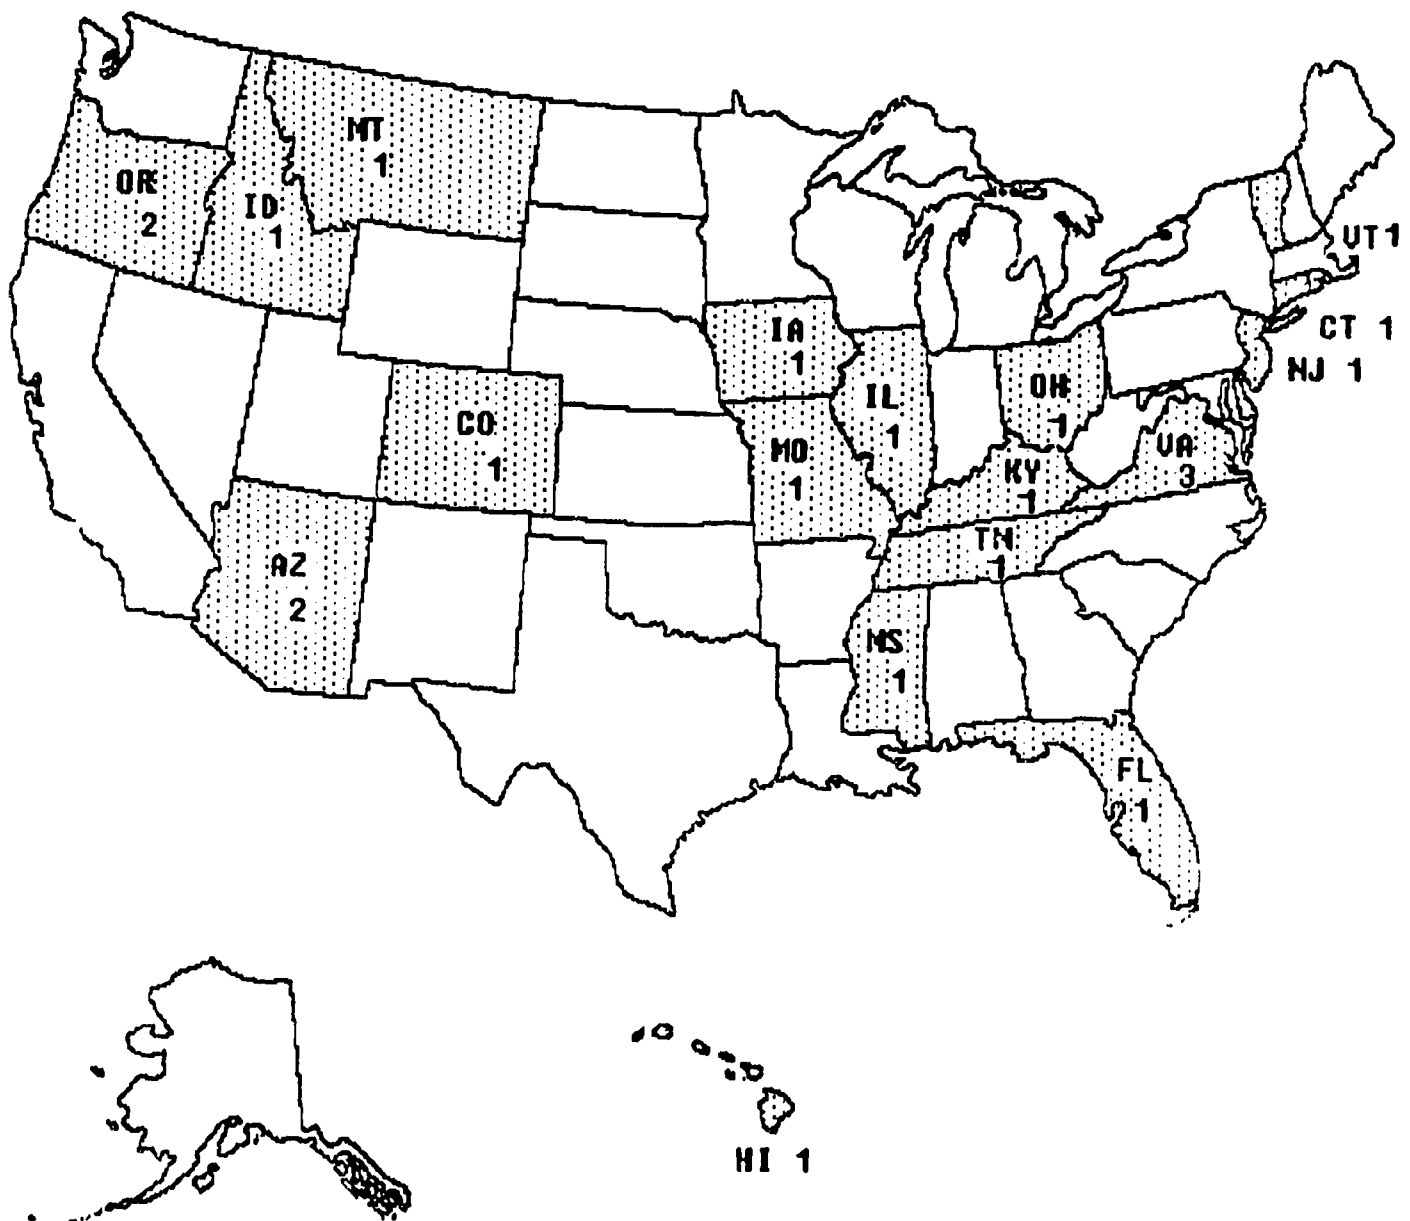

The three most common approaches to evaluation planning by these projects are systems analysis, goal based, and decision making. Professional review and case study methodologies are also used by several projects. In most cases the project staff are responsible for evaluation. Five projects report that their advisory boards are also involved; five indicate a third party evaluator; and four indicate that their staff includes an evaluator.

### GEOGRAPHIC AREA SERVED

Of the 22 current projects, nine projects reported a statewide area being served. Three projects serve a county within their respective states, one of which includes a major metropolitan area. Four projects provide services to more than one county. Three projects serve small towns (5,000-100,000), and three projects indicated rural areas as the primary geographic area being served.

PROGRAM PURPOSE: To improve pre-entry/pre-employment skills, to provide parents with transition information and support, to improve employer attitudes and number of job placements, to improve job success, and to increase mainstreaming into regular vocational education. To provide comprehensive vocational assessment and to increase interagency collaboration.

PROJECT FOCUS:

1. Field testing and revision of curriculum and teaching modules.
2. Employer workshop, support groups, and distribution of employer manual.
3. Dissemination of project products and results, information manual.
4. Continued followup surveys and support to students.
5. Implementation of vocational assessment procedure.
6. Continued parent support groups, vocational rehabilitation counseling support to students to help them succeed in vocational classes or employment, and interagency meetings and collaboration.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,000

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 400

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Moderate emotional disorder	25	14-21
Severe hearing impairment	10	14-22
Dropout	20	14-22
Moderate cerebral palsy	2	14-22
Severe health impairment	10	14-22
Moderate learning disability	30	14-21
Severe learning disability	20	14-21
Severe mental retardation	10	14-22
Profound mental retardation	5	14-22
Moderate multiple handicap	5	14-22

Professionals/parents receiving services (training) through project activities:

150 Parents

50 Business/industry personnel

5 Project staff

35 Agency personnel

20 Teachers

Undergraduate/graduate students

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, Goal based

Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, level of direct service provided to employer, employer satisfaction with student/client, project activities

On Postsecondary Education: Postsecondary education/training demographics

Instrumentation

Commercially Available Instruments Used by Projects: WISC-R, WAIS and Ravens, Minnesota Spatial Relations Test, McCarron Dial, JEVS and Valpar, Peabody Picture Vocabulary Test, SSSQ, COPS and COPES, Purdue Pegboard, Crawford Small Parts Dexterity Test and Bennett Hand Tool Dexterity Test, WRAT and SRA

Locally/Project Developed Instruments: Work behavior observation form, Employability/Social Skills Rating Scale and Employer evaluation form, Parent Survey, Employer Survey and Vocational Education Teacher Surveys, Needs assessment to employers and Pre/Post tests on teaching modules

Personnel Involved in Evaluation Activities: Project director, Staff evaluator

Type of Evaluation Reporting and Audience

Type: Executive summary

Audience: Consumers, OSERS, Transition Institute, advisory board

GEOGRAPHIC AREA SERVED:  
Region within a state (including  
more than one county)

---

PROGRAM PURPOSE: To plan and implement comprehensive transition services for severely handicapped students beginning at the secondary school level. This project will be conducted in cooperation with parents, state and local service agencies, and three local school districts (suburban and rural).

PROJECT FOCUS:

1. Implement individualized transition planning within "Core Transition Team" schools.
2. Train select members of "Core Transition Teams" to implement dissemination of transition planning throughout participating school districts and agencies.
3. Complete preparation of training materials/manual for parents, educators, and adult service providers.
4. Present project information at local, regional, and state conferences, workshops.
5. Commence implementation of transition within the three targeted school districts/boards of cooperative educational services.
6. Continue development and use of evaluation instruments to monitor project progress.
7. Provide training for educators in functional community-referenced assessment and job development skills.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 110

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 110

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Severe deafness/blindness	5	16-21

PRIMARY GRANTEE:  
Local education agency

PROGRAM PURPOSE: To identify transition barriers and to develop and implement a motivational transitional program to overcome them. The motivational program will involve teachers, parents, and agencies with the student in developing realistic personal and career goals and in obtaining services, training, and successful employment.

PROJECT FOCUS:

1. Conduct baseline data surveys on dropout rate, agency barriers to transition, employment rate, and parent opinion.
2. Compile curriculum of reality-based activities.
3. Conduct motivational seminars for VE population.
4. Provide inservice training for faculty.
5. Form an interagency council.
6. Conduct informational seminars among agencies.
7. Develop transition plan for graduating seniors (1988).

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,200

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 1,200

PROGRAM PURPOSE: To plan and operationalize a cooperative model for improving the availability and quality of transition services for handicapped youth; to implement and evaluate the cooperative model as a demonstration project with handicapped youth participating within transition activities; and to institutionalize effective elements of the demonstrated model, producing outcomes to be incorporated into existing service delivery structures, replicated and disseminated.

PROJECT FOCUS:

1. Statewide Transition Workshop and Planning Conference; follow-up technical assistance.
2. Development of Transition Operations Manual and related documents.
3. Implement Cooperative Data Model with a follow up sample of 330 school leavers
  - a. Development of Follow Along/Follow up questionnaire.
  - b. Data collection, analysis, and application to improve transition services.
4. Demonstrate follow along (longitudinal) data collection based on the Cooperative Data Model; application of computerized approach; training of secondary personnel.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 25,000

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 250

PROGRAM PURPOSE: To stimulate the development and improvement of programs for secondary special education, and to develop a system of cooperative planning and implementation of transition services through a coordinated system of local, regional, and state efforts. Four major components include: interagency working group and the exchange of personnel for various inservice and training needs; inservice training at local, regional, and state workshops; availability of mini-grants to LEAs; and development of school-based transition services in LEAs.

PROJECT FOCUS:

1. Interagency networking and cooperation through activities of the Interagency Working Group (IGW) on transition.
2. Provide three regional workshops for parents, mildly disabled students, school personnel, agency personnel, and others in related services on transition, postsecondary education, and training opportunities.
3. Provide a system of inservice training, technical assistance, and support to 30 new pilot sites districts.
4. Conduct a summer course on "Transition Planning and Vocational Special Needs" for 30 participants from 10 school districts.
5. Award 20 stipends to ITP pilot sites support and stabilize existing transition practices.
6. Establish a state wide task force to develop recommended policy for dissemination to local school districts.
7. Complete follow up survey on targeted transition students every six months for three years.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 600

PROJECT TITLE:  
Prompting Competitive Employment Services  
for Persons with Severe Handicaps through  
a Coordinated Longitudinal Model

INSTITUTE #: 189

PROJECT DIRECTOR: David P. Wacker

COMPETITION #: 84.158C

PROJECT COORDINATOR: Thomas Flynn

PROJECT START DATE: 7/1/87  
PROJECT END DATE: 6/30/90

CONTACT PERSON: Thomas Flynn

PRIMARY GRANTEE:  
University/four-year college

MAILING ADDRESS:  
The University of Iowa  
Division of Developmental Disabilities  
University Hospital School  
Iowa City, IA 52242

GEOGRAPHIC AREA SERVED:  
Region within a state (including  
more than one county)

TELEPHONE #: 319-353-6451

---

PROGRAM PURPOSE: Develop and implement cooperative interagency agreements in four separate geographic regions in Iowa to promote supported employment and transition options. The project will establish six models in the state to offer a model program to other school and adult programs interested in initiating or expanding supported employment programming.

PROJECT FOCUS:

1. Expand into two additional programs. One school program and one adult program--continue program in one current site with emphasis on placing individuals who are the most severely mentally retarded disabled into supported employment.
2. Provide supported employment services to an additional 25 individuals.
3. Complete a survey on the acceptability of supported employment and identify any significant factors that limit the implementation of this type of program to schools, adult service providers, employers and families.
4. Development of a monograph on the project.
5. Continue to provide technical assistance to school and adult services.
6. Continue data collection and analysis of necessary conditions for successful implementation of supported employment.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 100

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 75

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Moderate chronic mental illness	2	25-40
Mild mental retardation	7	16-68
Moderate mental retardation	80	16-68
Severe mental retardation	5	16-68

Professionals/parents receiving services (training) through project activities:

50 Parents	30 Agency personnel
8 Business/industry personnel	20 Teachers
6 Project staff	Undergraduate/graduate students

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, professional review

Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client work experience background data, student/client progress in training program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer, characteristics/demographics, Employer satisfaction with student/client, project activities, Employer outcome status, Acceptability of program

Instrumentation

Commercially Available Instruments Used by Projects: V.A.C.G.

Locally/Project Developed Instruments: Collateral Behavior Checklist, Checklist on condition necessary for successful supported employment placement, Advisory Boards in each site will rate the effectiveness of their board in supported employment programming in their communities, Contact log to determine average cost associated with placements and job development, training, and follow-up

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, Project Co-director

Type of Evaluation Reporting and Audience

Type: Monograph

Audience: Consumers, OSERS, advisory board, state agency, Iowa Transition Initiative

PROGRAM PURPOSE: To develop and implement a community system to transition handicapped youth exiting the public schools. These students will receive services to include case management, consultation, individualized assistance in job seeking skills, job search, and supported employment. Referral services are also provided in order to maximize the employment potential by utilizing existing resources and reducing duplication of effort.

PROJECT FOCUS:

1. Develop service delivery linkages between public schools, vocational rehabilitation, adult service providers, and business/industry.
2. Develop a project brochure.
3. Formation of Advisory Council and resulting letters of agreement.
4. Formalize referral system within community.
5. Serve 36 students in various stages of transition process.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 200

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 180

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>

PROJECT START DATE: 8/1/86  
PROJECT END DATE: 7/31/89

PRIMARY GRANTEE:  
Public secondary school  
Local education agency

PROGRAM PURPOSE: The primary goal of this project is to develop, implement, and validate a coordinated model of transitional services which enables disabled youth to access needed adult services and secure the least restrictive employment option available to them, regardless of disability.

PROJECT FOCUS:

1. To refine interagency inservice program which establishes a network for crosstraining among participating agencies.
2. Disseminate a Transition Handbook for parents.
3. To develop an Employer-to-Employer Awareness Program.
4. Disseminate a Handbook for Supervisors and Co-workers designed to enable workers with disabilities to reach their potential.
5. Disseminate a comprehensive assessment inservice program for schools.
6. Disseminate Index of least restrictive employment.
7. To continue to develop a supported employment component for transition for school age youth.
8. Investigate concerns of parents, teachers, and administrators to identify persistent barriers and emerging possibilities for transition.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,500

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 300

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild behavioral disorders	1	12-24
Moderate behavioral disorders	2	12-24

Special Education and Counseling Dept.  
Wayne, NJ 07470

PRIMARY GRANTEE:

University/four-year college

GEOGRAPHIC AREA SERVED:

Region within a state (including  
more than one county)

TELEPHONE #: 201-595-3092

PROGRAM PURPOSE: To facilitate the successful transition of high-risk mildly handicapped non-college bound postsecondary youth from school to community. Using the college campus as a "sheltered community," the program involves members in paid, part-time campus-based work experience focusing on work values/attitudes, and on the development of appropriate work-related social behaviors; campus based social and recreational needs activities coordinated by mentors in collaboration with members; and instruction, based on members needs and provided by mentors. A main objective is to create opportunities for members to "lose their labels" as they become increasingly independent of external controls and more self-reliant.

PROJECT FOCUS:

1. Implementation of interagency planning to include identification of, and referral of, prospective members considered "high-risk" by LEA's and PSSP's.
2. Continued development and implementation of the instructional, work experience, and social/recreational components of the campus-based program for members, and of the mentor training program.
3. Establishment and implementation of procedures to effect member's transition from campus to PSSP for either (1) targeted occupational training, or (2) on-the-job training.
4. Continued refinement and implementation of evaluation procedures.
5. Continued maintenance of communication networks (formal boards and informal contracts) to fulfill project objectives.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 55

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 30

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild behavioral disorders	4	18+
Mild emotional disorder	5	18+
Dropout	5	18+
Mild learning disability	12	18+
Mild mental retardation	3	18+

## PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based, goal free, decision making, professional review, case study

### Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client integration into environment, student/client outcome status

On Employers: Level of direct service provided to employer, Employer satisfaction with student/client, project activities

### Instrumentation

Commercially Available Instruments Used by Projects: WAIS-R and WISC-R, Problem-Oriented Social Voc. Adapt. Prog., Peabody Picture Vocabulary Test - R, SSSQ, POSVAP: Curriculum Embedded Assessment, DISCOVER-computerized assessment, WRAT-R

Locally/Project Developed Instruments: On-site work behaviors and social/recreational behaviors, Attributes demonstrating readiness, attitudes/behaviors profile and mentor self-evaluation form, Work-site supervisor's interview and members structured interviews, Biweekly mentor activity records and mentors reaction to project involvement, Parent/family questionnaire, mentor entry questionnaire and prospective member application, Audio taped self evaluation of growth, internal comparative ranking forms, transition referral form and H.S./general referral form

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, Advisory Board, Third Party Evaluator

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report, brochure/pamphlet

Audience: Consumers, OSERS, Transition Institute, advisory board, state agency, Local Education Agencies, PSSPs (country wide)

---

PROGRAM PURPOSE: To develop, field-test, revise, and implement a model for improving secondary special education and transition services for students with either mild or severe disabilities in school districts throughout Oregon. The foundation for this statewide effort includes a comprehensive research examination of the current status of services and programs in Oregon, as well as a series of activities designed to build a strong and broad coalition of support of needed improvement.

PROJECT FOCUS:

1. The IGW acts as a communication center for all transition activities, such as continuing education and training, employment related issues, and agency shared projects and inservice training.
2. Networking and sharing information with students, parents, school personnel, adult service providers, and the business community promotes clear communication and more effective planning and program delivery.
3. The dialogue and interaction of IGW has increased the understanding and awareness of agency personnel, and also to facilitate sharing of information among local teams.
4. Develop and revise final procedures and materials for statewide utilization.
5. Secure state funding for continuation of the program, once federal funds are terminated.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 10,000

Private non-profit agency

GEOGRAPHIC AREA SERVED:  
County

---

PROGRAM PURPOSE: To develop an effective and permanent four-part model that will develop local interagency cooperative agreements, individualized transition plans as a component of the individualized education plan, inservice training for parents, school personnel, and support agency staff and a Project with Industry component.

PROJECT FOCUS:

1. Tenth year follow-up.
2. Analysis of project data.
3. Evaluation of project.
4. Dissemination.
5. Final report.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 460

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 460

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
All handicaps	425	17+

Professionals/parents receiving services (training) through project activities:

42 Parents	63 Agency personnel
30 Business/industry personnel	15 Teachers
2 Project staff	

PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based

### Type of Data/Information Being Collected

On Students/Clients: Number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, Employer collaboration level

On Postsecondary Education: Postsecondary education/training demographics

### Instrumentation

Personnel Involved in Evaluation Activities: Project Director, Advisory Board, Third Party Evaluator

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report, executive summary

Audience: OSERS, Transition Institute, advisory board

GEOGRAPHIC AREA SERVED:  
State

TELEPHONE #: 802-828-3141

---

PROGRAM PURPOSE: To develop, implement, and evaluate a model for state- and local-level interagency collaboration between the Divisions of Special Education and Vocational Education, the Division of Mental Retardation, the Division of Vocational Rehabilitation, and the Department of Employment and Training. The goal is to enhance the transitional services available to youth labeled mentally retarded in Vermont.

PROJECT FOCUS:

1. Development of an interagency agreement between special education and vocational rehabilitation to identify students in need of transition planning and services.
2. Develop a state policy for transition plans for inclusion in the VT State Board's Policy and Procedures Manual.
3. Develop a follow-up and tracking process for monitoring post-school employment outcome of former students who graduated, left, or dropped out of high school.
4. Develop, implement, and evaluate processes for establishing local interagency agreements.
5. Develop, implement, and evaluate model strategies for increasing the employment and vocational education and training experiences of students labeled mentally retarded in four implementation sites.
6. Develop and implement transition plans for all students labeled mentally retarded in each of the four implementation sites.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,200

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 400

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild mental retardation	100	17+
Moderate mental retardation	250	17+
Severe mental retardation	50	17+

PROGRAM PURPOSE: To develop a model at state and local levels which insures students with disabilities in Virginia will receive transition services focusing on career preparation, employment, independence, and successful life adjustment through a formal organized case management system. The service delivery model involves the state agencies and a computerized transition information system.

PROJECT FOCUS:

1. Transition planning and service provision for 160 students in 12 demonstration sites.
2. Technical assistance to 12 localities.
3. Expansion of technical assistance to six more localities.
4. Implementation of interagency client tracking system, and transition resource cataloging.
5. Establishment of state plan for transitional services.
6. Project evaluation.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 250

## SUMMARY OF 84.158C EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

Federal funding for 16 projects in this competition expired in August and September, 1987. The overall purpose stated by these projects was to improve employment outcomes for students served through the project model. Two projects focused on statewide system change. The projects served youth with various handicapping conditions.

### FOCUS OF CONTINUATION ACTIVITIES

Twelve projects reported on the extent of continuation activities upon expiration of federal funding. Of the reporting projects, six are focusing on dissemination activities. Expansion of project services and manpower training were each reported as a continuation focus for five projects.

### PROJECT COMPONENTS BEING CONTINUED

Of the 12 projects reporting on continuation activities, six projects indicated the continuation of major program components through agencies other than the primary grantee. Seven projects reported training as a program component being continued. Other program components being continued by at least one-third of the reporting projects include: assessment, placement, follow-up, education, dissemination, agency coordination, identification of employers/business sites, and provision of transitional/employment and support services.

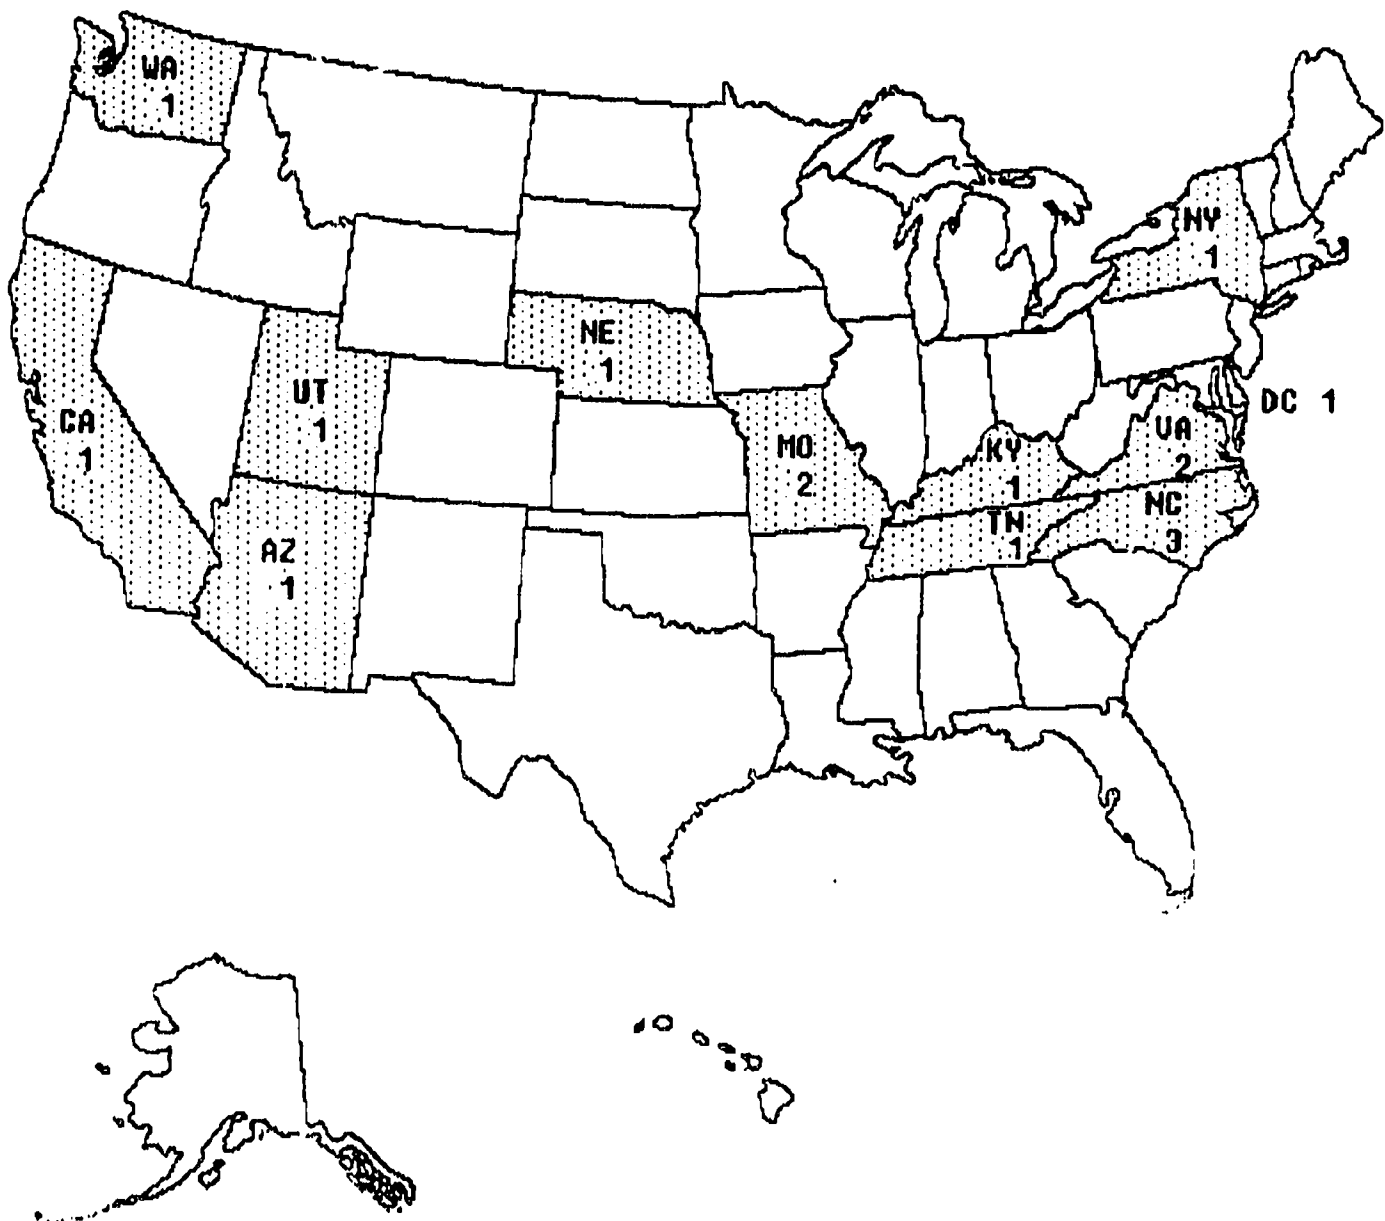

### PROJECT PRODUCTS

Twelve projects reported on the availability of project products. Eight projects indicated the development of a project brochure, and six projects reported the availability of a parent handbook. Seven training manuals have been developed by four projects, and six articles have been written by three projects. Replication manuals and project developed

instruments were each reported as products by three projects. Slide presentations/videotapes have been developed by three projects. Other singular products included newsletter, resource directory, curricula, student handbook, and teacher handbook.

---

PROGRAM PURPOSE: The purpose of this federally funded project was to improve employment outcomes for handicapped rural high school students that are currently characterized by high unemployment rates, low wages, and dependent post-evaluation living arrangements. To develop an interagency joint working group at the local level to improve the transition from school to work and to establish supported employment options which are community and interagency supported. The primary handicapping condition(s) of the students/clients served by this project included behavioral disorder, hearing impairment, learning disability, mental retardation, speech impairment, and multiple handicap.

FOCUS OF PROJECT CONTINUATION ACTIVITIES (1987-88):

1. Continue to refine secondary vocational curriculum and secondary transition process.
2. Continue parent and staff training.
3. Continue to work with state level agencies on dissemination.
4. Continue to work with local intersector group to refine and further develop job coach/supported employment model.
5. Continue longitudinal evaluation studies.
6. Prepare journal articles.

PROJECT COMPONENTS BEING CONTINUED/CONTACT PERSON:

1. Intake, Eligibility determination, Assessment, Referral and Placement/Barb Elliott, Educational Service Unit #9 in conjunction with LEA and Jack Shepard, Vocational Rehabilitation and other state agencies.
2. Dissemination, Followup and Training/Barb Elliott, Educational Service Unit #9 in conjunction with LEA and Jack Shepard, Vocational Rehabilitation and Mid-Nebraska Mental Retardation Services.

PROGRAM PURPOSE: The purpose of this federally funded project was to initiate and document five comprehensive state interagency models supportive of successful transition approaches and programs for disabled youth.

COMPETITION PROFILE: CFDA 84.158L

SECONDARY EDUCATION AND TRANSITIONAL SERVICES FOR HANDICAPPED YOUTH:  
MODELS FOR PROVIDING SECONDARY MAINSTREAMED LEARNING DISABLED AND  
OTHER MILDLY HANDICAPPED STUDENTS WITH JOB RELATED TRAINING

INITIAL COMPETITION: 12/15/86

PURPOSE OF COMPETITION

The purpose of this priority was to provide support to projects that: (1) identify the job-related training and experience needed by mainstreamed secondary-aged learning disabled and other mildly handicapped students to successfully exit school to competitive employment and an independent adult life; (2) develop vocational/occupational intervention models providing job-related training and experience while maintaining the students placement predominantly with general education; and (3) evaluate the effectiveness of the model using quantitative and qualitative evaluation approaches and incorporating comparison groups or cohorts into the evaluation design.

The target population was specified for this competition as students at the secondary level with a learning disability or other mild handicap receiving special education services within the general education class or receiving up to two hours of special education per day within a resource room class setting. Projects were to submit detailed information regarding the needs and problems encountered by the target population. Suggested components for inclusion in projects were a 13th year component, job placement, counseling, on-the-job training, independent living skill training, and interpersonal skill training.

#### AUTHORITY

Authority for this program is contained in Section 626 of Part C of the Education of the Handicapped Act as amended by the Education of the Handicapped Amendments of 1983, P.L. 98-199.

#### ELIGIBLE RECIPIENTS

Institutions of higher education, state educational agencies, local education agencies, and other public and private non-profit institutions or agencies (including the state job training coordinating councils and service delivery area administrative entities under the JTPA).

#### FUNDS AVAILABLE

Approximately \$700,000 was expected to be available for support of up to seven projects.

#### NUMBER OF GRANTS AWARDED

Ten grants were awarded under this competition.

#### DURATION

Project support was available for up to three years under this competition subject to an annual review of progress and availability of funds.

## SUMMARY OF 84.158L PROJECT PROFILES

### PRIMARY GRANTEE

Five grants were awarded to universities under this competition. Two awards were received by local education agencies and two non-profit agencies received grant awards. A community college also received a grant award.

### PROJECT PARTICIPANTS

Projects under this competition were to target mainstreamed secondary-aged youth with learning disabilities or other mild handicapping conditions. In the 10 projects reporting, an estimated 1,915 persons are receiving direct service through this competition. Approximately 4,757 persons are being impacted by these projects. Young adults across most mild handicapping conditions are being served by these projects with the majority falling into four categories: learning disability (59%), multiple handicap (16%), mental retardation (6%), and chronic illness (4%). Nine projects reported on the provision of related services. Five hundred twenty-five parents are receiving service and training from four projects. Two hundred eighty persons from business and industry are receiving services from four projects. One hundred ninety-three teachers are receiving service and training from six projects. Four projects are providing services to 84 agency personnel, and five projects are providing training and services to 45 of their own staff.

### COOPERATING AGENCIES AND ORGANIZATIONS

Nine projects reported on cooperating agencies. Six indicated cooperation with public schools. Five projects indicated cooperation with state agencies. Three noted cooperation with community colleges. Three projects indicated cooperation with local education agencies. Two projects

reported cooperation with JTPAs, and two with community rehabilitation centers. One project indicated cooperation with city government, one with a community workshop, and one with a residential education facility.

### PRODUCTS

Ten projects reported on product development. Seven indicated the development of curricula. Six indicated the production of articles. Five indicated the development of a replication manual. Four projects indicated the development of instruments, and four of videotape resources. Three projects indicated the development of a training manual. Two projects reported development of a newsletter, and two of the development of a student handbook. One reported the development of a brochure, and one of a parent handbook.

### PROJECT EVALUATION PLAN

The evaluation approaches by most of the projects are systems analysis and goal-based. Also used are professional review, case study, decision making, and goal free. Most of the evaluation plans are implemented by the project directors and other project staff.

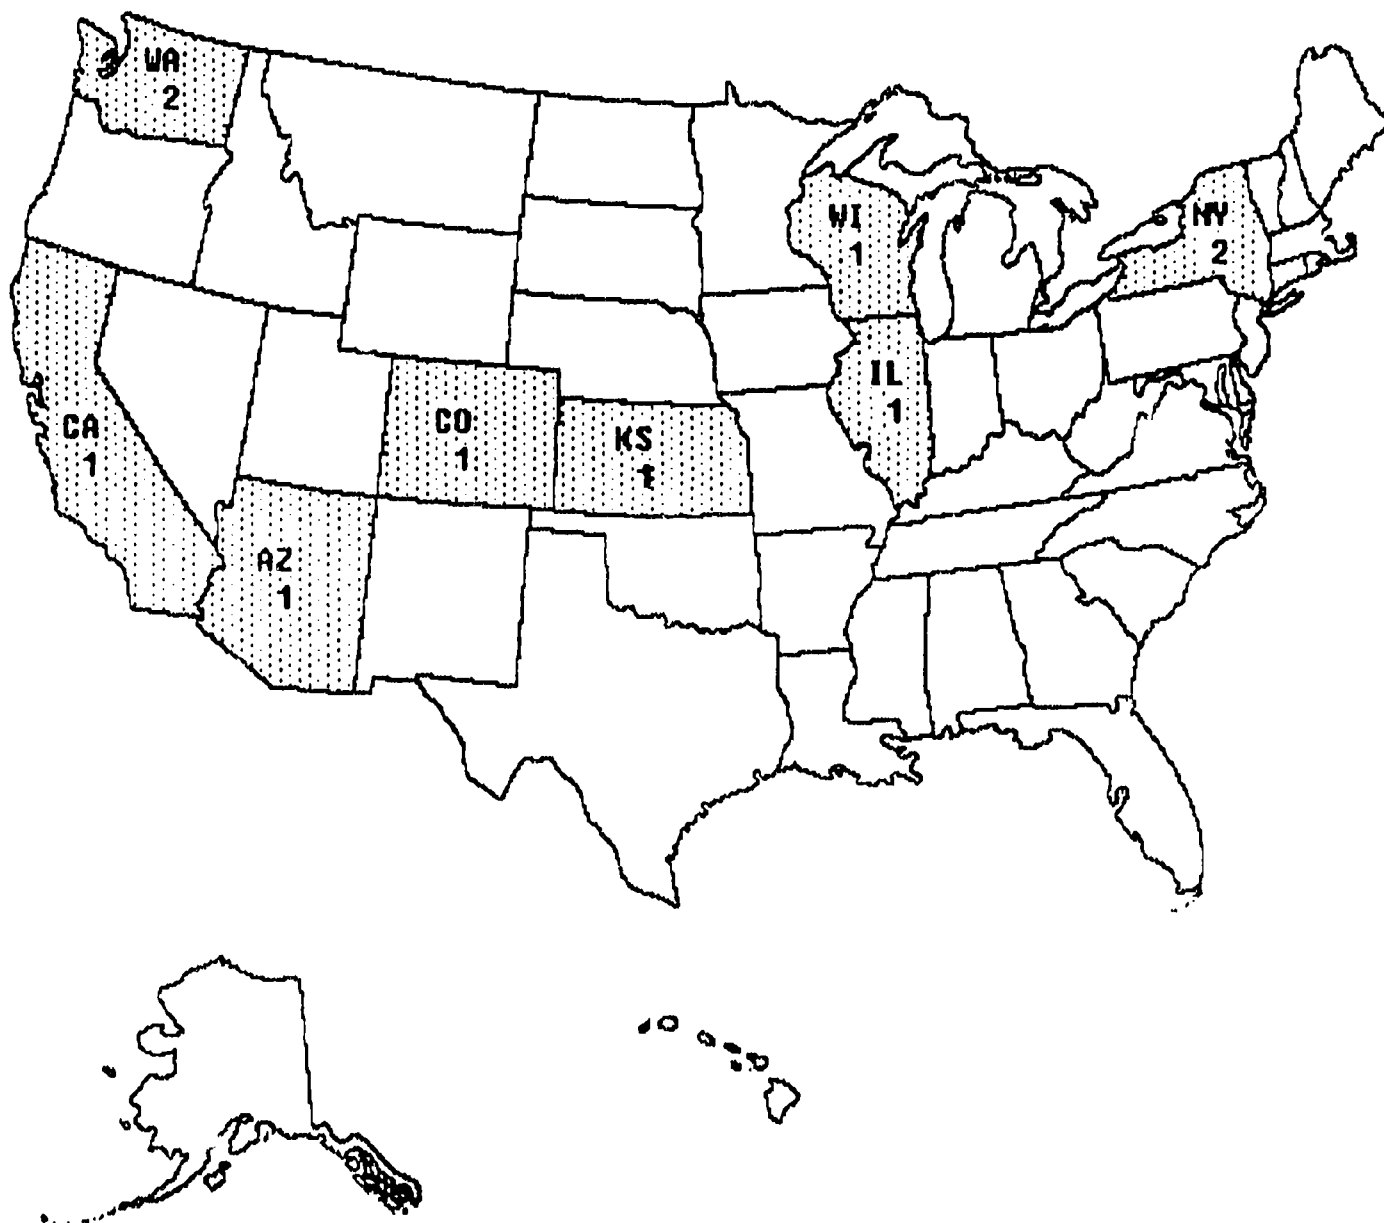

### GEOGRAPHIC AREA SERVED

Of the 10 reporting projects, six reported serving major metropolitan areas. In addition, one project serves a portion of a county which includes a major metropolitan area, and one project is rural. Services to more than one county within the state were reported by two projects.

PROGRAM PURPOSE: To facilitate transition of LD students from public secondary to public postsecondary institutions. Services provided include peer monitors, tutors, personal/academic/career counseling, supplemental evaluation of learning styles/strengths and weaknesses and referral to community agencies as necessary.

PROJECT FOCUS:

1. Field training in basic skills, learning strategies and vocational skills.
2. Implementing field training of evaluation system.
3. Development and implementation of bilingual evaluation system.
4. Development and implementation of the 13th year program with postsecondary education and vocational agencies within the community.
5. Development and implementation of extracurricular vocational/special education project at one test site school.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 1,000

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 500

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Mild chronic illness	77	14-21
Mild hearing impairment	32	14-21
Mild learning disability	610	14-21
Moderate learning disability	171	14-21
Mild mental retardation	79	14-21
Mild physical handicap	31	14-21

Professionals/parents receiving services (training) through project activities:

300 Parents	35 Agency personnel
200 Business/industry personnel	53 Teachers
15 Project staff	5 Postsecondary faculty
3 Undergraduate/graduate students	

## PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based

### Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in educational program, student/client follow-up status, student/client employment status, student/client outcome status

On Employers: Employer characteristics/demographics, level of direct service provided to employer, employer satisfaction with student/client and project activities

On Postsecondary Education. Postsecondary education/training demographics, level of direct service provided by project, postsecondary education/training satisfaction with student/client participation and project activities

### Instrumentation

Locally/Project Developed Instruments: Employability and Social Skills Scale, employer surveys, community agency surveys, Vocational Teacher Satisfaction, parent interviews, student interviews, employer surveys and needs assessment, pre- and post-tests on teaching modes

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff, Advisory Board, staff evaluator

### Type of Evaluation Reporting and Audience

Type: Executive summary

Audience: Consumers, OSERS, Transition Institute

PROGRAM PURPOSE: To develop and implement a model program to facilitate competitive employment of learning disabled youth adults who are in transition from school to adult settings. Primary objectives include: expanding liaisons between secondary education settings, service providers, and prospective employers; refining a vocational needs assessment and vocational preparation curriculum to be used in a transitional vocational training program (TVTP); establishing a TVTP and expanding the Job Placement Bureau; establishing support mechanisms for disabled young adults who are in transition or competitively employed; and exploration of continued means of funding for this or similar projects.

PROJECT FOCUS:

1. Expansion of liaisons between secondary education settings, service providers, and prospective employers.
2. Continued implementation of transitional vocational training program.
3. Refine TVTP to include data entry/word processing training and cash register training.
4. Continued support for young adults who are in transition or competitive employment.
5. Expand advisory board.
6. Expand and revise TVTP LD clients.
7. Expand job placement.

Professionals/parents receiving services (training) through project activities:

35 Business/industry personnel

4 Project staff

## PROJECT EVALUATION PLAN:

Evaluation approach(es): Goal based, decision, professional review

### Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, intake/referral information, number receiving direct or related services, student/client demographics, student/client educational background data, assessment results for student/client, student/client progress in training program, student/client integration into environment, student/client follow-up status, student/client employment status, student/client outcome status, benefits, quality of placement

On Employers: Employer characteristics/demographics, employer collaboration level, level of direct service provided to employer, employer satisfaction with student/client and project activities, employer outcome status, YAP Business Advisory Board

### Instrumentation

Locally/Project Developed Instruments: Employability behavior assessments, work skills assessment, monthly employer reports on clients, employer/supervisor interview and parent/client interview, informal teacher survey, parent/client ongoing support survey, vocational needs assessment, advisory board minutes, project records

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report, media releases

Audience: OSERS

Project JOB

INSTITUTE #: 177

COMPETITION #: 84.158L

PROJECT DIRECTOR: Irwin Rosenthal

PROJECT START DATE: 9/1/87

PROJECT COORDINATOR: Lisa Colton

PROJECT END DATE: 8/31/90

CONTACT PERSON: Irwin Rosenthal

PRIMARY GRANTEE:

University/four year college

MAILING ADDRESS:

239 Greene St.  
400 East Building  
New York, NY 10003

GEOGRAPHIC AREA SERVED:

Metropolitan area with public  
transportation

TELEPHONE #: 212-998-5575

---

PROGRAM PURPOSE: To establish a demonstration project for learning disabled/mildly handicapped high school students with a focus on career/job development and training. Project JOB will have three treatment groups: a traditional career education program; a career exploration program including experience-based career education through a series of work-world internships; and a high school coursework and vocational exploration and training program.

PROJECT FOCUS:

1. Develop internship sites.
2. Provide internship placement, monitoring, and support.
3. Provide college based educational experience.
4. Provide individual and group counseling.
5. Provide career and academic skills assessment and feedback.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 45

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 30

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Dropout	5	16-18
Economically disadvantaged	22	16-18
Minority youth	20	16-18
Mild learning disability	45	16-18

Professionals/parents receiving services (training) through project activities:

1 Business/industry personnel

Postsecondary faculty

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, decision making, case study

### Type of Data/Information Being Collected

On Students/Clients: Number referred to project services, number receiving direct or related services, student/client demographics, student/client educational background data, student/client work experience background data, assessment results for student/client, student/client progress in training program, student/client progress in educational program, student/client follow-up status

On Employers: Employer satisfaction with student/client and project activities

On Postsecondary Education: Postsecondary education/training satisfaction with student/client participation and project activities

### Instrumentation

Commercially Available Instruments Used by Projects: Test of Interpersonal Competence Employment, WRIOT, Career Development Inventory, Harrington- O'Shea, Coopersmith Self-Esteem, HRC Preferred Learning Style Checklist

Locally/Project Developed Instruments: School/work site observations, job related academic skills, interpersonal skills, job skills, effectiveness of strategies, satisfaction with vocational assessment

Personnel Involved in Evaluation Activities: Project Director, Project Coordinator, Project Staff

### Type of Evaluation Reporting and Audience

Type: Formal evaluation report

Audience: OSERS, state agency, NYC Board of Education, professionals, business/industry personnel, business/industry

University/four year college

GEOGRAPHIC AREA SERVED:  
Metropolitan area with public  
transportation system

PROGRAM PURPOSE: To determine the specific employee characteristics and skills sought by employers; to develop and field test a model job skills curriculum; and to determine the effects of the model curriculum on LD students' job acquisition and retention and on employer satisfaction.

PROJECT FOCUS:

1. Interagency networking and cooperation through activities of the Interagency Working Group (IGW) on transition.
2. Provide three regional workshops for parents, mildly disabled students, school personnel, agency personnel, and others in related services on transition, postsecondary education, and training opportunities.
3. Provide a system of inservice training, technical assistance and support to 25 new pilot site districts.
4. Conduct a summer course on "Transition Planning and Vocational Special Needs" for 30 participants from local school districts.
5. Award 20 stipends to ITP pilot sites to support and stabilize existing transition practices.
6. Establish a statewide task force to develop recommended policy for dissemination to local school districts.
7. Complete follow-up survey on targeted transition students every six months for three years.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 80

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 80

<u>Handicapping Condition</u>	<u>No. Served</u>	<u>Age Range</u>
Economically disadvantaged	40	17-20
Minority youth	40	17-20
Mild learning disability	70	17-20

---

PROGRAM PURPOSE: To stimulate the development and improvement of programs for secondary special education, and to develop a system of cooperative planning and implementation of transition services through a coordinated system of local, regional, and state efforts. Four major components include interagency working group and the exchange of personnel for various inservice and training needs; inservice training at local, regional and state workshops; availability of mini-grants to LEAs; and development of school-based transition services in areas.

PROJECT FOCUS:

1. Implement and field test active recruitment materials.
2. Implement and field test Guided Placement Component.
3. Develop alternatives aimed at maintaining special education students in vocational education courses and facilitate successful completion of these courses.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 420

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 130

Professionals/parents receiving services (training) through project activities:

40 Parents	6 Agency personnel
100 Teachers	2 Project staff
10 Undergraduate/graduate students	20 Administrators/counselors

PROJECT EVALUATION PLAN:

Evaluation approach(es): System analysis, goal based, professional review

Type of Data/Information Being Collected

On Students/Clients: Intake/referral information, number receiving direct or related services, student/client demographics, student/client work experience background data, student/client progress in training program, student/client progress in educational program, student/client

integration into environment, student/client follow-up status, student/client employment status, student/client outcome status, teacher/student impressionistic data

PROGRAM PURPOSE: To develop and test the Community Transition Center model. The goals of the model are to increase the capacity of secondary schools to provide employment preparation skills to their handicapped youth, increase the ability of postsecondary settings to educate or employ these youth, and provide direct services to these youth to assist in the transition process. The CTC model is designed to serve mildly handicapped youth who are in the process of transitioning into postsecondary education and employment settings, and who need employment preparation, placement, and post-placement support services.

PROJECT FOCUS:

1. Training of teachers in the vocational transition curricula.
2. Implementation of the curricula at six schools.
3. Provision of technical assistance and service coordination.
4. Establishment of transition steering committee.
5. Follow-up of transition perceptions of teachers.
6. Survey of transition perceptions of teachers.
7. Follow-up services to 1987-88 graduates.

PROJECT PARTICIPANTS:

Estimated number of youth and/or adults with handicapping conditions impacted by project activities over entire funding period: 250

Estimated number of youth and/or adults with handicapping conditions receiving direct services over entire funding period: 75

Professionals/parents receiving services (training) through project activities:

COMPETITION PROFILE: CFDA 84.023D

RESEARCH IN EDUCATION OF THE HANDICAPPED:  
HANDICAPPED CHILDREN'S MODEL DEMONSTRATION PROJECTS/  
YOUTH EMPLOYMENT PROJECTS

INITIAL COMPETITION: 3/5/84

PURPOSE OF COMPETITION

The purpose of this program was to support model projects that demonstrate innovative approaches to facilitating transition from school to work. Projects in this competition were expected to identify populations of individuals with handicapping conditions who have been isolated from the sequence of vocational education to employment capability. Projects were also to choose a particular school-community setting for developing a comprehensive model that incorporates a number of components for transition from school to work. Suggested components included attitude development, job placement, counseling, on-the-job training, training in areas of independent living, and development of interpersonal skills. The general aim of this competition was to use direct service to demonstrate the effectiveness of a newly conceived model which may be replicated either in part or in its entirety in other communities.

AUTHORITY

Authority for this program is contained in Sections 641 and 642 of Part E of the Education of the Handicapped Act.

### ELIGIBLE RECIPIENTS

Institutions of higher education, States, State or local educational agencies, and other public or nonprofit private educational or research agencies and organizations were eligible for this competition.

### FUNDS AVAILABLE

Approximately \$1,500,000 was expected to be available for support of 15 new demonstration projects in fiscal year 1984.

### NUMBER OF GRANTS AWARDED

Twelve demonstration grants were awarded under this competition.

### DURATION

Project support was for a three-year period subject to an annual review of progress and availability of funds. All Youth Employment Projects expired in 1987.

## SUMMARY OF 84.023D EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

The 12 projects awarded in this competition addressed the overall purpose of developing and demonstrating innovative approaches to facilitating transition from school to work within the context of a model program. The majority of the project demonstrations included a focus on curriculum development or revision emphasizing employment and vocational outcomes. Community-based models were specifically referenced by four projects. Two projects established community-based linkage models, one being a network of employability readiness support groups and the other providing a computerized clearinghouse. The projects in this competition served students and clients with various handicapping conditions with five focusing on severe handicapping conditions.

### FOCUS OF CONTINUATION ACTIVITIES

Eight projects reported on the focus of project continuation activities; four each reporting dissemination and inservice activities as a primary focus. Technical assistance activities were reported by two projects.

### PROJECT COMPONENTS BEING CONTINUED

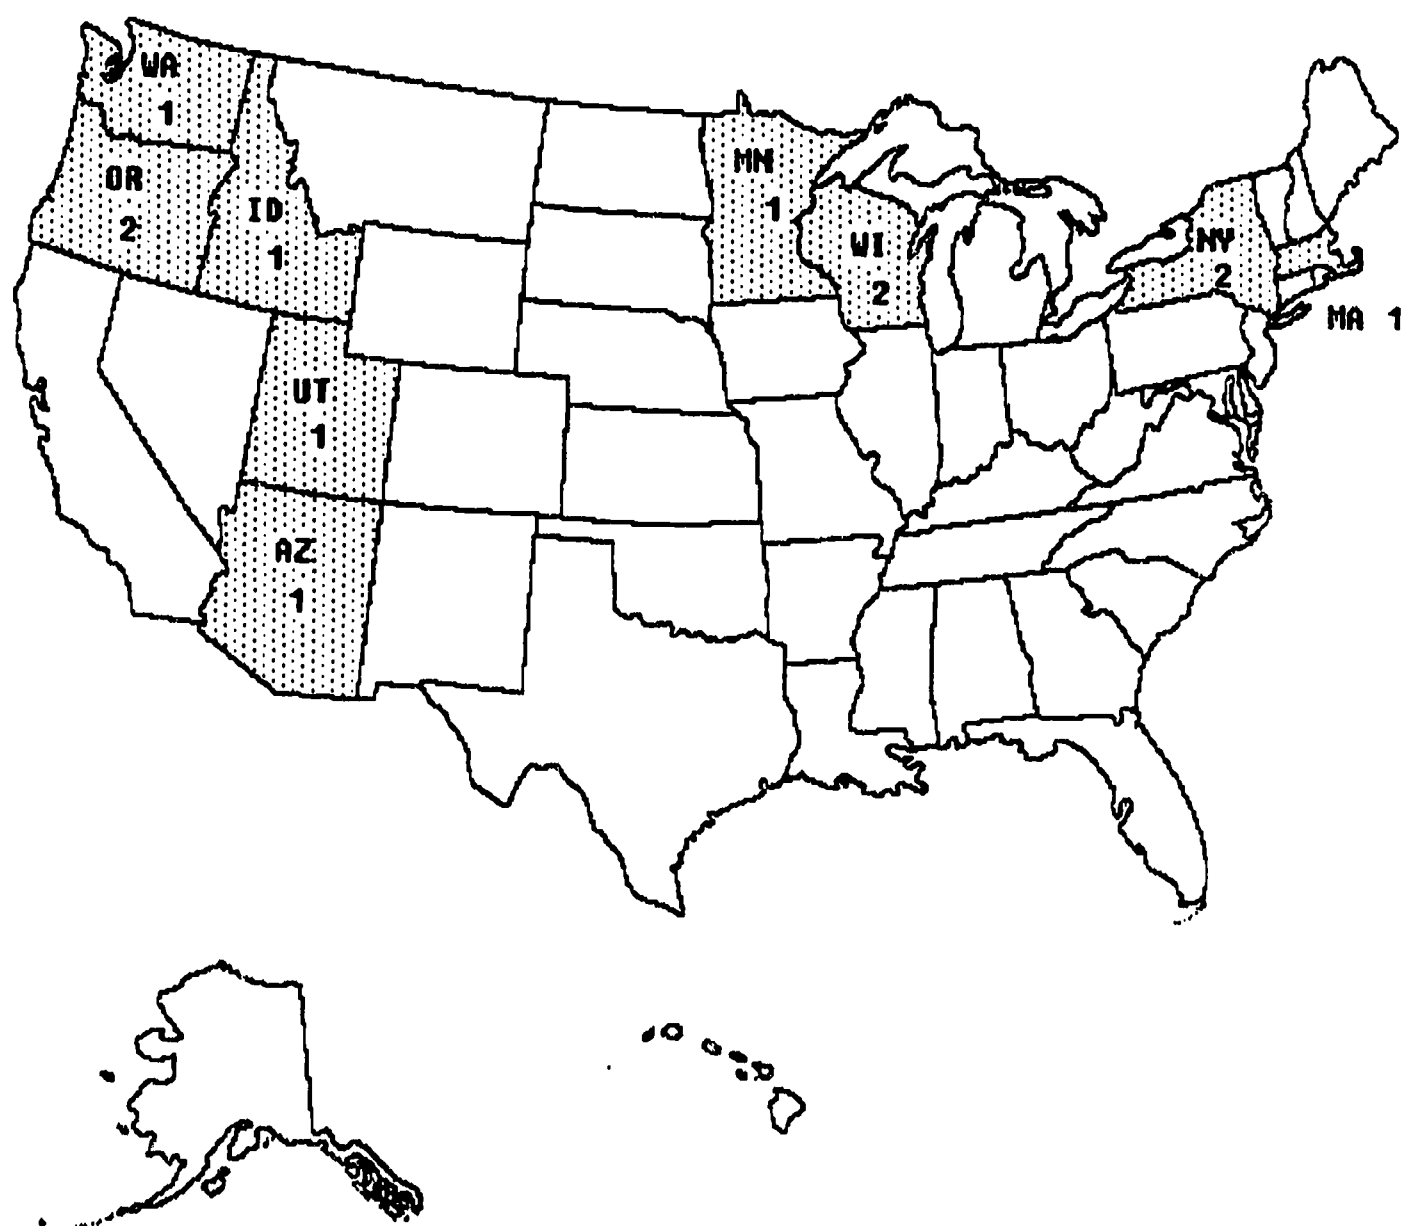

Nine projects reported on project components being continued. Replication and education/training were each indicated by four projects. Assessment, technical assistance, and dissemination were components being continued by three projects each. Other components being continued by at least two projects included placement, counseling, inservice, referral and agency coordination. Of those projects reporting on the continuation of project components, five indicated the involvement of an agency or agencies other than the primary grantee in continuation activities.

## PROJECT PRODUCTS

Products were reported by nine projects. Five projects indicated the availability of project curricula. Training manuals/modules were also reported by five projects. Four projects each indicated development of instruments and replication manuals. Three projects have written a total of four journal articles and two book chapters. Audiovisual materials have been developed by four projects.

PROGRAM PURPOSE: The purpose of this federally funded project was to design, develop, implement and evaluate a community-based vocational training program for severely behavior disordered students by emphasizing a community-based public school vocational training component, a public school teacher inservice component, and a task force component. The primary handicapping condition(s) of the students/clients served by this project included behavior disorder.

COMPETITION PROFILE: CFDA 84.023G

RESEARCH IN EDUCATION OF THE HANDICAPPED:  
HANDICAPPED CHILDREN'S MODEL DEMONSTRATION PROJECTS/  
POSTSECONDARY PROJECTS

INITIAL COMPETITION: 3/05/84

PURPOSE OF COMPETITION

The purpose of this program was to support new model demonstration projects which would complement secondary programming and link individuals with handicapping conditions who exit the secondary schools not yet ready for competitive employment to community-based training programs and services. Issues of particular interest included development of an interface between education programs and community service providers, efforts to place and provide continued training and support to individuals for competitive employment, and the development of models to demonstrate that all individuals with handicapping conditions leaving public school programs have access to community-based training programs. The aim of the program was to use direct service to demonstrate the effectiveness of newly conceived educational models which may be replicated, either in part or in their entirety, in other communities. Projects were expected to identify populations of individuals with handicaps who need but have traditionally had problems linking with community-based training programs and services or obtaining and maintaining employment. Suggested models included improvement of the effectiveness of postsecondary vocational education programs, demonstration of unique methods of ensuring postsecondary placement, and models demonstrating the intervention of various support systems.

### AUTHORITY

Authority for this program is contained in Sections 641 and 642 of Part E of the Education of the Handicapped Act.

### ELIGIBLE RECIPIENTS

Institutions of higher education, States, State or local educational agencies, and other public or nonprofit private educational or research agencies and organizations were eligible for this competition.

### FUNDS AVAILABLE

Approximately \$1,500,000 was expected to be available for support of 15 new demonstration projects under this program in fiscal year 1984.

### NUMBER OF GRANTS AWARDED

Fifteen demonstration projects were awarded under this competition.

### DURATION

Project support was for a three-year period subject to an annual review of progress and availability of funds. All projects in this competition expired in 1987.

## SUMMARY OF 84.023G EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

The 15 model demonstration grants in this competition addressed the priorities of this competition through the development of community-based programs leading primarily to employment-based outcomes. Eight projects specifically targeted competitive employment as an outcome of their model program. The majority of the projects established linkage models and expanded training for exiting secondary special education students to include employment training. Two projects targeted postsecondary education placement with eventual employment as a final outcome. The target population consisted primarily of 18-22-year-old youth with learning disabilities, mental retardation, emotional disorders, and physical handicaps as the primary handicapping condition.

### FOCUS OF CONTINUATION ACTIVITIES

Nine projects reported on the focus of their continuation activities. Four of the projects are targeting dissemination activities. Agency coordination, assessment, supported employment placement, training, product development, and program evaluation were each indicated by at least two projects as a current focus.

### PROJECT COMPONENTS BEING CONTINUED

Nine projects also reported on program components being continued. Of the nine reporting projects, five projects each indicated continuing the following components: agency coordination, assessment, referral, follow-up, placement, and dissemination. Four projects are continuing an education component, and three projects each are continuing the following components: intake/eligibility determination, training, program refinement/revision, and

research. Three projects indicated continuation activities occurring in agencies outside the primary grantee.

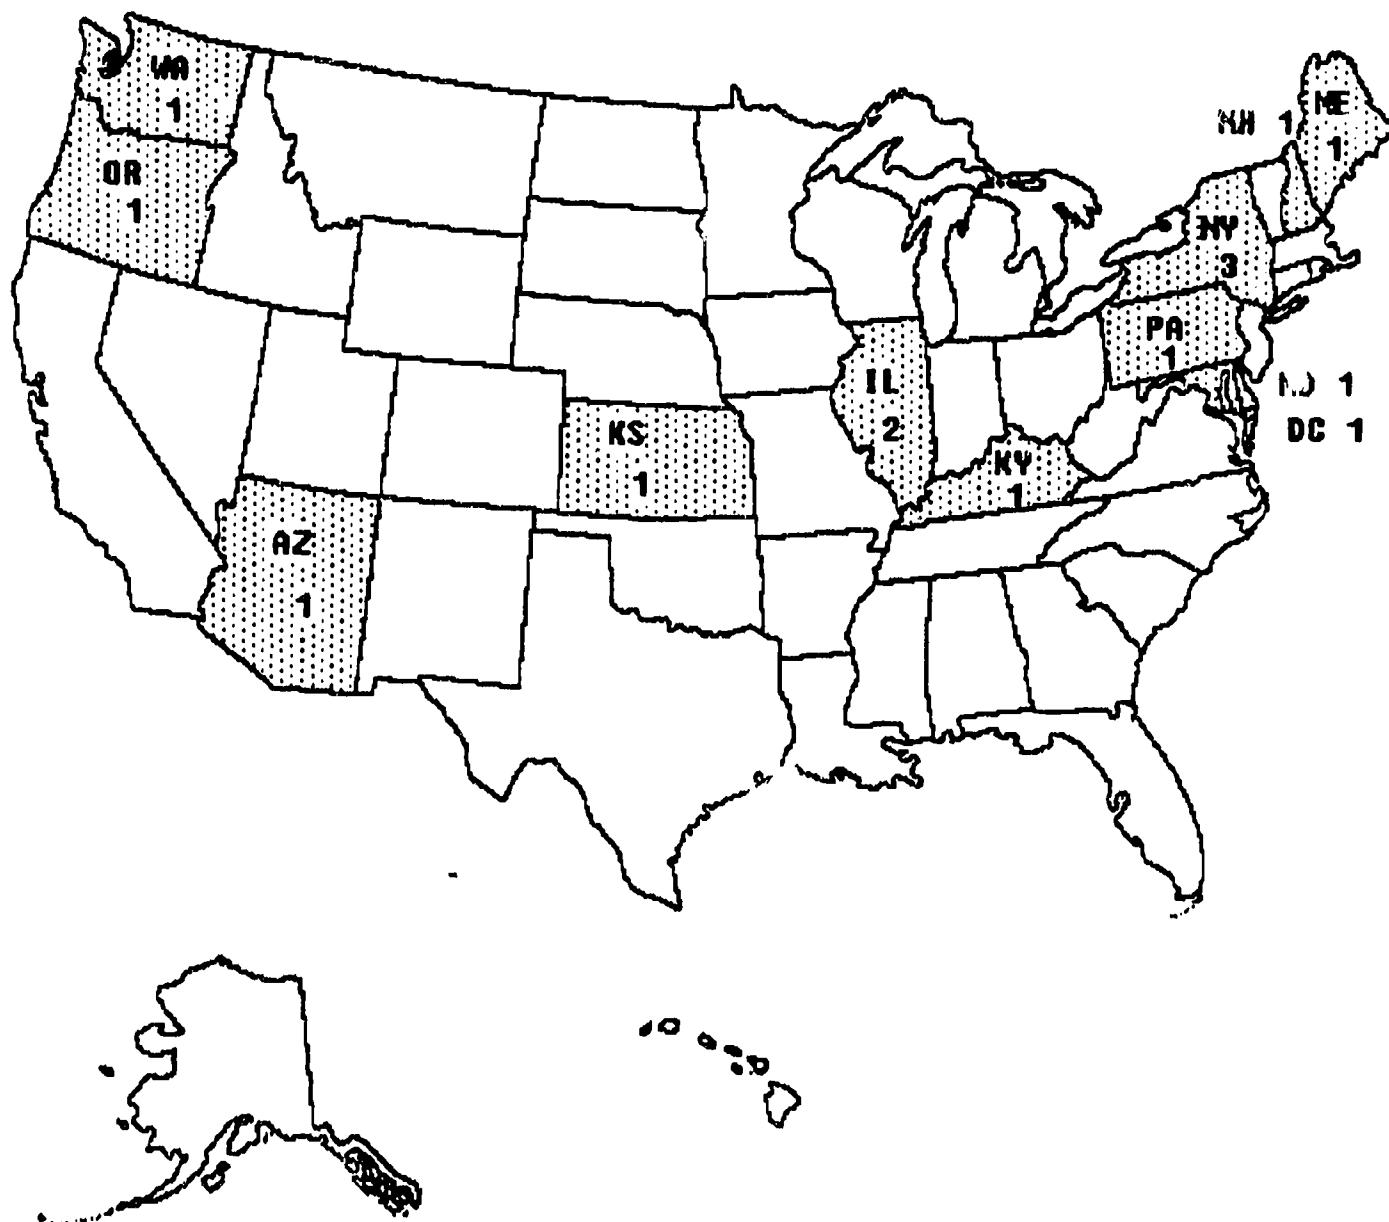

#### PROJECT PRODUCTS

Eight projects reported on product development. Six projects indicated the availability of a training manual, and four projects listed project developed instruments. Seven articles have been produced through four projects. Three projects developed curricula, and two projects each indicated development of parent handbooks, videotapes, and newsletters.

PROGRAM PURPOSE: The purpose of this federally funded project was to demonstrate and disseminate a comprehensive service delivery model of transitional services needed to enhance the employability of "out of school, out of work" handicapped youth ages 18-22 years. The primary handicapping condition(s) of the students/clients served by this project included learning disability and mental retardation.

COMPETITION PROFILE: CFDA 84.078B

POSTSECONDARY EDUCATION PROGRAMS  
FOR HANDICAPPED PERSONS:  
DEMONSTRATION PROJECTS FOR MILDLY MENTALLY  
RETARDED AND LEARNING DISABLED

INITIAL COMPETITION: 7/6/84

PURPOSE OF COMPETITION

The purpose of this competition was to stimulate the field of higher education to conduct projects that would enhance postsecondary possibilities for persons with mild mental retardation or persons with a learning disability especially to assure that demonstrated models for these populations are available to those concerned with their continuing educational needs. The primary focus was to provide individuals with a handicapping condition a means by which to pursue appropriate and effective educational opportunities in postsecondary, vocational, and technical institutions. Projects were expected to develop, operate, and disseminate specially designed model programs of postsecondary, vocational, technical, continuing, or adult education for persons with mild mental retardation or a learning disability.

AUTHORITY

Authority for this program is contained in Section 625 of Part C of the Education of the Handicapped Act.

ELIGIBLE RECIPIENTS

State educational agencies, institutions of higher education including junior and community colleges, vocational and technical institutions, and

other appropriate nonprofit educational agencies were eligible for this competition.

#### FUNDS AVAILABLE

Approximately \$2,200,000 was expected to be available for support of an estimated 15 new grants in fiscal year 1984.

#### NUMBER OF GRANTS AWARDED

Fifteen demonstration projects were funded under this competition.

#### DURATION

Project support was available for periods of one, two, or three years. One project expired in 1985, four projects expired in 1986, and the remaining ten projects expired in 1987.

## SUMMARY OF 84.078B EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

The 15 projects under this competition focused on enhancing post-secondary possibilities for persons with mild mental retardation or learning disabilities. Two of the projects were involved with systems change with more than one institution. One project involved a statewide community college system and the second project focused on five college campuses. The primary purpose of four projects included service delivery at the community college level. Vocational training at the postsecondary level was the purpose for four projects. Information dissemination for purposes of enhancing access was the purpose indicated by two projects. Three projects specifically reported development of support or learning assistance programs or both as their primary purpose.

### FOCUS OF CONTINUATION ACTIVITIES

Six projects reported on the focus of their continuation activities. One-third of these projects each indicated a focus on product development, expansion of program services, dissemination, assessment, and inservice training.

### PROJECT COMPONENTS BEING CONTINUED

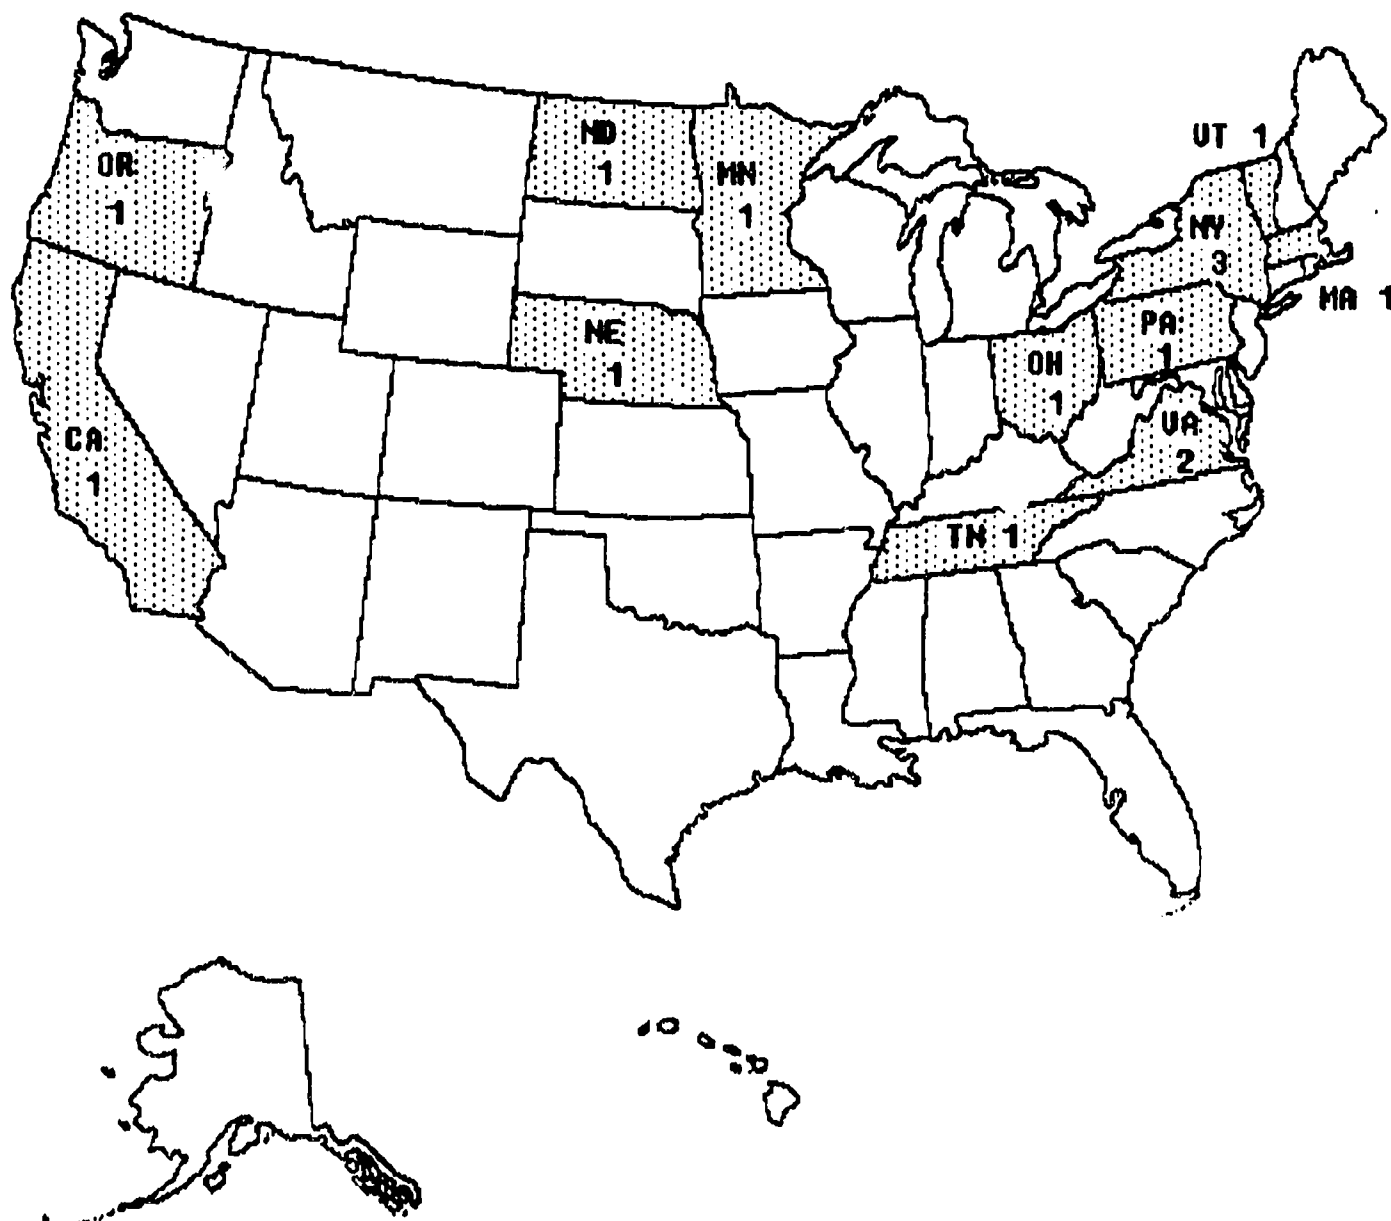

Of the six projects reporting on project components being continued, half indicated the continuation of assessment, training, and intake/eligibility determination components. Two projects each reported continuing followup, referral, placement, education, manpower training, counseling, and program refinement/revision components. Two projects indicated the continuation of project components by agencies other than the primary grantee.

## PROJECT PRODUCTS

Products were reported by six projects in this competition. Seven training manuals have been developed by four of the projects, and nine journal articles have been written by three projects. Brochures were indicated as a product by three projects, and two projects indicated instruments had been developed.

PROGRAM PURPOSE: The purpose of this federally funded project was to provide secondary LD students (and those with similar learning characteristics) with skills known to be critical to good learning and academic success through a credited, JDRP approved, Learning to Learn course. To provide teachers with the training and coaching required to implement LTL skills within the content area, and to incorporate current research on learning styles/hemispheric preference in lesson plan design. The primary handicapping condition(s) of the students/clients served by this project included learning disability.

PROGRAM PURPOSE: The purpose of this federally funded project was to develop and field test a model program that enhances the transition of mildly retarded and learning disabled persons from secondary special education programs and other settings, through postsecondary vocational education settings, and into gainful employment. To finalize development and implementation of materials and processes from both the Minnesota and Washington field sites. To determine the validity of instrumentation for identifying and monitoring potential dropouts with handicaps. The primary handicapping condition(s) of the students/clients served by this project included learning disability and mental retardation.

PROGRAM PURPOSE: The purpose of this federally funded project was to provide a program for the language learning disabled (LLD) population who are motivated to seek postsecondary education in a university setting. The project will implement a sequence of activities for LLD students, promote accepting and supportive climate, increase awareness of service availability, document the incidence of LLD students and provide adapted education alternatives. The primary handicapping condition(s) of the students/clients served by this project included learning disability.

FOCUS OF PROJECT CONTINUATION ACTIVITIES (1987-88):

1. Continuation of program components listed below.

COMPETITION PROFILE: CFDA 84.128A

SPECIAL PROJECTS AND DEMONSTRATIONS FOR  
PROVIDING VOCATIONAL REHABILITATION SERVICES  
TO SEVERELY DISABLED INDIVIDUALS

INITIAL COMPETITION: 5/8/84

PURPOSE OF COMPETITION

The major purpose of this program was to establish demonstration projects for providing comprehensive programs in rehabilitation services which hold promise of expanding or otherwise improving the vocational rehabilitation of persons with severe disabilities who have special rehabilitation needs because of the nature of their disabilities. The primary goal was to assist individuals with severe disabilities to achieve the optimal vocational adjustment of which they are capable. Three priorities were identified under this competition. Programs supported under priority three, transition from school or institution to work, were to develop effective strategies that involved use of integrated, generic community programs such as community colleges, non-profit vocational and technical schools, non-profit private schools, and other similar agencies or institutions. These programs were to provide transitional vocational services leading to full employment for individuals leaving a school or an institution.

AUTHORITY

Authority for this program is contained in Section 311(a)(1) of the Rehabilitation Act of 1973, as amended. (29 U.S.C. 777a(a)(1)).

### ELIGIBLE RECIPIENTS

States and public or nonprofit agencies and organizations were eligible to apply for grants under this program.

### FUNDS AVAILABLE

Approximately \$2,935,000 was made available to support an estimated 25 new severely disabled projects in fiscal year 1984. The amount available for the transition priority was approximately one-fourth of the overall funding level or \$733,750.

### NUMBER OF GRANTS AWARDED

Five special projects and demonstration grants were funded under the transition priority.

### DURATION

Project support was available for up to three years subject to an annual review of progress and availability of funds. All projects supported by this grant award expired in 1987.

## SUMMARY OF 84.128A EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

The primary purpose of the five projects funded under this competition was the provision of training for employment demonstration models. Projects were to target individuals with severe disabilities in the development of effective transitional strategies.

### PROJECT COMPONENTS BEING CONTINUED

Three projects reported on continuation activities. Follow-up was the focus of continuation activities for two projects. Training assessment and placement components were also reported as being continued by two projects. One project indicated the continuation of project components by agencies other than the primary grantee.

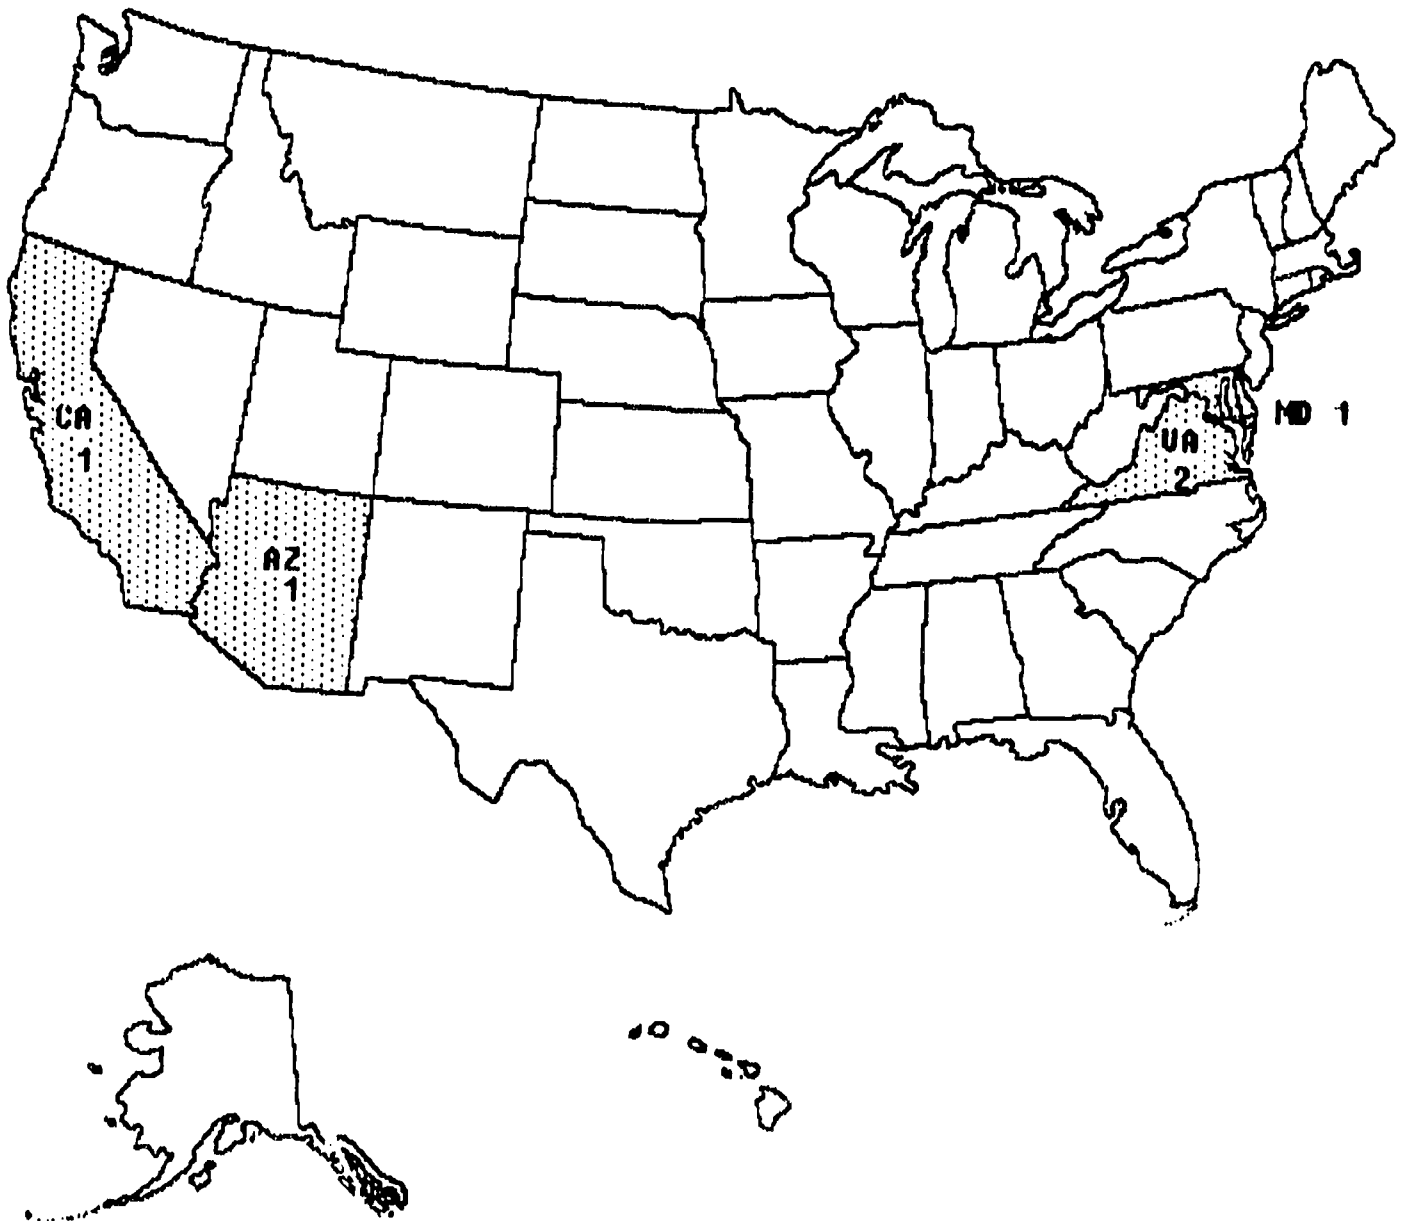

### PROJECT PRODUCTS

One project indicated the development and availability of a brochure, operational manual and slide presentation as project products.

## COMPETITION PROFILE: CFDA 84.158A

### SECONDARY TRANSITION AND TRANSITION SERVICES FOR HANDICAPPED YOUTH - SERVICE DEMONSTRATION MODELS

INITIAL COMPETITION: 7/6/84

#### PURPOSE OF COMPETITION

The purpose of this program was to support projects that would develop and establish exemplary models for services and programs which include specific vocational training and job placement. Projects were expected to identify populations of individuals with handicapping conditions who have been isolated from the sequence of vocational education to employment capability. Using a school-community setting for developing a comprehensive model, projects were to incorporate a number of components for transition from school to competitive or supportive employment. Suggested components included curriculum development in special education and vocational education, transition from secondary schools to time-limited services to gain entry into the labor market, development of ongoing community-based services to provide necessary support, and development of school/employer linkages such as Projects With Industry.

#### AUTHORITY

Authority for this program is contained in Section 626 of Part C of the Education of the Handicapped Act.

#### ELIGIBLE RECIPIENTS

Institutions of higher education, state educational agencies, local educational agencies, or other appropriate public and private nonprofit institutions or agencies (including the state job training coordinating

councils and service delivery area administrative entities established under the Job Training Partnership Act) were eligible for this competition.

#### FUNDS AVAILABLE

Approximately \$1,000,000 was expected to be available for support of 10 new demonstration projects in fiscal year 1984.

#### NUMBER OF GRANTS AWARDED

Sixteen service demonstration models were funded under this competition.

#### DURATION

Project support was for a three-year period subject to an annual review of progress and the availability of funds. All projects funded under this competition expired in 1987.

## SUMMARY OF 84.158A EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

The demonstration models funded under this competition were to focus on vocational training and job placement. The specific purposes stated by the 16 funded projects reflected this overall purpose. Six projects indicated as a specific purpose the development of either a competitive employment or supported work model. The other projects all indicated a purpose which included vocational training, job placement or work training models.

### FOCUS OF CONTINUATION ACTIVITIES

Four projects reported on the focus of their continuation activities. The current focus indicated by individual projects included agency coordination, placement, follow-up, program refinement/revision, dissemination, referral, training, assessment, evaluation, transition planning, and continuation of funding.

### PROJECT COMPONENTS BEING CONTINUED

Of the five projects indicating which project components were being continued, all reported continuation of a placement component. Four projects are continuing an intake component and three projects each indicated continuation of agency coordination, follow-up, and dissemination. Two projects each reported program refinement/revision, training, assessment, transition planning, and support services as components being continued. Three projects indicated continuation of project components by agencies other than the primary grantee.

### PROJECT PRODUCTS

Four projects reported on product development. Three projects indicated availability of a brochure. Four journal articles, a book, and a

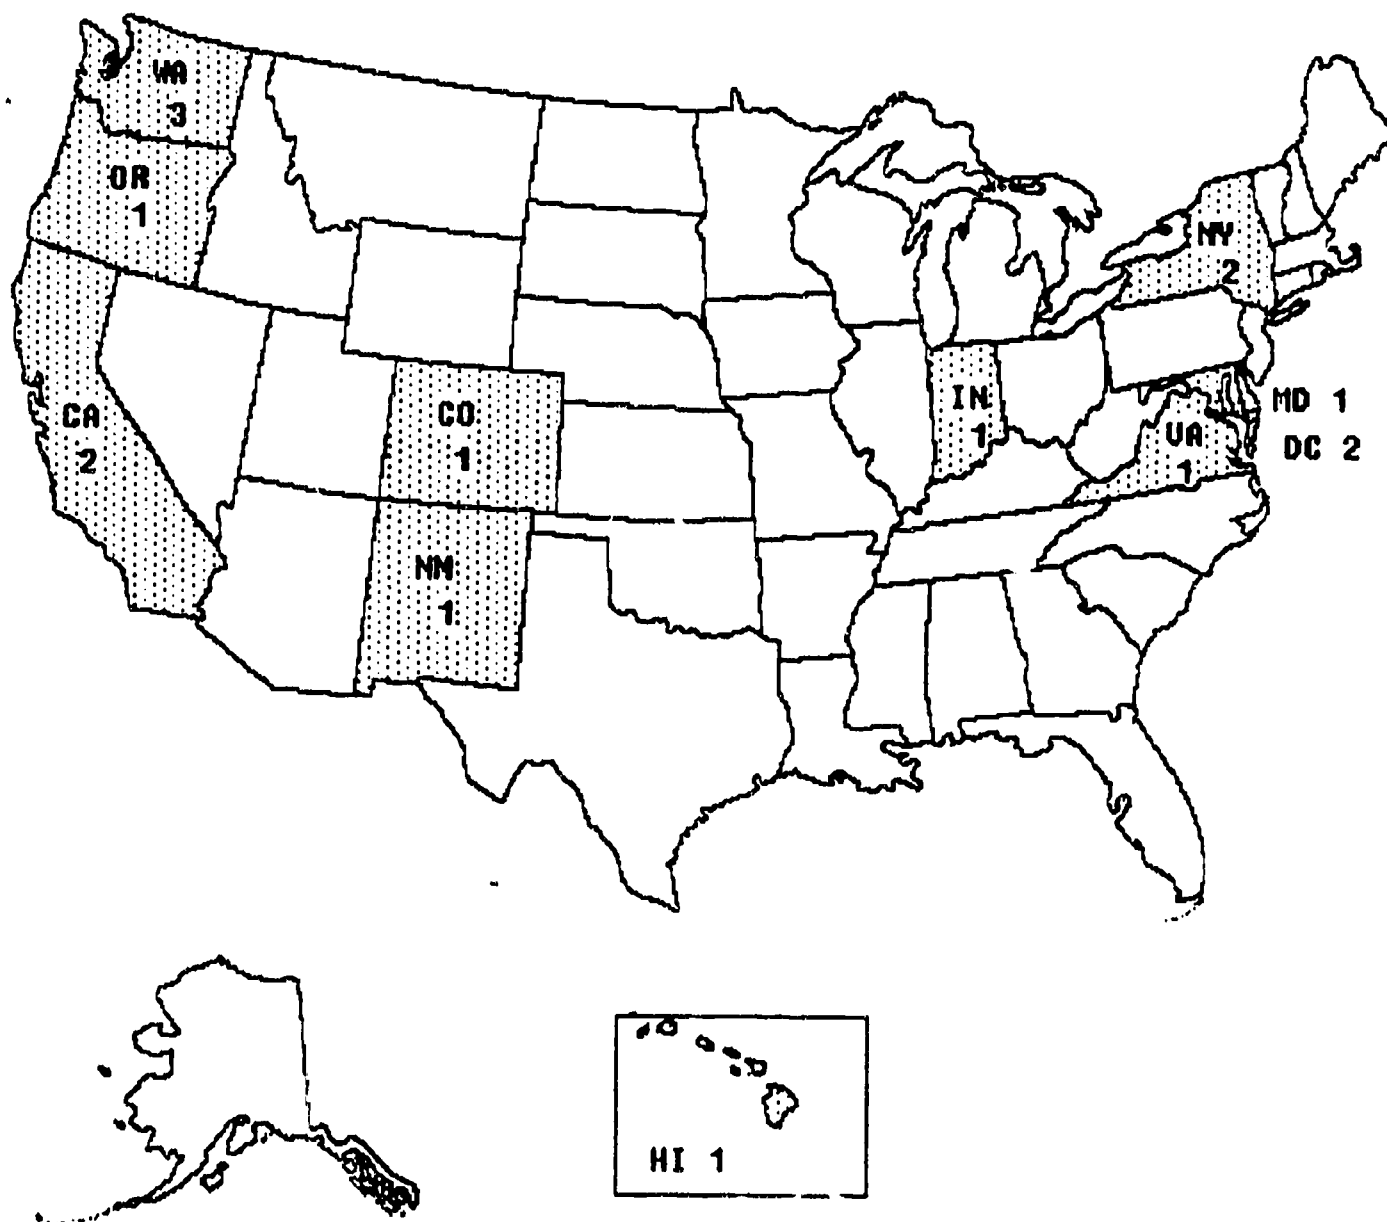

chapter in a book have been produced by two projects. Replication manuals and various curriculum guides have been developed through two projects.

PROGRAM PURPOSE: The purpose of this federally funded project was to develop a model that school districts can use to better prepare 17-21-year-old handicapped students for the world of work. Students will work in competitive jobs during the day, evenings or weekends, attend a transition resource room three times per week, and participate in an employment support group once per week. They will be placed in other in-district programs (e.g., vocational classes) as warranted by individual training needs. The primary handicapping condition(s) of the students/clients served by this project included behavioral disorder, learning disability, and mental retardation.

FOCUS OF PROJECT CONTINUATION ACTIVITIES (1987-88):

1. Continue program in same form as developed under model demonstration project, with the school district and state agencies assuming complete responsibility for continuation.

PROGRAM PURPOSE: The purpose of this federally funded project was to plan, establish, develop, and demonstrate a vocational training and job placement program for secondary level handicapped youth that demonstrates a fully unified and coordinated approach between business, industry, labor, local education agencies, and rehabilitation systems. The primary handicapping condition(s) of the students/clients served by this project included behavioral disorder, developmental disability, emotional disorder, epilepsy, learning disability, mental retardation, physical handicap, speech impairment, and visual impairment.

COMPETITION PROFILE: CFDA 84.158B

SECONDARY EDUCATION AND TRANSITIONAL SERVICES

FOR HANDICAPPED YOUTH -

COOPERATIVE MODELS FOR PLANNING AND  
DEVELOPING TRANSITIONAL SERVICES

INITIAL COMPETITION: 7/6/84

PURPOSE OF COMPETITION

The purpose of this program was to support projects designed to plan and develop cooperative models for activities among State or local education agencies and adult service agencies, which would facilitate effective planning to meet the service and employment needs of handicapped youth as they leave school. Projects were expected to identify handicapped individuals who need but have traditionally had problems linking with community-based training programs and services or obtaining and maintaining employment. Suggested model program components included: development of formal working agreements and mechanisms, demonstration of unique methods of ensuring placement in continuing education and training programs, demonstration of the intervention of various support systems, incorporating successful programs, that is, Projects With Industry, with educational agencies.

AUTHORITY

Authority for this program is contained in Section 626 of Part C of the Education of the Handicapped Act.

ELIGIBLE RECIPIENTS

Institutions of higher education, State educational agencies, local educational agencies, or other appropriate public and private nonprofit

institutions or agencies (including the State job training coordinating councils and service delivery area administrative entities established under the Job Training Partnership Act) were eligible for this competition.

#### FUNDS AVAILABLE

Approximately \$1,000,000 was expected to be available for support of 13 new cooperative models in fiscal year 1984.

#### NUMBER OF GRANTS AWARDED

Eleven cooperative models were funded under this competition.

#### DURATION

Project support was for up to a two-year period subject to an annual review of progress and the availability of funds. All projects under this competition have expired.

## SUMMARY OF 84.158B EXPIRED PROJECT PROFILES

### PROJECT PURPOSE

Of the 11 projects funded under this competition, five projects were involved in the development of local cooperative models. One project indicated the development of a state level cooperative model, and one project reported development of a regional interagency model. The purpose of one project was the provision of technical assistance and collection and dissemination of transition status data among selected state education agencies.

### PROJECT COMPONENTS BEING CONTINUED

Three projects reported on continuation activities, all of which indicated dissemination as a component being continued. Two projects each are continuing the components of transition planning, manpower training and agency coordination.

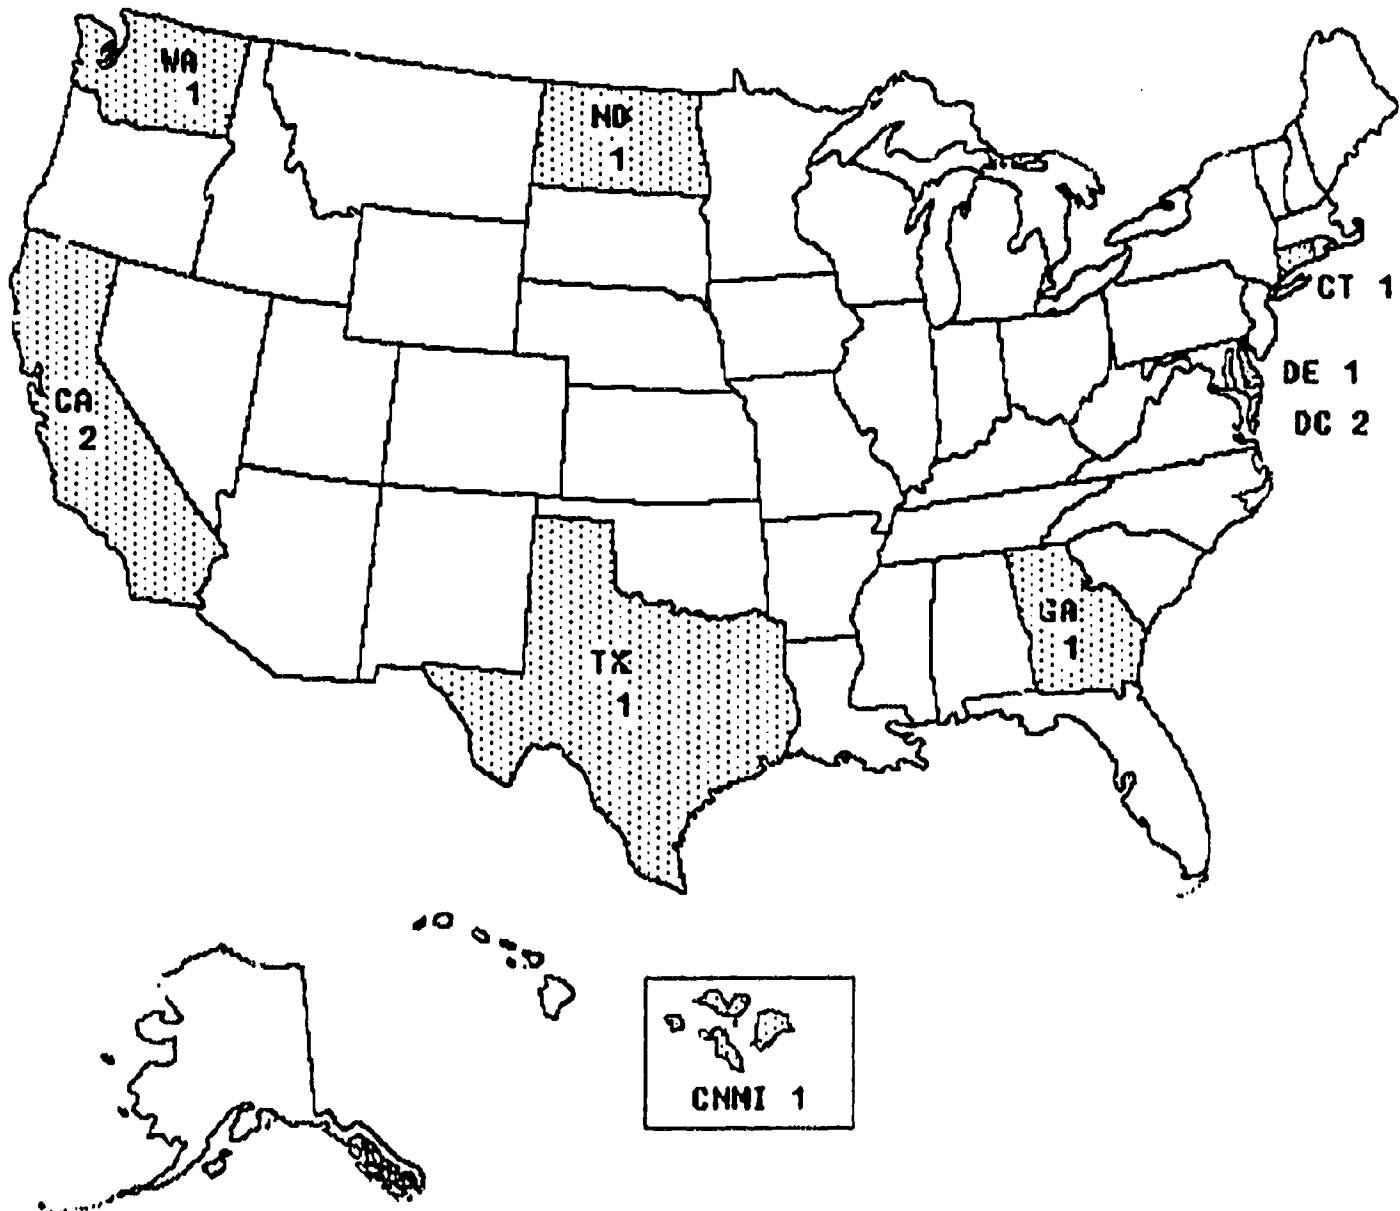

### PROJECT PRODUCTS

Brochures, parent handbooks, videotapes, and instruments were each reported by two projects. One project has developed a bibliography on transition.

Project IMPACT: Innovative Model Project  
for Achieving Community Transition

INSTITUTE #: 76

COMPETITION #: 84.1588

CONTACT PERSON: Bill Quinones

DATE FEDERAL FUNDING EXPIRED:  
10/86

MAILING ADDRESS:

Dallas Independent School District  
4528 Rusk Avenue  
Dallas, TX 75204

TELEPHONE #: 214-826-0250

---

PROGRAM PURPOSE: The purpose of this federally funded project was to develop a school to community transition model that facilitates comprehensive planning and the identification of appropriate services for handicapped young adults who are "aging out" of eligibility for public school services.

FOCUS OF PROJECT CONTINUATION ACTIVITIES (1987-88):

1. Coordinating school to community transition of more than 30 aging out students who will no longer be eligible for public school services.
2. Dissemination of information regarding the model. (More than 500 dissemination packets have been sent in response to requests for information.)

PROJECT COMPONENTS BEING CONTINUED/CONTACT PERSON:

1. Community, school, & parent awareness; Communication effort, Transition staffing model and Followup/Kathy O'Neill, Special Education, Dallas ISD, 214-490-8701.
2. Dissemination/Bill Quinones, above address.

PROJECT PRODUCTS:

Product Type/Title

Brochure - Project IMPACT - DISD Community Transition Model: Available at no charge from Transition Services, Special Education Department, DISD.

Parent handbook - Transition Planning Guide for Parent of Special Education Students: Available at no charge from Transition Services, Special Education Department, DISD; or ERIC/EDRS Document #ED 282379.

Videotape - TRANSITION: Parent Awareness/Overview: Available free for loan from Transition Services, Special Education Department, DISD.

Program profile - Recognized as a model short-term transitional program: Available at no charge from S&DL, Regional Rehabilitation Exchange, 211 East 7th Street, Austin, TX 78701.

Washington, DC 20036

TELEPHONE #: 202-296-1800

---

PROGRAM PURPOSE: The purpose of this federally funded project was to establish a national center for information collection and dissemination of the status of adult transition services among state agencies and to provide technical assistance to state level program planners and implementors regarding new transition programs.

## APPENDIX A

### PROJECT CHARACTERISTICS QUESTIONNAIRE 1988-89

The Project Characteristics Questionnaire 1988-89 (PCQ) was used as the basis for information contained in the Individual Project Profiles for current projects.

TRANSITION INSTITUTE AT ILLINOIS  
PROJECT CHARACTERISTICS QUESTIONNAIRE

Please complete the following information for inclusion in the 1988-89 Compendium of Project Profiles.

I. PROJECT DEMOGRAPHICS

Project Title: \_\_\_\_\_ Competition #: \_\_\_\_\_

Mailing Address: \_\_\_\_\_ Project Director: \_\_\_\_\_

\_\_\_\_\_ Project Coordinator: \_\_\_\_\_

\_\_\_\_\_ Contact Person: \_\_\_\_\_

\_\_\_\_\_ Telephone: \_\_\_\_\_

City State Zip

Project Implementation Date: \_\_\_\_\_

Project Termination Date: \_\_\_\_\_

Special Net User ID: \_\_\_\_\_

II. GEOGRAPHIC AREA SERVED

Type of Political Unit Served (check one only)

1. community

☐ a. metropolitan area (100,000 plus) with public transportation system

☐ b. metropolitan area (100,000 plus) without public transportation system

☐ c. suburb of a metropolitan area

☐ d. small town (5,000 - 100,000) with no city transportation system

☐ e. small town (5,000 - 100,000) with city transportation

☐ f. rural area

☐ g. other (specify \_\_\_\_\_)

☐ 2. part of a county

☐ 3. county

☐ 4. region within a state (including more than one county)

☐ 5. state

☐ 6. region of nation (more than one state)

☐ 7. nationwide

☐ 8. other (specify \_\_\_\_\_)

### III. AGENCY TYPE

Indicate the following: 1 = primary grantee, 2 = cooperating agencies involved in project

- 1 2 public secondary school
- 1 2 private secondary school
- 1 2 local education agency (LEA)
- 1 2 community or junior college
- 1 2 university or four year college
- 1 2 JTPA Service Delivery Area agent
- 1 2 residential education or rehabilitation facility (institution)
- 1 2 community workshop
- 1 2 community education or rehabilitation facility
- 1 2 profit making agency i.e. employment agency, private business
- 1 2 research institute
- 1 1 city or county government
- 1 2 state agency(s), e.g. VR, DD, SEA (specify)  
\_\_\_\_\_
- 1 2 private non-profit agency
- 1 2 Association for Retarded Citizens
- 1 2 Association for Learning Disabilities
- 1 2 hospital
- 1 2 other (specify) \_\_\_\_\_

### IV. PROJECT PURPOSE

Write a general statement of project goal and a brief description of service delivery model; if purpose statement is same as stated on 1987-88 profile write SAME.

**V. CURRENT FOCUS OF PROJECT ACTIVITIES (1988-89)**

- a. What activities are projected for this current year of project?**

**Example:** During FY 88-89 (1) implementation of peer tutoring program with 20 students; (2) inservice training for faculty members, (3) development of training manual for providing inservice, (4) implementation of computerized job bank.

- b. Describe any activity/component that has been especially successful or unique:**

- c. Describe how you have dealt with barriers to student or program success.**

## VI. RELATED SERVICE/TRAINING COMPONENTS

Indicate number of individuals receiving direct training through project activities, e.g., inservice training, workshops, etc.

_____ Parents	_____ Teachers
_____ Agency Personnel	_____ Project staff
_____ Business/industry personnel	_____ Postsecondary faculty
_____ Peer tutors	_____ Undergraduate/graduate students
	_____ Other (specify) _____

## VII. PROJECT PARTICIPANTS

Estimated number of youth with handicapping conditions impacted by project during entire project funding period: \_\_\_\_\_

Estimated number of youth with handicapping conditions served through direct service for entire project funding period: \_\_\_\_\_

## DESCRIPTION OF TARGET POPULATION

Please read over entire list of handicapping conditions before answering. Choose those categories most closely describing the population estimated to be served by your project for the ENTIRE funding period. Indicate the unduplicated number of individuals served at each level, and the age range. If more than one handicapping condition, indicate either the primary condition or multiple handicap. Do not duplicate counts.

HANDICAPPING CONDITION	# SERVED AT EACH LEVEL				AGE RANGE
	# MILD	# MODERATE	# SEVERE	# PROFOUND	
Autism					_____
Behavioral disorders					_____
Brain damage					_____
Cerebral Palsy					_____
Chronic mental illness					_____
Communication disorder					_____
Deaf/blind					_____
Developmental disability					_____
Emotional disorder					_____
Epilepsy					_____
Health impairment					_____
Hearing impairment					_____
Learning disability					_____
Mental retardation					_____
Multiple handicap					_____
Physical handicap					_____
Speech impairment					_____
Spinal cord injury					_____
Traumatic head injury					_____
Visual impairment					_____
Other (specify)					_____
Dropouts	#:				_____
Economically disadvantaged	#:				_____
Minority youth	#:				_____
Substance abuse	#:				_____

## VIII. PROJECT EVALUATION PLAN

DATA/INFORMATION BEING COLLECTED: (1) Please indicate what type of data or information is being collected by placing a checkmark in box provided; (2) specify the type of information/data being collected by circling appropriate example(s) in parenthesis; (3) If appropriate example is not provided please write specific type of information/data being collected in space provided.

### INFORMATION ON STUDENTS/CLIENTS SERVED

#### ARE YOU COLLECTING INFORMATION ON:

- ☐ 1. Number referred to project services
- ☐ 2. Intake/referral information; specify (i.e., method of referral, referral agent)
- ☐ 3. Number receiving direct or related services; specify (i.e., students, clients, parents, school personnel, business/industry, community agencies, etc.)
- ☐ 4. Student/client demographics; specify (i.e., age, sex, handicapping conditions)
- ☐ 5. Student/client educational background data; specify (i.e., school attendance, GPA, credits earned, courses taken, etc.)
- ☐ 6. Student/client work experience background data; specify (i.e., previous work experience; type of job, wages earned, reason for leaving, etc.)
- ☐ 7. Assessment results for student/client; specify (i.e., vocational, educational, behavioral, psychological, medical, social, etc.)
- ☐ 8. Student/client progress in training program; specify (i.e., work behavior, situational assessments, competency level attained, objectives accomplished, placement in competitive employment, etc.)
- ☐ 9. Student/client progress in education program; specify (i.e., objectives accomplished, grades earned, credits earned, acquisition, maintenance, and generalization of skills, etc.)
- ☐ 10. Student/client integration into environment; specify (i.e., contact with nonhandicapped peers, access to community services, access to residential alternatives, etc.)
- ☐ 11. Student/client follow up status; specify (i.e., duration of employment, completion of training program, completion of educational program, longitudinal data, etc.)
- ☐ 12. Student/client employment status; specify (i.e., length of employment, wages earned, job classification, benefits received, level of employment, e.g., supported, competitive; etc.)
- ☐ 13. Student/client outcome status; specify (i.e., post training assessment, post placement assessment, ability to obtain employment, assimilation into educational employment setting, etc.)
- ☐ 14. Other student/client data information; specify

## INFORMATION ON EMPLOYERS

### ARE YOU COLLECTING INFORMATION ON:

- ☐ 15. Employer characteristics/demographics; specify (i.e., type of business/industry, number of employees, access to training opportunities, level of supervision, etc.) \_\_\_\_\_
- ☐ 16. Employer collaboration level; specify (i.e., financial incentives, wage reimbursement, employee training, level of project outreach activities, etc.) \_\_\_\_\_
- ☐ 17. Level of direct service provided to employer; specify (i.e., training of supervisors, employer contact, presence of job coach, etc.) \_\_\_\_\_
- ☐ 18. Employer satisfaction with student/client, project activities, etc. \_\_\_\_\_
- ☐ 19. Employer outcome status; specify (i.e., post placement hires, attitude/acceptance level, integration of handicapped worker, etc.) \_\_\_\_\_
- ☐ 20. Other employer data/information; specify \_\_\_\_\_

## INFORMATION ON POST SECONDARY EDUCATION

### ARE YOU COLLECTING INFORMATION ON:

- ☐ 21. Post secondary education/training demographics; specify (i.e., type training, type of agency, services available, accessibility, etc.) \_\_\_\_\_
- ☐ 22. Post secondary education/training collaboration level; specify (i.e., financial incentives provided, level of project outreach activities, availability of support services, etc.) \_\_\_\_\_
- ☐ 23. Level of direct service provided by project; specify (i.e., inservice training, contact with post secondary personnel, etc.) \_\_\_\_\_
- ☐ 24. Post secondary education/training satisfaction with student/client participation, project activities, etc. \_\_\_\_\_
- ☐ 25. Post secondary education/training outcomes; specify (i.e., competency/objective attainment, grades, assimilation into college setting, employment placement, etc.) \_\_\_\_\_
- ☐ 26. Other post secondary data/information; specify \_\_\_\_\_

## IX. EVALUATION APPROACH

Please indicate type of evaluation approach(es) used.

☐ 1. SYSTEM ANALYSIS

(information gathered on planning, monitoring, impact and costs of a program)  
Examples of evaluation models under this approach include control group, costs effectiveness, quasi experimental, non-equivalent comparison group, pretest-posttest preexperimental, process checklist, program analysis of service systems, program evaluation and review technique (PERT), single subject design, true experimental design, time series, frequency counts.

☐ 2. GOAL BASED

(incorporates the use of goals and a set of objectives that determine a specific outcome)  
Examples of goal based models include discrepancy evaluation model (DEM), Goal Attainment Scaling, Management by Objectives.

☐ 3. GOAL FREE

(approach which ascertains all program outcomes and not just the ones intended by the program personnel)  
Examples of goal free models include Goal Free Evaluation, Impact Evaluation, Stakeholder Analyses.

☐ 4. DECISION MAKING

(approach which utilizes the criterion of utility: Which information will be most useful? This approach underscores evaluation as a practical activity.)  
Examples of decision making models include CIPP (Context, Inputs, Process, Products), Concerns-Based Adoption Model (CBAM).

☐ 5. CONNOISSEURSHIP

(approach which employs a single expert as a judge of the quality of a program)  
Examples of connoisseurship models include art criticism, file review.

☐ 6. PROFESSIONAL REVIEW

(approach which involves the use of members of a profession to judge the activities of their peers; can include internal and external professional review systems)  
Examples of professional review include advisory board review.

☐ 7. QUASI LEGAL

(approach which incorporates the procedures and authority of the law)  
Examples of quasi legal approach include blue ribbon panels, most types of public hearings, mock trials and judicial (adversarial) evaluation.

☐ 8. CASE STUDY

(a narrative account of the actors and actions associated with the day to day running of a program; emphasis is on capturing the multiple perspectives of the participants in an effort to judge program success)  
Examples of case study strategy-include journalistic accounts, ethnographies.

☐ 9. OTHER

(please specify type) \_\_\_\_\_  
\_\_\_\_\_

## X. INSTRUMENTATION

Indicate type of instruments used in project to assess specific competency areas. Specify title.

Commercially Available Instruments Used by Project	
Competency Assessed	Name of Instrument--
General Ability/Intelligence (e.g. WAIS-R, WISC-R, etc.)	
Special Aptitude (e.g. Bennett Mechanical Comprehension, Crawford Small Parts Dexterity, Minnesota Spatial Relations Test)	
Vocational Skills (e.g. Vocational Assessment & Curriculum Guide, San Francisco Vocational Competency Scale)	
Language (e.g. Peabody Picture Vocabulary Test, Goldman- Fristoe-Woodcock Test of Auditory Discrimination)	
Adaptive Behavior/Survival Skills (e.g. Vineland Adaptive Behavior Scales, Street Survival Skills Questionnaire)	
Social Skills (e.g. Social & Prevocational Information Battery, Fundamental Interpersonal Relations Orientation-Behavior)	
Career Interest (e.g. Becker Reading-Free Interest Survey, Strong-Campbell Interest Inventory)	
Daily Living Skills (e.g. Coping Master Scales, Leisure Time Activities Scale)	
Dexterity/Manual Skills (e.g. Purdue Pegboard, Stromberg Dexterity Test)	
Personality (e.g. Piers Harris Self Concept, Rotter Locus of Control, 16 Personality Factor Questionnaire)	
Academic Achievement (e.g. Wide Range Achievement Test, California Achievement Test)	
Other (e.g. Functional Assessment Inventory, Lifestyle Satisfaction Scale)	

Indicate type of locally developed or project developed instruments and/or forms utilized. Specify title and/or use.

Locally/Project Developed Instruments	
Type	Name and/or Use of Instrument
Observation Forms (e.g. Daily Living Skills Observation Form, Work Behavior Observation Form)	
Checklists (e.g. Independent Living Skills Checklist, Learning Disability Behavior Checklist)	
Rating Scale (e.g. Employer Satisfaction Rating Scale, Conference Evaluation Rating Scale)	
Interview (e.g. Intake Interview, Teacher Interview)	
Survey (e.g. Needs Assessment Survey, Parent Survey)	
Questionnaire (e.g. Process Evaluation Questionnaire, Intellectual Achievement Response Questionnaire)	
Other (e.g. High School Referral Form, Employer Contact Log)	

# XI. EVALUATION PERSONNEL INVOLVED

Indicate personnel involved in conducting evaluation activities. Include the FTE for personnel (i.e. 1.0 FTE = full time, .50 FTE = half time, .25 FTE = quarter time).

- |  |       |     |
|--|-------|-----|
| <input type="checkbox"/> Project Director                        | _____ | FTE |
| <input type="checkbox"/> Project Coordinator                     | _____ | FTE |
| <input type="checkbox"/> Project Staff                           | _____ | FTE |
| <input type="checkbox"/> Advisory Board                          | _____ | FTE |
| <input type="checkbox"/> 3rd Party Evaluator<br>(outside agency) | _____ | FTE |
| <input type="checkbox"/> Staff Evaluator<br>(within agency)      | _____ | FTE |
| <input type="checkbox"/> Other (specify _____)                   |       |     |

# XII. EVALUATION REPORTING

Indicate type of report form and intended audience for reporting evaluation results.

- | FORM  | AUDIENCE   |
|---|--|
| <input type="checkbox"/> formal evaluation report | <input type="checkbox"/> Consumers                                 |
| <input type="checkbox"/> executive summary        | <input type="checkbox"/> OSERS                                     |
| <input type="checkbox"/> brochure/pamphlet        | <input type="checkbox"/> Transition Institute                      |
| <input type="checkbox"/> other _____              | <input type="checkbox"/> Advisory Board                            |
|   | <input type="checkbox"/> State Agency (specify _____)              |
|   | <input type="checkbox"/> Other Boards or Panels<br>(specify _____) |
|   | <input type="checkbox"/> Other Agencies<br>(specify _____)         |
|   | <input type="checkbox"/> Other (specify _____)                     |

# XIII. PROJECT PRODUCTS

Indicate type of products that will be available from project.

- |  | <u>Date Available (mo/yr)</u> |
|--|-------------------------------|
| <input type="checkbox"/> brochure                      | _____                         |
| <input type="checkbox"/> newsletter                    | _____                         |
| <input type="checkbox"/> parent handbook               | _____                         |
| <input type="checkbox"/> student handbook              | _____                         |
| <input type="checkbox"/> training manual               | _____                         |
| <input type="checkbox"/> project developed instruments | _____                         |
| <input type="checkbox"/> slide presentation            | _____                         |
| <input type="checkbox"/> video tape                    | _____                         |
| <input type="checkbox"/> curricula                     | _____                         |
| <input type="checkbox"/> journal articles              | _____                         |
| <input type="checkbox"/> replication manual            | _____                         |
| <input type="checkbox"/> other (specify _____)         | _____                         |
| <input type="checkbox"/> _____                         | _____                         |
| <input type="checkbox"/> _____                         | _____                         |

## APPENDIX B

### EXPIRED PROJECT CHARACTERISTICS QUESTIONNAIRE 1988-89

The Expired Project Characteristics Questionnaire 1988-89 (EPCQ) was used as the basis for information contained in the Summary of Expired Projects and the Expired Project Profiles.

TRANSITION INSTITUTE AT ILLINOIS  
EXPIRED PROJECT CHARACTERISTICS QUESTIONNAIRE

**Please complete the following information on your expired transition project for inclusion in the 1988-89 Compendium of Project Profiles.**

## I. PROJECT DEMOGRAPHICS

**Project Title:** \_\_\_\_\_

Competition #: \_\_\_\_\_ TI #: \_\_\_\_\_

**Contact Person:** \_\_\_\_\_

**Telephone:** \_\_\_\_\_

**Mailing Address:** \_\_\_\_\_

Special Net User ID: \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

**Date Federal Funding Expired:** \_\_\_\_\_ **Expiration Date of 'No Cost Extension' (if applicable):** \_\_\_\_\_

## 11. PROJECT COMPONENTS BEING CONTINUED

Please list the components of your model program that are being continued. Specify the components in the spaces provided by referencing the examples provided. If the following list does not contain a reference to one of your components, please identify the component(s) in your own words. For each component being continued, indicate (1) the agency through which the component is being administered (see list of possible agencies); and (2) the contact person at the specific agency.

**FREQUENTLY IDENTIFIED PROGRAM COMPONENTS:** Intake/eligibility determination, assessment, referral, placement, followup, training, education, counseling, program refinement/revision, dissemination, replication, agency coordination, manpower training, research.

**POSSIBLE ADMINISTERING AGENCIES:** public secondary school, local education agency, community college, etc.

**POSSIBLE ADMINISTERING AGENCIES:** public secondary school, local education agency, community/junior college, university, JTPA service delivery area agent, residential facility, private non-profit agency, profit making agency, research institute, city/county government, state agency (e.g., V.R., DD, SEA, etc.), federal agency (e.g., OSERS, DOL, ADD, etc.).

## INDEXES

The Indexes serve as keys to specific characteristics of the Transition Projects: Handicapping Condition, Location, and Key Personnel.

Identification numbers represent the page numbers of the specific projects.

## HANDICAPPING CONDITIONS

### -A-

Autism - 63, 65, 73, 81, 138, 189,  
193, 231, 245, 255

### -B-

Behavior disorders - 47, 73, 138, 150,  
231, 235, 241, 243, 245, 289, 295  
Brain damage - 97, 138, 140, 235, 245

### -C-

Cerebral palsy - 79, 97, 98, 138, 141,  
193, 200, 217, 221, 231, 235, 241,  
245, 255, 289  
Chronic mental illness - 102, 141,  
195, 231, 233, 241, 245,  
Communication disorder - 45, 48, 73,  
138, 193, 235, 241, 289

### -D-

Deaf-blind - 45, 47, 65, 81, 97, 189,  
198, 221  
Developmental disability - 79, 142,  
150, 189, 207, 221, 235, 241  
Dropout - 45, 47, 49, 51, 67, 122,  
138, 195, 217, 239, 241, 243, 293,  
299

### -E-

Economically disadvantaged - 46, 47,  
122, 138, 195, 200, 241, 293, 299,  
301  
Emotional disorder - 43, 45, 49, 51,  
63, 77, 97, 138, 141, 193, 217,  
219, 221, 225, 235, 239, 241, 243,  
255, 258, 289  
Epilepsy - 97, 139, 146, 193, 221,  
235, 239, 255

### -H-

Health impairment - 45, 48, 97, 98,  
139, 146, 217, 231, 235, 236, 293  
Hearing impairment - 43, 45, 47, 97,  
138, 141, 193, 198, 217, 219, 221,  
225, 235, 241, 255, 287, 289, 293

### -L-

Language impairment - 67, 77  
Learning disability - 43, 45, 48, 49,  
51, 67, 73, 91, 93, 97, 104, 107,  
112, 114, 118, 120, 122, 124, 127,  
128, 130, 134, 136, 139, 141, 142,  
144, 146, 148, 150, 152, 154, 156,  
158, 217, 219, 225, 230, 231, 236,  
239, 242, 243, 245, 256, 258, 289,  
291, 293, 295, 297, 299, 301

### -M-

Mental retardation - 43, 45, 48, 49,  
63, 65, 67, 69, 71, 73, 75, 77, 81,  
107, 114, 122, 139, 141, 150, 193,  
200, 202, 205, 217, 219, 221, 225,  
230, 231, 233, 236, 239, 242, 243,  
245, 247, 253, 256, 258, 287, 289,  
295, 301  
Minority youth - 46, 47, 122, 130,  
138, 195, 200, 241, 299, 301  
Multiple handicaps - 48, 51, 63, 65,  
67, 69, 71, 73, 75, 81, 98, 141,  
142, 191, 200, 217, 222, 245, 256  
Muscular dystrophy - 200

### -P-

Physical handicap - 43, 45, 48, 97,  
98, 147, 194, 221, 225, 236, 258,  
287, 289, 293

### -S-

Speech impairment - 139, 141, 222,  
231, 236, 242, 256, 293  
Spinal cord injury - 97, 98, 200  
Substance abuse - 47, 97, 138, 195

### -T-

Traumatic head injury - 98, 141, 156,  
236

### -V-

Visual impairment - 43, 46, 48, 97,  
110, 139, 194, 198, 200, 222, 236,  
242, 256, 289

## LOCATION

Arizona - 63, 189, 217, 219, 265, 287, 313, 333, 334	Nebraska - 118, 171, 270, 355
California - 191, 193, 266, 289, 353, 370, 381, 382, 399, 400	New Hampshire - 51, 204, 340
Colorado - 91, 93, 163, 221, 291, 382	New Jersey - 71, 243
Commonwealth of the Northern Mariana Islands - 401	New Mexico - 73, 385

Montana - 116, 241	

## KEY PERSONNEL

### -A-

Adams, Terence - 276  
Aiken, John - 295  
Alberto, Paul - 65  
Allen, Carolyn - 96  
Anderson, Frank - 291  
Andrews, Cynthia - 340  
Arnold, Mitylene - 403  
Ashley, Joseph - 362  
Atkins, Bob - 170

### -B-

Balser, Richard - 67  
Bates, Paul - 231  
Baumgart, Diane - 314  
Beam, Joyce - 339  
Bean, Grace - 221  
Behle, Susan - 277  
Bennett, Barbara - 403  
Berkell, Dianne - 341  
Bernacchio, Charles - 338  
Bernthal, John - 118  
Birmingham, Tom - 106  
Block, Lydia - 358  
Bolton, Bonnie - 191  
Bonner, Larry - 144  
Bounds, Betsy - 63, 217, 287  
Bradford, Charles - 406  
Brady, Mary Ellen - 108  
Brinckerhoff, Loring - 95  
Brookes, Martha - 403  
Brown, Cynthia - 280  
Brown, James - 354  
Brown, Lloyd - 293  
Bucci, Paul - 393  
Bupp, Donna - 344  
Burnham, Sonja - 114, 237

### -C-

Cabell, Betsy - 91  
Carter, J. Edward - 315  
Catapano, Pat - 297  
Chisholm, Linda - 150  
Close, Daniel - 359  
Clymer, Carol - 146  
Cohen, Shelly - 47  
Coker, Charles - 305, 324  
Collins, Michael - 361

Collins, Terry - 158  
Colton, Lisa - 299  
Cook, Judith A. - 195, 334  
Copman, Sandra - 200  
Corn, Juliana - 120  
Cowen, Sara - 100  
Crawford, Dorothy - 265  
Crockett, Jean - 172  
Curl, Rita - 150  
Curley, Sherry - 369  
Curry, Keith - 122

### -D-

Daily, Robert - 193  
Dalke, Connie - 154, 181  
Davis, Earl - 361  
DeMarsh, Joseph - 313  
Dennis, Lawrence - 245  
Dever, Richard - 383  
Donnellan, Anne - 325  
Doonan, Marijanet - 342  
Drummond, George - 372

### -E-

Edmonds, Margaret - 96  
Edwards, Paul - 164  
Efferen, Mary Ellen - 108  
Elfner, Elinor - 43  
Elliott, Nancy - 65  
Elliott, Barb - 270  
Emerson, John - 301  
Engstrom, Karen - 102  
Eversley, P. Hayes - 293

### -F-

Faina, Anthony G. - 255, 257  
Ferguson, Brad - 75  
Fisher, Dorothy - 358  
Flugman, Bert - 124, 356  
Flynn, Thomas H. - 233  
Frady, Lynn - 353  
Fredericks, Bud - 140  
Fuller, Maxine - 371  
Funk, Harry - 47

-G-

Gabri, Lucinda - 71  
Gagnon, Duane - 219  
Gajar, Anna - 360  
Gallen, Patricia - 169  
Galloway, Dick - 407  
Gartner, Alan - 172  
Gaylord-Ross, Robert - 289  
Geis, Julie - 118  
Gerson, Lucinda H. - 223  
Gibson, Melanie L. - 239  
Gilfoyle, Elnora - 221  
Gittings, James - 189  
Gloeckler, Lawrence - 272  
Goldstein, Marjorie T. - 243  
Graesser, Raymond - 255  
Grange, Mike - 73  
Gray, Kenneth - 142  
Grigsby, Paula - 140  
Gronberg, Gary - 404  
Gundale, Marlene - 202  
Gurganus, Susan - 273  
Guy, Elmer - 369

-H-

Hackett-Waters, Pat - 98  
Hagin, Rosa - 126  
Haley, Pat - 319  
Harden, Nancy - 217  
Hardman, Michael - 321  
Harvey, Brenda - 67  
Hasazi, Susan Brody - 53, 77  
Hatcher, Debra - 274  
Hazel, Stephen - 336  
Helge, Doris - 391  
Heliotis, Jim - 391  
Hemmert, Thomas - 205  
Henderson, Carolyn - 251  
Hendren, Glen - 114, 237  
Hiltenbrand, Dorsey - 258  
Hirschman, Kris - 79  
Holley, Bette - 134  
Horn, Christy A. - 171  
Horne, Deanne - 404  
Horner, Robert - 207  
Housman, Roberta - 387  
Hulbert, Dan - 191, 381  
Hull, Marc - 253  
Humbert, Jack - 110  
Hursch, Norm - 198

-I-

Issacki, Edith - 142  
Izzo, Margaretha - 245

-J-

Jackson, Carla - 81, 322, 345  
James, Ronald - 45  
Jameson, Devi - 382  
Jenkins, Joseph - 301  
Johnson, David - 49  
Johnson, Rozmund - 53  
Johnson, Walter - 96  
Juhrs, Patricia - 384

-K-

Katski, Mary - 346  
Keener, Jerry - 197  
Kelvin, Mary - 277  
Kercher, Patricia - 116  
King, Rich - 79  
Kramer, Michael - 297, 388

-L-

L'Homme, Bert - 393  
LaVake, Valerie - 223  
Lagomarcino, Thomas - 335  
Lambert, John - 200  
Lerman, Alan - 317  
Leuenberger, Jan - 355  
Levine, Phyllis - 55  
Lindskoog, Wayne - 316  
Long, James - 175, 176  
Luecking, Richard - 69

-M-

MacCuaig, Evie - 79  
Macintosh, Betty - 205  
Maguire, Beth - 337  
Mahoney, Brennan - 73  
Marino, Justin - 333  
Maxion, Glen - 193  
May, Kathleen - 278  
McCarty, Catherine W. - 156  
McDonald, Rebecca S. - 71  
McDonnell, John - 75, 321  
McGinn, Patrick - 268  
McKean, Kathy - 138, 179  
Melder, John - 318  
Merrill, Jayne - 146

Mertz, Philip - 373  
 Meslang, Susan - 363  
 Mesta, Josephine - 401  
 Michaels, Craig - 128, 357  
 Milliron, Deana - 148  
 Minnis, Bernard - 106  
 Mitchell, Marshall - 148  
 Mithaug, Dennis - 382  
 Morris, Mary - 355  
 Morrow, Sue Ann - 269  
 Murphy, Deborah - 138  
 Murray, Jacque - 180

-N-

Naour, Paul - 177  
 Nathanson, Bob - 173  
 Nisbet, Jan - 51  
 Nogis, Felix - 401  
 Norman, Michael - 267

-O-

O'Connor, Gail - 399  
 O'Reilly, Joyce - 402  
 Olson, Ted - 406

-P-

Para, Merrill - 120  
 Parsons, Gary - 202  
 Pasanella, Joseph - 400  
 Patton, Patricia - 370  
 Perin, Dolores - 124  
 Perino, Daniel - 63  
 Peters, Fred - 166  
 Pond, Sharon W. - 229  
 Powers, Stephanie - 204  
 Price, Lynda - 112  
 Primus, Chris - 158

-Q-

Queen, Keith - 110  
 Quinones, Bill - 405

-R-

Racioppi, Ellen - 354  
 Rader, Doris - 165  
 Rhodes, Larry - 247, 343, 388  
 Richards, Bill - 91  
 Richardson, Carol - 279  
 Ricketts, Roger - 231

Rochester, Jane - 134  
 Rose, Ernie - 104  
 Rosenthal, Irwin - 130, 299, 357  
 Ross, Jovita - 142  
 Roth, Monica - 174  
 Roth, William - 132  
 Rothstrom, Ray - 249

-S-

Sample, Pat - 221  
 Sancilio, Suzanne - 202  
 Schaltzman, Judy - 73  
 Schenck, B. J. - 225  
 Schrag, Judy - 81  
 Schwarzentraub, Gerry - 266  
 Segal, Jay - 180  
 Seidenberg, Pearl - 175  
 Siegel, Shepard - 289  
 Smith, Ninia - 167  
 Sowers, Jo-Ann - 320  
 Spencer, Karen - 163  
 Stewart, Arlene - 136  
 Stodden, Robert - 45, 227, 383  
 Stoneman, Camdon - 166  
 Stowitschek, Joseph - 303  
 Stubblefield, Guy - 393  
 Sugarman, William - 77  
 Swank, Dewey - 116  
 Symer, Carole - 130

-T-

Test, David - 275  
 Thomas, Dale - 324  
 Tomlan, Patricia S. - 93  
 Tompkins-McGill, Patricia - 385  
 Traiforos, Angela - 393  
 Treeful, Pat - 287  
 Treisnor, Dottie - 51  
 Tucker, Gladys M. - 152

-V-

Vernon, Sally - 293  
 Vernooy, Jeff - 178  
 Vinton, Dennis A. - 235

-W-

Wacker, David P. - 233  
 Weatherman, Richard - 49  
 Wehman, Paul - 389  
 Weiner, William - 110

Weisenstein, Greg - 303, 392  
Wells, Robert - 359  
White, Deborah - 154  
White, Stephen - 241  
Williams, Ruth E. - 156

-Z-

Zachmeyer, Richard - 235

## Research Faculty at the University of Illinois

---

**Janis Chadsey-Rusch**

Assistant Professor of  
Special Education

**Lizanne DeStefano**

Assistant Professor of  
Educational Psychology

**Delwyn L. Harnisch**

Associate Professor of  
Educational Psychology

**Laird W. Heal**

Professor of Special  
Education

**Francesca Lundström**

Assistant Professor of  
Special Education

**L. Allen Phelps**

Professor of Vocational  
Education

**Adeile M. Renzaglia**

Associate Professor of  
Special Education

**Frank R. Rusch**

Professor of Special  
Education

**Robert E. Stake**

Professor of Educational  
Psychology

# Institute Advisory Committee

Transition Transition Intervention Effectiveness Study

University of Illinois at Urbana-Champaign

**Dianne E. Berkell, PhD**  
Department of Special Education  
Long Island University  
C.W. Post Campus
